

Lehighton Area Elementary Center

Our spirit week was well received by students and staff. We had fun participating in all of the events. The culminating activity was an exciting pep rally at the stadium for all students. Tomahawk ticket night is September 23. Students can participate on the field prior to the game. One student from each grade level will represent the LAEC at the game.

Benchmark testing continues in both math and reading. We plan on meeting as a data team next week to review the results.

Students will begin fall field trips in October to the Nature Center and Yenser's Tree Farm.
