

Lehigh Area Middle School's Eighth Grade History classes are currently studying immigration trends in the mid-1800s. Recently, they watched a presentation on the Molly Maguires given by Kathy Goff, LAMS paraprofessional. Kathy researched the history of the Irish labor movement in Northeast Pennsylvania and created a PowerPoint Presentation. Topics included Irish persecution, the Molly Maguire's alleged crimes and trials, and a snapshot of a coal miner's life in 1865. Kathy has done this presentation for five years.
