EMPOWERING LIFE-LONG LEARNERS

May 3, 2023

***RE: Ransomware Event Update***

I would like to thank our students, families, teachers, and staff for their continue flexibility and pragmatism as we adapt and modify our teaching and learning methods.

As we move into our third school day without internet access, we are progressing with our understanding of this ransomware event and moving towards a return to the normal school routine. At this time, we cannot share specific details about the event in order to limit the threat actors' knowledge of our response efforts.

Currently, we have not identified evidence of any data loss, data access, or data theft because of this event. We appreciate your patience, and we will continue to keep you updated as our forensic investigation progresses, and new information becomes available.
