

Leighton Area Elementary Center

Students at the Elementary Center had the opportunity to create posters that demonstrated positive messages to be drug free.

Great job!

A large collection of children's drawings and posters on a bulletin board, all centered around the theme of being drug-free. The posters feature various messages like "Ways to be Drug Free", "I Love Me! I Can Resist Drugs!", "Drug Free Looks Like Me", "Stay Drug Free!", and "Ways to Stay Drug Free!". The drawings include colorful illustrations of children, flowers, and symbols representing drug-free living.
