Parent Visitation - Before and During School

The faculty and staff of Demmitt Elementary appreciate and encourage your participation in your child's education. For the safety of students and for the maintenance of the professional school atmosphere, we ask that parents give a 24 hour notice prior to visiting classrooms. Please see the following guidelines:

1. Before School - students are permitted to enter the halls and their classrooms at 8:50 AM. During the first few days of school we welcome parents to walk their child to the front doors, after that please help your child with their independence and allow them to walk themselves in the building.
2. During School - All parents and visitors to the school must report to the school office to sign in before going to a classroom or school time event.
3. Discussions with teachers during class time interrupt learning. If you want a conference or discussion time with the teacher, you should schedule an appointment.
4. If you must talk with your child, please ask the office personnel to call your child to the office. The discussion must be conducted in a manner that does not interrupt school activities. Please remember that we expect our students to treat all adults in a respectful manner, and we will intervene if your child is speaking to you inappropriately.
5. All visitors to Demmitt must have a visitor's lanyard or sticker, obtained in the school office.
6. For the safety and welfare of our students, we will not permit student visitors in classrooms or at any school time activities such as parties or field trips.

Parent Teacher Organization (PTO)

The Demmitt Parent Teacher Organization brings parents and teachers together for a variety of projects and activities. PTO meetings will be held once a month dates to be announced. PTO events include Mother/Son event, Father/Daughter dance and the Holiday Shop. PTO also supports such activities as arts/educational assemblies, Aullwood Adventures, and breakfast for students before the Ohio Achievement Assessments.

The PTO has provided funds for assemblies and transportation for fieldtrips for all grades.

Parents may get involved as much or as little as time allows. We do have projects that parents can work on at home.

Perhaps the greatest contributions made by PTO members are with volunteer work in the classrooms. Demmitt could not be so successful if it weren't for our wonderful parents. We encourage everyone to participate and join the PTO (\$5 per family). With the help of many, much will be accomplished. Please join us!

PTO Officers for 2023-2024

Administrative Assistant - Kerry Walton

Treasurer - Katie Whittelsey

Volunteers

All those interested in volunteering in Vandalia-Butler City Schools will need to make their request by using the link below to complete a background check with BIB. (Background Investigation Bureau).

Directions:

1. Use the following link: <https://bib.com/SecureVolunteer/VANDALIA-BUTLER-CITY-SCHOOLS-SELF-PAY/>
2. Click on the "I Want to Volunteer!" blue button near the bottom of the page.
3. Complete the Disclosure Notice and Personal Information through the secure online system to make the request for a background check.
4. Follow the prompt to pay.

SCHOOL FEES

It is necessary for us to assess a school fee for each child for consumable supplies. We try to keep the school fee at a reasonable rate. **Our school fees for 2023-2024 are \$70.00 for children in grades K-3.** If you are familiar with school fees charged by neighboring districts, you will realize that our fees are very reasonable.

WITHDRAWAL FROM SCHOOL

When a student withdraws to attend another school, the office should be notified as soon as possible so records may be prepared for transfer to the new school. All records will be forwarded to the new school after parents sign a withdrawal form, after responsibilities have been met (i.e. books turned in, fees paid etc.), and a request for records from the new school district is received.

INCLEMENT WEATHER (Snow Days)

The superintendent will determine school delays, closings or early dismissals. Please view for those school announcements on the district website, ParentSquare, social media, or the local news stations. Channels 2 and 7 are generally excellent in scrolling our school information. Mr. O'Leary will also likely make a call to families on Inclement Weather Days via ParentSquare. Please be sure to keep your phone number up to date on the school files.

It is rare when we have an early dismissal due to weather, but it does happen. If bad weather occurs during the school day, please listen to the local media channels for school announcements. Again, Mr. O'Leary will likely make a call to families via ParentSquare.

EMERGENCY NOTIFICATION

In the event of a school emergency or serious threat to student safety, parents will be notified via ParentSquare. The phone number to which the call will be made is the primary number provided/verified by parents during the annual information verification. Only one number may receive the call. Notification of any changes to the primary number is the responsibility of the parent. This information will also be posted on the district website.

LOST AND FOUND

Clothing should be marked with your child's name. If your child's clothing is marked, we can return it. If not, we will place the item(s) in a lost and found box or on a table in the school lobby. We have nice coats, jackets and gloves that we eventually send to charity because we cannot find the owner. Even the most responsible students can have clothing misplaced, so please don't forget to mark those clothing items and check the lost and found box frequently.

