

On Friday, February 12, 2021, The Lehighton Area School District Food Service Team distributed meals to families for four days. Around 12:15, they ran out of food, but they were able to work together to quickly prepare more food, and together, all meals were bagged. They were able to bag 80 more meals, for a total of 280 sets of meals, or 1,120 breakfasts and 1,120 lunches. This was a total of 2,240 meals all together! Everyone jumped in to make it happen and NO ONE was turned away without their meals today!!! The Food Service Team did such an awesome job. Thanks for the outstanding teamwork!
