

State of Louisiana
Louisiana Department of Health
Office of Public Health
Southeast Region IX

March 1, 2023

Dear Parents/Guardians,

Beginning with the 2023-2024 school year the Louisiana Department of Health (LDH) will be observing the existing school entry requirement that students be vaccinated with at least two doses of Hepatitis A vaccine before entering kindergarten, or any grade thereafter. Therefore, students will need to show proof of having received the Hepatitis A vaccine before returning to school in the fall.

Signing up for LA MyIR provides Louisiana residents the ability to access, review, and print your official vaccination records. Register for MyIR at: <https://myirmobile.com/louisiana-sign-in/>

For information regarding immunization requirements, please refer to the State of Louisiana Immunization Law R.S.17:170. Additionally, immunization information regarding the Louisiana Immunization Network for Kids Statewide (LINKS) may be obtained under the Document Center tab at the following web address: <https://lalinks.org>.

Thank you for keeping your child immunized and free from vaccine-preventable diseases.

Sincerely,

DHH/OPH Region 9 Immunization Program