DEMMITT DRESS CODE AND GROOMING

The following styles or manner of dress or grooming are prohibited: inappropriate sayings on clothing, Mohawk haircut, colored hair, or anything that can be considered a disruption or distraction. The following styles or manner of dress are also prohibited: No flip flops are allowed because it becomes a safety issue on our playground. Sandals with a back strap are permitted. Shorts, skirts or dresses must be fingertip length or longer. Tops with straps, the straps must be two fingertips wide, no strapless or backless tops are permitted. Shorts may be worn 1st and 4th quarter unless there is unusually warm weather, then the call will be made by administration.

Health Related Information

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized waiver. Any questions about immunizations or waivers should be directed to The Director of Pupil Services.

All pupils entering 7th are required to be vaccinated against meningococcal (Meningitis) disease and Tdap (Diphtheria, Tetanus and Pertussis). One dose of meningococcal and Tdap vaccine is required prior to entry into 7th grade. All pupils entering 12th are required to be vaccinated against meningococcal (Meningitis) disease. A second dose of meningococcal vaccine is required prior to entry into 12th grade.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be only for the contagious period as specified in the School's

administrative guidelines.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures.

A student who becomes ill during the school day should request permission from the teacher to go to the clinic which is located in the front hallway. If the nurse is not available, the student should report to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission. NO STUDENT IS TO GO HOME WITHOUT FIRST CHECKING WITH THE OFFICE.

Please do not send a child to school if he/she shows symptoms of illness. School staff may administer minor first aid. Parents will be notified in case of serious injury or illness.

MEDICATION USAGE

Prescribed Medications

Students who must take prescribed medication during the school day, must comply with the following guidelines:

- A. Parents/Guardians should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The appropriate form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
- C. The container must be original and labeled with the student's name, physician's name, dosage, name of medication and time to be taken.
- D. All medications must be registered with the Principal's Office and must be delivered to school in the containers in which they were dispensed by the prescribing physician or licensed pharmacist.
- E. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent/guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications, for allergies and/or reactions, or asthma inhalers during school hours. Students are strictly prohibited from transferring emergency medication or inhalers to any other student for their use or possession.
- F. Any unused medication unclaimed by the parent/guardian will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- G. The building principal will maintain a log noting the personnel designated to administer medication, as well as the date, and the time of day that administration is required. This log will be maintained along with the physician's written request and the parent's written release.

Non-prescribed (Over-the-Counter) Medications

No staff member will dispense non-prescribed, over-the-counter (OTC) medication to any student without prior parent/guardian and physician authorization. Parents/Guardians may authorize administration of a non-prescribed medication for up to two consecutive days on forms that are available from the Principal's Office or online. However, usage of over the counter medication beyond two consecutive

days will additionally require physician authorization.

If a student is found using or possessing a non-prescribed medication without parent/guardian, physician when required, and principal authorization, the student will be brought to the School office while the student's parents/guardians are contacted. The medication will be confiscated.

Any student who distributes medication of any kind or who is found in possession of a non-authorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is complete and on file in the Principal's Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

FIRST AID/INJURIES

1. The school nurse, teacher, playground supervisors, or office personnel administer minor first aid.
2. In case of serious injury to a student, the squad will be called and the principal and school nurse will be notified. Parents are contacted while first aid is being administered.
3. In the event of a serious injury, an accident report is filed in the school office.
4. Parents are notified by phone if an injury requires us to call the squad, needs follow-up, or immediate attention.

ILLNESSES/RASHES

1. Parents will be notified if a child shows signs of illness. Due to unexpected illness or injury, it is essential that the enrollment card and emergency medical information be current. The information we need includes home, business and emergency telephone numbers. The more information we have, the easier it is for us to reach you in an emergency.
2. Students with skin rashes or eruptions will be excluded from school until a physician certifies that the condition is non-contagious.
3. We suggest that any child with a sore throat, watery discharge from the nose and eyes, sneezing, chilling, nausea, diarrhea, or other body discomforts be kept home for 24 hours.
4. Any student who has had a fever must remain at home 24 hours after the temperature returns to normal.
5. Any student who has vomited or had diarrhea during the night or early morning hours should remain at home at least that day. This not only protects your child, but the other students as well.

