

Rick and Kathryn Merluzzi Scholarship

The purpose of this scholarship is to provide support at The Pennsylvania State University to encourage students who want to advance their education in field of Engineering or more broadly in any STEM (Science, Technology, Engineering, Mathematics) curriculum.

CONSIDERATION FOR THIS SCHOLARSHIP:

- full-time incoming freshmen undergraduate students who are enrolled or planning to enroll at The Pennsylvania State University; open to students entering the College of Engineering, Eberly College of Science, or the College of Information Science and Technology
- who have achieved a high school equivalent grade point average of at least a 3.0 on a scale of 4.0
- who are graduates of Lehigh Area High School

TERMS OF AWARD:

Each scholarship will be awarded for one academic year and shall be renewed for subsequent years providing the recipient continues to meet the conditions of eligibility and funds are still available. The scholarship will provide assistance up to \$40,000 over four years which covers approximately half the tuition and fees.

APPLICATION PROCEDURES:

- complete an application to the Pennsylvania State University (<https://admissions.psu.edu/apply>) or via Common App
- all students who are offered admission and submit a Free Application for Federal Student Aid (FAFSA) to Penn State are considered for scholarships awarded by the Office of Student Aid

If you are interested in applying your mathematical and scientific principles to find solutions to the challenges facing our society, you may want to consider becoming an engineer. What kind of engineer do you want to be? A Penn State Engineer, of course! Engineering at Penn State helps you go beyond what is currently known, opening up a world of limitless possibilities for you.
