Getting Students CPR Ready

BEAUFORT COUNTY SCHOOL DISTRICT
MEDTECH7

CPR

Students at **Lady's Island Middle School** were visited by Beaufort County EMS and Lady's Island/ St. Helena Fire Department before spring break. During this session, students learned hands-only CPR.

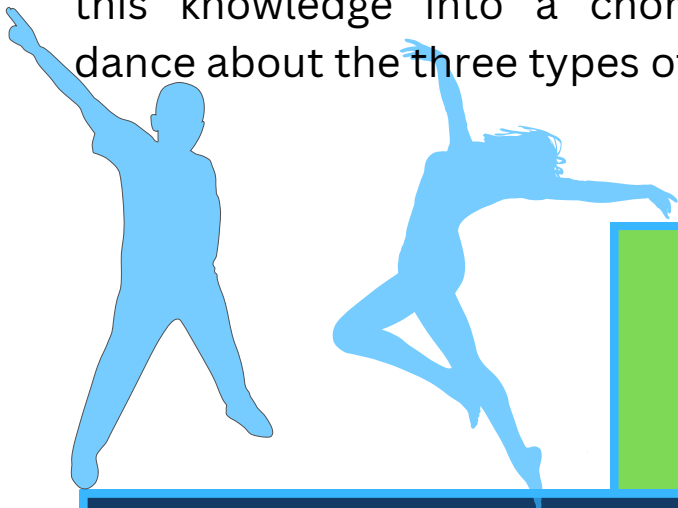

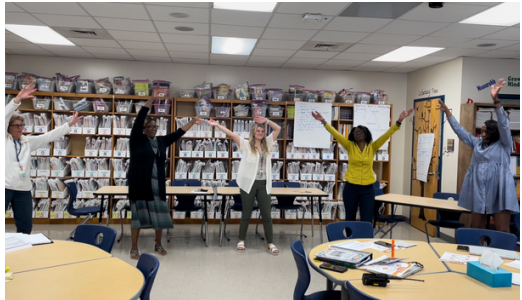

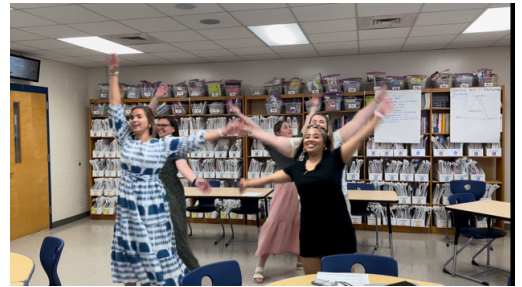

South Coast Cyber Summit

Whale Branch Early College High School students had the opportunity to attend the 2023 South Coast Cyber Summit in March. Speakers included Representative Nancy Mace and BCSD's own Dr. Rodriguez. While in attendance, students had the opportunity to network and learn more about cybersecurity in the real world.

Professional Development

Teachers at **Whale Branch Elementary School** explored arts integration strategies using dance. Teachers participated in choreography, improvisational dance, and a lesson about three cloud types- cumulus, stratus, and cirrus. They then combined this knowledge into a choreographed dance about the three types of clouds.

Arts Integration Corner

Beaufort High School's Martine Marshall used collage to bring together the arts and French language. Students presented an example for each style of art assigned in French. They then explained their choice of example using French vocabulary.
