## 7th Grade Summer Reading 2023

Teacher: *Caroline Jones*

*B.A. in Secondary English Education and M.Ed. in Reading*

In order to be successful scholars next year, it is important that students are investing in their minds, even during the summer. Due to this, students are required to read over the summer break. We hope that this reading will broaden their exposure to literature and will assist them in finding a love of reading. If you have any questions, please feel free to email me at [caroline.jones@littlerockchristian.com](mailto:caroline.jones@littlerockchristian.com).

### Directions:

Students, you will need to select at least ONE title from these four tantalizing mysteries to fully read. You should choose one that you have not read previously. We will begin working with these novels the very first week of school. I am so excited to meet each one of you in August! Happy Reading, detectives!
