FOR ATHLETICS SCHEDULES [CLICK HERE](#)

## *Important Graduation Book Information*

Attention Senior Parents!

Please encourage your son to bring in his acceptance, scholarship and financial aid letters to the Guidance Office. All scholarships and grants will be listed in the graduation booklet. Click [here](#) to check for the latest list of scholarships that have been brought into the guidance office. If you don't see anything listed or there are scholarships missing please send them to Mrs. Desmond or Sister Jane!

Below is an example of how it will look in the book.

**Cahill, Thomas E.**

*Drexel University*

A. J. Drexel University Scholarship

Drexel University Grant

La Salle University Grant

La Salle University Founder's Scholarship

University of San Francisco Provost Scholarship

University of San Francisco Tuition Grant

# RCHS CREW

**Roman's own Charlie Miller and Marco Ciervo are the 2023 Varsity 2x Philadelphia Catholic League Champions!!**

**Marco and Charlie are pictured on the AOP-PCL site, linked below.**

# SAT PREP

2023

Now Open for Registration

**June 26-30**

Monday- Friday  
10 AM- 12:30 PM

**July 10-14**

Monday- Friday  
10 AM- 12:30 PM

**\$100 PER STUDENT**

Email Mr. Rowan  
([rrowan@romancatholichs.com](mailto:rrowan@romancatholichs.com)) to  
register!

# Calisthenics Clinic Camp

Admission  
\$500

Optimal opportunity to achieve maximum raw strength from Philadelphia's top calisthenics coach, Evan Harden. This 4-week training includes, but not limited to, learning the following:

- advanced movements and the key elements to defying gravity.
- principals of mastering bodyweight feats through the methods of progressive calisthenics.
- prehab and rehab techniques to increase durability and decrease risk of injury.
- techniques for fundamental movements for increased strength and function.

**June 26-July 20**  
**Monday-Thursday**  
9:00 AM - 11:00 AM

**Boys aged 14-18**  
**Open to all fitness levels**  
**Roman Catholic High School**  
**Philadelphia, PA**

**For bookings**  
**Contact Mr. Rowan**

*Last Year's  
Winners*

## **CSC - Can Tab Collection**

Students CAN now bring all those collected CAN TABS to Mrs. McKenna in Room 6 up until May 17th. At that time we will begin weighing the tabs and name our top 3 collectors who will receive an Amazon Gift Card.

April 13, 2023

Dear Parents of the Class of 2023,

Congratulations, your son has entered the home stretch of his time at Roman Catholic High School. With less than two months remaining before graduation, I thought it was a good time to reach out to you and explain the grooming expectations for the graduation proceedings. All students are required to be neatly groomed at the ceremony. This includes being clean-shaven (no facial hair). While we are aware that this is a challenge for some of our students due to sensitive skin issues, we are notifying you at this early date in order to allow ample time for you to make an appointment to have your son shaved by a professional if necessary. Graduation gowns will be distributed on Thursday June 8, so please plan accordingly. **No graduation attire will be awarded to any student who is not clean shaven.**

In addition, students should have the hair styled in accordance with the school grooming policy which states: *Recognizing that Roman seeks first and foremost to respect diversity, cultural and ethnic differences while acknowledging that the styles of young men change and are as unique as the young men who attend the school, all Roman students must be neatly and professionally groomed. Specifically, a student's hair must be clean, tapered, and above his eyebrows, ears and shirt collar. Students are expected to have natural hair colors. Sideburns must be neatly trimmed; must not flair and must not extend below the earlobe.*

Thank you for your cooperation in this matter and all the sacrifices that you and your family made to send your son to Roman Catholic High School. If you have any questions regarding this matter please feel free to email me at [bconroy@romancatholicshs.com](mailto:bconroy@romancatholicshs.com).

Sincerely,

Brian Conroy

APSS

# **ROMAN CATHOLIC HIGH SCHOOL MOTHERS' CLUB**

When: Saturday, June 3, 2023

Where: Roman Catholic High School Gymnasium  
301 North Broad Street, Philadelphia, PA 19107

Time: 2:00 PM - 5:00 PM

**MAY 15, 2023**

## Summer STEM Programs *at Temple University*

### **Greater Philadelphia STEM Center (GPSC) Summer Camp**

- Free program open to students entering grades 6, 7, and 8 in the Fall of 2023
- 2 Sessions to Choose From:
  - 6/19/23 to 7/13/23
  - 7/17/23 to 8/10/23
- Meets Monday through Thursday from 9am to 4pm each program week at Temple University
- Curriculum Focus: Big data, physical science, robotics, integrated STEM activities, and 3D printing

### **STEM-UP Leadership Experience**

- Free program open to students entering grades 9, 10, 11, and 12 in the Fall of 2023
- Six-week program
  - 7/5/23 to 8/10/23
- Meets Tuesday through Thursday from 9am to 4pm each program week at Temple University
- Curriculum Focus: College preparatory coursework including physical science, life science, data/computer science, mathematics, and STEM projects (SEADAP, Drones, Laboratory projects)

