

GUARANTEED RIDE HOME (GRH) PROGRAM

Dear Employees:

Don't let fear of an unforeseen emergency keep you from doing your part to help improve air quality in the Valley. If you rideshare and encounter an emergency during the day, we'll take care of you. We have established an Guaranteed Ride Home Program (GRH).

Available to alternate mode users - those who choose to carpool, vanpool ride the bus or a bike, or walk to work at least once each week - our GRH will guarantee you have a ride in the event of a personal emergency. On the days you leave your car at home, we will provide transportation should you need to pick-up a sick child at daycare or go to the hospital because a loved one needs you there - or, should you become ill, we'll take you home.

Specific guidelines of the program are attached along with a rideshare application. Please take a moment to read the GHP guidelines - if you have any questions, please call Alex Dumas our Transportation Coordinator at extension 2004. He will be happy to discuss it with you.

If you're interested in joining a carpool, or bicycling to work please complete the rideshare application and give it to Alex Dumas. The Valley Metro Rideshare office will attempt to match you with others interested in sharing the ride at least once a week.

We're so excited to offer this program to you - we hope it will give you peace of mind on the days you share the ride.

Sincerely,

Ernest Rose Jr.

Ernest Rose Jr.
