OCCUPANT AND WORKER NOTIFICATION FORM

To: District Employees, Maintenance Personnel and Contractors

RE: Asbestos Hazard Emergency Response Act (AHERA) of 1986:
Notification of Asbestos Containing Materials (ACM) in the School Building

Please be aware that Asbestos Containing Building Materials (ACBM) have been located in the building. Airborne asbestos is a potential health hazard. **Unless disturbed, these materials are in good condition.** The location of the ACMs and the Asbestos Operation and Maintenance Program are described in the AHERA Management Plan. The AHERA Management Plan is available for review in the main office.

To avoid disturbing ACM, please do not hang plants or pictures on the ACM, do not push furniture against the ACM, etc. Housekeeping and maintenance personnel are taking precautions during their work to properly guard against disturbing ACM. All ACM will be inspected periodically and additional measures will be taken when needed to protect the health of the building occupants.

Please immediately report any evidence of the ACM disturbance to the designated person or building manager. The designated person is Charlie Privett, Director of Operations, Facilities and Transportation at phone number (224) 765-3450. Any additional inquiries regarding ACBM's or requests to review information regarding ACBM's in this facility shall be directed to the designated Person, Charlie Privett.
