

MOTIVATIONAL MONDAYS

The Elementary Center started a new tradition in October called Motivational Monday. On the first Monday of each month, staff and students are encouraged to wear a shirt with a motivational message. The purpose of this is to brighten our Mondays and carry over themes we are learning in our social emotional education program. We will also spread our motivation to social media by selecting staff to share their message and why they chose to wear it.

Below are some of the messages that some staff members had on their shirts on our First Motivational Monday - October 4th:
