As the year draws to a close, we are asking for 1 to 2 class parents for grades PreK 3 to 12th grade.

All grade parents will be asked to help increase communication between the Parents Guild and SRDS parents and guardians. Class parents will be asked to reach out and welcome new parents to their grade via phone and email. It will be the responsibility of the class parent to inform parents/guardians of upcoming school events via a weekly email and/or text chain. In addition, they will also be expected to organize at least two social meet ups for their class families. Class parents must attend Parents Guild meeting which are held on the first Thursday of every month and should make every effort to attend and support most SRDS events as well. They also collect class donations for our Ladies Night Out and Spring Gala events.

Lower School Class Parents work closer with their child’s teacher and may be asked to help arrange class parties, trips, etc.

Being a Class Parent is a wonderful way to get involved and connect with the community.

We will have a formal orientation before the start of the new school year to review all of the Class Parent Guidelines so that everyone is comfortable with their responsibilities.
