

## Leighton Area Middle School

The Middle School Guidance Department received and delivered 36 applications to Carbon Career Technical Institute (CCTI) on Monday, February 27th. The 36 eighth grade applicants are hoping to be lucky enough to attend CCTI for their freshman year of high school. The top 3 shop choices of this years applicants were Welding, Auto Service Technician and Graphic Design.

The Middle School 6th and 7th grade math teachers began testing and collecting data to determine students math placements for the 2023 - 2024 school year.

The Middle School Guidance Department has begun working on student schedules for the 2023 - 2024 school year.

The Middle School Gifted students are participating in the What's So Cool About Manufacturing contest. Ms. Mary Wilhelm along with her gifted students visited manufacturing facilities as part of their research for this contest. Voting is open until Friday, March 3rd and 11:59 p.m. To watch and vote for our LAMS student video, please click here:
