

LEHIGHTON AREA MIDDLE SCHOOL

Mr. Ebbert started off the Kindness Week activities with an encouraging quote on the white board in the downstairs main hallway.

Kindness Week reminders can be found all through out the middle school this week. Mrs. Cederberg's Kindness Club gave up their WIN time last week to create post it notes with encouraging quotes and sayings, then staff members placed them throughout the school while the students were not in the building. When students returned to the building on Tuesday morning they were greeted with colorful and kind notes that hopefully made them smile.

The Kindness Week theme for Wednesday, February 15th was "Kindness Begins with Me." Students and staff were encouraged to wear shirts with a positive message on them. Several middle school staff members were caught wearing the same shirt reminding others that "it's OK to be different."

In conjunction with Random Acts of Kindness Day, which is February 17th, 6 White Team students collected items to donate to the Carbon County dog shelter.
