

# Lehigh Area High School

- Parent Teacher Conferences were held at LAHS on 11/9 and went very well
- The National Honor Society held their induction ceremony on 11/10 at 7 PM. 10 students were inducted into the Daniel I. Farren Chapter; 2005 alum Kristen Ellis spoke to our students as the guest speaker. She is the owner of Time 2 Talk Therapy services
- UTI student and former alumni Tyler Rex spent Friday 11/11 in our technology education programs speaking to students about real world exposure.
- Marking Period one ended, quarter courses switched
- Student Council sent out their thank you notes to all those who assisted
- The Student Council will host a “tribal council”, this Thursday, Nov. 17th, at 2:15, for all school organizations’ advisors and their officers. We are hoping the meeting opens up communication and cooperation between all our activities and clubs. The goal is to share what each group is doing, their needs, and how we can help each other accomplish new and better things. In other words, build a better community both here in school and out. Ultimately, these meetings would happen every third Thursday of the month. This would allow our VP and student school board rep Gabbi DiDea to collect information for the board report, on all the needs and great things we are doing here at LAHS.
