

Tobacco Use and Possession

Federal Law and the City of Chicago ordinance prohibit possession and use of any tobacco and tobacco-related products at Resurrection College Prep. Tobacco product means any product in leaf, flake, plug, liquid, or any other form, containing nicotine derived from tobacco, which product is intended to enable human consumption of the tobacco or nicotine, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means. The act of smoking is defined to include possessing lit smoking materials, holding cigarettes or cigars or preparing to smoke. Students may not be in possession of any tobacco product, e-cigarettes, vaping pens and related paraphernalia, on school grounds or within 1 mile of school property. Electronic cigarette means any electronically actuated device which in operation causes the user to exhale any smoke, vapor, or other substance other than those produced by unenhanced human exhalation. "Electronic cigarette" includes any such device, whether manufactured, distributed, marketed, or sold as an electronic cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, an electronic hookah, or under any other product name or descriptor. Students violating this rule will have their tobacco product or paraphernalia confiscated. Consequences include parent notification and a possible one-day, in-school suspension.