### **Transition to College: Ready, Set, STEM! (RSS) Program**

- Free program open to students entering grades 10, 11, and 12 in the Fall of 2023
- Six-week program
  - 7/5/23 to 8/10/23
- Meets Tuesday through Thursday from 9am to 5pm each program week at Temple University
- Curriculum Focus: Physical science, mathematics, and hypothesis driven authentic research experiences

**Sponsored by**

**APPLY NOW**

### **GREATER PHILADELPHIA STEM CENTER (GPSC) SUMMER CAMP**

**Theme:** *STEM Makers Camp - Innovating and Developing Prototypes for Our Future*

**Curriculum Overview:** We live in a global community, constantly changing and frequently challenging. For the challenges that currently exist and the changes that are sure to come, the US needs a nimble workforce of STEM innovators and entrepreneurs. To create and design new products, develop better devices, and make fully informed decisions, students need to understand the role of STEM and big data in the world. In this camp experience, students will use STEM content to support product design and improvement with specific attention to ROVs, gliders, and machines. Students will design and create prototypes while learning technologies that include digital die-cutting, 3D printing and laser printing. Data science applications will help students navigate the world of big data in which they live. Students will use data analytics to inform and study real STEM problems and challenges. Students will compete in a culminating STEM Challenge Day, racing robots and race cars, generating electricity, and more!

### **STEM-UP LEADERSHIP EXPERIENCE**

**Theme:** *Big data. Big STEM. Big ideas.*

**Curriculum Overview:** The STEM-UP curriculum provides college preparatory, hands-on learning in the sciences. Some students will explore chemistry through laboratory investigations. Those studying the life sciences will engage in analyses of living systems, our coding and computer science will enable students to program drones and answer “big questions” using data science tools. Students will spend afternoons in science and technology projects including developing drone flights, understanding drug abuse through a planaria model, engaging in chemical synthesis or exploring optics, magnetism and electricity.

### **TRANSITION TO COLLEGE: READY, SET, STEM! (RSS) PROGRAM**

**Theme:** *Research Experience for Emerging Scholars*

**Curriculum Overview:** Planning for college requires intense coursework in STEM as well as excellent reading and writing skills. This program will challenge students with math and chemistry coursework simply because mathematics and chemistry are gateway courses for many STEM majors. In addition, the program will emphasize analytical reading and writing in STEM areas. All courses will be taught at the college level with academic support at all levels. And most IMPORTANTLY, the RSS program will put theory into practice by engaging students in an authentic research experience. This authentic research will form the basis of a Junior Science and Humanities Symposium (JSHS) research submission for the Spring 2023 competition. Students will be able to continue their projects into the Fall and compete for scholarships in the JSHS research competition.

\*\*\*\*\*

### **PARTICIPANT ELIGIBILITY (All Programs)**

- Students must have an interest in science and mathematics
- Students must have at least a B average in science and mathematics courses
- Students must have a passing score on standardized science and mathematics tests
- Students must reside in the Greater Philadelphia Metropolitan Area

### **APPLICATION PROCESS (All Programs)**

Parent/Guardian and student complete the online student application form located on the homepage of <http://stem.cst.temple.edu/>. Please note: In order to complete the online application parent/guardian and student will be asked to submit (1) student information, (2) parent/guardian information, (3) 250-word student-written essay, and (4) an copy of the student's records.

Applications are due by **MAY 15, 2023**. You will receive notification on the status of the application no later than **MAY 22, 2023**. If you have questions or need additional information, please contact us at [stem.ed@temple.edu](mailto:stem.ed@temple.edu).

# SUMMER CAMP

CLICK HERE FOR A LIST OF SUMMER CAMPS  
AVAILABLE TO HIGH SCHOOL STUDENTS IN  
PHILADELPHIA

# PARENT REMINDERS

Parents and Guardians: Please click [here](#) for directions on how to e-sign all of your son's back to school forms. If you need assistance getting into your parent portal on PowerSchool, please contact Ms. Shipton at [mshipton@romancatholichs.com](mailto:mshipton@romancatholichs.com). These forms can ONLY be accessed through your parent portal, not on the student portal. It is easier to complete on a desktop computer and must be done on an internet browser, not the PowerSchool app.

## From the Tuition Office:

The Facts Tuition 2023-2024 Financial Aid Application is open at [factsmgt.com](https://factsmgt.com). If you need assistance applying, please call 1-866-441-4637.

## Academic Help for Struggling Students:

Did your son struggle academically the first semester? We have been running Academic Assistance Program after school since the end of the first quarter. AAP is held every Monday, Wednesday and Thursday right after school for about an hour. The group meets in either Room 10 or the Learning Commons. National Honor Society tutors are available to assist students. If after school is not a great option, Mr. Giachetti is also holding tutoring sessions from 7am - 8am every morning in Room 10. He is able to assist students with English and with writing for any class. Please encourage your son to attend!
