

Lehigh Area Elementary Center

Weekly Update: 10/21/22

All fourth & fifth Grade students attended a field trip to the Lehigh Gap Nature Center this week where they learned about our environment, nature, and ecology. They also went on a hike along the Lehigh River.

The Pre-K Counts program traveled to Yenser's Tree Farm. Both students and parents participated in fun fall activities. Each of the children were given a pumpkin to take home.

Science Explorers offered a free assembly for all students in grades 1-5 this week to illustrate what the after school club has to offer. Students observed STEAM activities and experiments from the proctor, "Commet Cathy". Science Explorers is an after school club that provides students with thematic science units over the course of a 6-8 week period.

The Title 1 Parent Night, "Unplugged" was held this week. Our Title 1 staff provided interactive activities focused in the areas of math and reading. Well over 200 people attended this interactive event. Both students and parents participated in hands-on learning at our event.

Melissa Volcskai provided over 30 staff members training in Google Meet. Teachers are preparing for parent conferences on November 9. We will be offering a virtual platform for those parents who are unable to attend in person.