STUDENT INFORMATION AND PROCEDURES

TELEPHONE

School staff may grant permission for students to use the phone. We will not allow students to use the phone to confirm arrangements made at school during the school day. Please do not call the school to ask to speak to your child except in an emergency. We do not want students to miss class time.

We will interrupt student telephone conversations if they are inappropriate in tone or nature.

LIBRARY/ MEDIA MATERIALS

We encourage students to check out books from the library. Students are responsible for returning books in good condition. We intend to maintain an outstanding library, but we must have everyone's cooperation.

BICYCLES

Third grade students are permitted to ride bicycles to school. Students must have a working knowledge of safety laws and they must be able to fully control their bikes. Bicycles must be walked at all times on school property. Students should wear helmets and have locks. We ask that parents cooperate with this age requirement even when they accompany younger children. We must be consistent to maintain safety.

CAFETERIA - BREAKFAST/LUNCH CHARGES

The district now encourages the use of the 'Point of Sales' for purchasing meals. Please contact our food services department (937-415-6419) to take advantage of this student meal financial accounting system. You can add funds to your child's account through EZPay on the district website. If the parent/guardian is unable to bring food or money, when it is forgotten, a peanut-butter sandwich lunch will be provided to the student. We no longer provide lunch charges.

The school cafeteria is used by all students, whether food is purchased at the cafeteria or brought from home. When packing lunches, **do not drop off any fast food restaurants**. Students are expected to conduct themselves in an acceptable manner at all times in the cafeteria. Please note that our building wide rules reflect this expectation.

DAMAGED PROPERTY

If any of our students damage school property, we will seek restitution from parents, we will discipline the student involved, and we may contact the police. If a student damages or destroys the personal property of another student, we will take the appropriate disciplinary action, but it will be the responsibility of parents to seek restitution or to pursue legal action.

CHEWING GUM

Students will not be permitted to chew gum. Chewing gum at school often finds its way to shoes, clothing, equipment or furniture. Children will be asked to remove the chewing gum. Repeat offenders will be disciplined for failure to comply.

FIELD TRIPS

Field trips support our school curriculum. However, we will not take a student on a field trip if substantial work is not complete, if the student has had repeated discipline offenses or if we have reason to believe that student will misbehave or ruin the trip for others. Field trips are for Demmitt students and invited adults only. **Younger children or students in other grade levels will not be permitted on field trips.** If transportation is necessary, all students will be expected to ride to and from field trips in school buses. All school rules will be enforced on field trips. A student may not be permitted to go on a fieldtrip if school fees/fines are outstanding.

ASSEMBLIES

We have assemblies at various times throughout the school year. We expect students to behave appropriately to attend and remain at school assemblies.

School-Wide Rules:

Be Respectful

Be Responsible

Be Resourceful

Positive Behavior Intervention and Supports (PBIS)

The District is committed to the use of Positive Behavior Intervention and Supports (PBIS). PBIS is a school-wide systematic approach to embed evidence-based practice and data-driven decision making to improve school climate and culture in order to achieve improved academic and social outcomes, and increase learning for all students. PBIS emphasizes prevention of student behavior problems through the use of non-aversive techniques. PBIS encompasses a range of systemic and individualized positive strategies to reinforce desired behaviors, diminish reoccurrences of challenging behaviors, and teach appropriate behaviors to students. It is integrated with the district's Code of Conduct. Parents are an important part of PBIS implementation and we encourage parents to use the same expectations and rules that the school teaches. This common language creates consistency and a unified support for expected student behavior. Children and young adults thrive when they have consistent, predictable expectations and consequences.

STUDENT RECORDS AND
ANNUAL FAMILY EDUCATIONAL RIGHTS PRIVACY ACT NOTIFICATION (FERPA)

The School District maintains many student records including both directory information and confidential information.

Directory information includes: (District Policy 8330)

A student's name; address; date of birth; telephone number; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; honor rolls; or scholarships.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board.

Other than directory information, access to all other student records is protected by (FERPA) and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained.

