

October 2021 Bully Prevention at the High School

- 10/1 Friday-Aevidum is doing a 5k/Walk/bike/Run for mental health awareness. Multiple staff have been sponsored and are doing the walk on the D&L trail. Others are doing their walk during the week of 10/1-10/10 (10/10 is World Mental Health Day). Anyone can see the participants on Instagram through @aevidum.
- Red Ribbon Week: SAP and Student Council are sponsoring activities and themes each day to promote Mental Wellness. The High School will end the week with team sports to encourage meeting new friends, working together and having fun.
- Student Council-10/4-10/12 will have Spirit Week. This promotes unity and connection amongst the students and staff.
- Aevidum is doing their 3rd annual bully prevention video for the 5th graders. The video is sent to the 5th grade teachers and they present it to the class, generating discussion on healthy friendships, who to talk to if they are struggling (the high schoolers talk about who they went to in the middle school and where to find that person).
