

Lehigh Area High School

It is my pleasure to share and celebrate the achievements and talents of our outstanding students at the Lehigh Area High School. On April 27th our Academic Scholarships were presented.

All honorees submitted applications, participated in interviews and were all thoroughly vetted by our scholarship committee. Faculty members serving on the scholarship committee selected the student honorees using the whole student approach. Grades, recommendations, character assessment, and community service are just a few of the criteria used in this selection process. This group represents the many diverse strengths of Lehigh Area High School student body. These honorees are the personification of TRIBE PRIDE!

I would like to extend my deepest gratitude to those who have contributed generously, year after year, to our scholarship programs. We also greatly appreciate all new scholarship opportunities. These scholarships highlight how our community supports and recognizes outstanding academic achievement. These monetary gifts given to our students will help pay towards the college education of their choice and dreams. These scholarships not only relieve some of the financial burden of a secondary education, they also publicly recognize the student's efforts and their overall excellence as a student and individual. All benefits are equally important.

Respectfully,
Suzanne Howland, Principal
Lehigh Area High School