State and Federal law requires that student education records be maintained as confidential. State law further exempts certain information and records from public disclosure. As such, the Board of Education is obligated to take appropriate steps to maintain certain information and records as confidential.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to Building Principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an

emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Superintendent will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and

B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

DESIGNATION OF DIRECTORY INFORMATION

The Vandalia-Butler Board of Education has designated certain education records as "directory information," which can be disclosed without the prior written consent of the parent or eligible student, except that directory information is not released for a profit-making plan or activity. Directory information includes the following:

1. The student's name
2. The student's address
3. The student's date of birth
4. The student's participation in extracurricular activities
5. The student's achievement awards or honors
6. The student's weight and height, if a member of an athletic team

If a student's parent(s) or eligible student does not want directory information to be released without prior written consent, you must notify the School District in writing within two weeks of your receipt of this notice. Send such notification to the Superintendent, at the address below, stating any or all of the items which the student's parent(s) or eligible student refuses to permit the District to designate as directory information about that student. If no written notification is received, the District will designate the above information as directory information about the student. The designation will remain in effect until modified by the written direction of the student's parent(s) or the eligible student.

EQUAL EDUCATION OPPORTUNITY

It is the policy of the Board of Education to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment on the basis of "Protected Classes" that are protected by Federal civil rights laws (hereinafter referred to as unlawful harassment), and encourages those within the School District community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate all allegations of unlawful harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "School District community" means students, administrators, and professional and classified staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off School District property).

The Board designates the following individuals to serve as "Anti-Harassment Compliance Officers" for the District. They are hereinafter referred to as the "Compliance Officers."

SECTION II - ATTENDANCE

School Attendance Policy

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Many important lessons are learned through active participation in classroom and other school activities which cannot be replaced by individual study.

In Ohio, children are required to attend school from age six to eighteen unless the pupil has graduated from high school, is employed on an age and school certificate, or has been determined to be incapable of profiting substantially from further instruction. While it is the school's duty to enforce the compulsory attendance law, responsibility for compliance with the law rests upon the parents, guardians, or other persons having control of the child. (Section 3321.01 of Ohio Revised Code).

Notification of Absence

When a student is absent, parents are required to notify the school at (937)415- 6532 or by sending an e-mail to: Mary.Roderer@vbcsd.com or Debbie.Long@vbcsd.com. If a student should know in advance that he/she will be absent, the office needs to be informed by a parental note. If the office is not notified of a student absence on a given day, and parents cannot be reached by 10:30, an email will be sent home to notify parents of the absence.

Student Absences and Excuses

Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor school work; therefore, all students are urged to make appointments, to do personal errands, etc., outside school hours.

MEDICAL ABSENCES

A medically excused absence occurs any time a student is out of school due to illness or medical visit (physician, dentist, mental health, etc.). A medical excuse for personal illness will be accepted in the form of doctor's note within five (5) school days of the absence or parent call-in on the day of the absence due to illness or doctor's visit. A student may have up to ten (10) medically excused absences without a doctor's note, but with a phone call from a parent/guardian.

Medical excuse absences will be accepted through this process for students participating both in-person and remotely. This policy will be extended beyond ten (10) days if the student or someone in the student's family is in quarantine due to recognized pandemic/epidemic (e.g., COVID-19) experiencing symptoms of the pandemic/epidemic.

Beginning on the 11th day a physician's note is required or the absence will be unexcused. Physician's notes documenting school absences must specify the date of the appointment with the physician and the date(s) of the excused absence.

The building principal or administrator may approve other circumstances deemed necessary on a case-by-case basis with good and sufficient cause for medical absence from school.

NON-MEDICAL ABSENCES

A student may have up to three (3) days or equivalent hours of excused absences if a parent, guardian, or other person having care of a student notifies the school or building administration of the student's absence. Any additional absences must receive approval from the building principal or administrator, or it will be unexcused.

Reasons for which students may be excused include but are not limited to: personal illness of the student; illness in the student's family; death in the family; quarantine of contagious disease; religious reasons; and pre-approved college visitation or such good cause as may be acceptable.

Each student who is absent must immediately, upon return to school, make arrangements with individual teachers to make up work missed. Students who are absent from school for reasons not permitted by Ohio law may, or may not be permitted to make up work. Each case is considered on its merits by the principal and the respective teacher(s). Students should supply a note to the school after each absence explaining the reason for the absence or tardiness. If a student does not attend school on a school day due to illness, fever, or communicable disease, he/she is not permitted to attend school/co-curricular activities on that day.

