PRINCIPAL'S CORNER

We are very excited to receive renovations to our building and thank you for your patience in this process. The next year will include a lot of planning and sacrifice to ensure we maintain an environment conducive for learning. We are doing everything we can to minimize the disruption. The two trailers you see in the front parking lot will likely be in place through the 2023-2024 school year.

We are going through our testing procedures currently as we complete our Cyclone Checkpoint testing. This process is helping us prepare for TCAP testing for 2nd - 5th grade students coming up **April 17th – May 2nd**. I am asking you to look ahead and schedule appointments outside of this time frame and be punctual in arriving and departing from school. Attendance and punctuality in school is always a major factor in student understanding and success in the classroom. During testing, it is very important that your child is prepared so they will represent themselves to the best of their ability. Please reach out to me if you have questions about our construction or testing procedures. Let's have a great week!
