

## LEHIGHTON AREA MIDDLE SCHOOL

On Friday, June 4, 2021 the 8th Grade students toured the High School experiencing the life as a High School student. The students were welcomed by Principal Suzanne Howland and separated into maroon and white teams in the auditorium. The maroon team was then separated into smaller groups to maintain social distance and began their tour. The students were guided by members of student council and showed where their classes would be next year. The white team remained in the auditorium, listening to the expectations from Vice Principal Brown, Guidance Counselor Costenbader, and Principal Howland.

Following the tour, the 8th Graders returned to the Middle School where they were treated to Rita's Italian Ice provided by the Student Council. Students in 6th and 7th Grade were also provided with Rita's last week. Thank you to the Middle School Student Council, the High School Student Council Members, and the high school staff for their accommodations for a wonderful day.