The Board does not believe that students should be excused from school for non-emergency trips out of the District, however guidelines have been developed for family vacations and are outlined in the Student Code of Conduct. The responsibility for such absence resides with the parent(s), and they must not expect any work missed by their child to be re-taught by the teacher.

Truancy

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for schoolwork that is missed. To remain compliant with HB410 a student will be considered habitually truant if the student is absent without a legitimate excuse for:

- 30 consecutive unexcused hours
- 42 unexcused hours in a month
- 72 unexcused hours in a year

Intervention

If a student is habitually truant during a school year the parent/guardian and student will be notified.

HB410 requires the parent/guardian and student to participate in a mandatory 60-day building intervention plan. If a student is placed on an absence intervention plan, the student must successfully complete the plan within the allotted time frame.

If the student fails to successfully complete the intervention program, the district attendance officer will:

- File a complaint with Montgomery County Juvenile Court
- Make a referral to Montgomery County Children Services (if applicable)

The district reserves the right to:

- Suspend the student's ability to participate in or attend any school related extracurricular activities to include but not limited to: sports, dances, clubs, etc.
- Assign additional sanctions as needed until the attendance issue is resolved.

If a student is habitually truant and the student's parent has failed to cause the student's attendance, a complaint will be filed with the Judge of the Juvenile Court in compliance with State law and Board Policy 5200.

Enforcement of School Attendance Law

Juvenile Court has jurisdiction over children alleged to be unruly and truant and can order said child to:

- Require the child to attend an alternative school if one has been established by the district.
- Require the child/parent to participate in any academic program or community service program
- Require the child to participate in drug/alcohol abuse program
- Require the child to receive medical/psychological treatment
- Juvenile Court can make any further orders that the court finds proper to address the child's continued truancy.

No student is to leave the school grounds during school hours without the permission of an administrator or teacher.

Notice of excessive absences

HB410 requires all school districts to notify a parent/guardian if a child/student is absent with or without legitimate excuse for:

- 38 hours in a school month or
- 65 or more hours in a school year

Make-up of Tests and Other School Work

Homework missed for an excused absence shall be made-up. One day for every day absent (maximum 1 week) is given for make-up work. Students are responsible for work/tests that are given on the day of return, if the assignment was made prior to the absence. It is the student's responsibility to take the initiative in making up this work. Parents may request homework/class assignments when calling in the absence in the morning.

Vacations During the School Year

Parents are encouraged not to take their child out of school for vacations. However, five days are allowed within the ten-day policy. When a family vacation must be scheduled during the school year, it must be pre-approved by the Principal five days in advance in order for it to be excused. Vacation request forms are available in the office. If a student has already had 10 absences, the vacation will be denied and all days thereafter will be unexcused.

Tardiness

Parents are requested to call the school (937)415-6532 before 9:00 a.m. if their child will be tardy to school that day. There is a recording available 24 hours a day for your convenience. Students who are late to school, except for a late bus, must sign in the office before going to class. Unexcused reasons for tardiness may include but are not limited to: oversleeping, missing the bus, not leaving early enough, etc. A student is considered tardy for the day if arrival is after 9:00 AM but before 11:30 AM. A half-day absence is recorded if a student arrives after 11:30 AM. Three days of unexcused tardiness will count for one day of unexcused absence. Discipline in the form of detentions or Friday/Saturday school may

be assigned. **ALL STUDENTS MUST REPORT TO THE MAIN OFFICE TO ESTABLISH ATTENDANCE AND GET A PERMIT TO ENTER CLASS.**

Early Dismissal

Students requesting an early dismissal or arriving late to school because of a medical appointment will be excused if a note from the medical office is presented on the day of return. This absence will not count toward the attendance policy. For early dismissal, students will only be released to their parents, unless the office is notified in advance that other arrangements have been made. If the early dismissal occurs before 12:30 PM, the student will be considered absent for half day. There are certain times of the year where we hold a grandparent's day or parent's day activity - we discourage students leaving school early on those days. They are special, fun days, but when the event is over, there is still learning that needs to occur at school. We will not release students on those days without a written note from the parent/guardian. We will not allow students to make phone calls to request leaving early with grandparents or special visitors.

In the event that a change in dismissal is needed for any student, the school requires that the office is notified through written note, by email to Mary.Roderer@vbcasd.com or Debbie.Long@vbcasd.com or fax (937)415-6538 of these changes no later than 1:00 PM on the day the change will take place. If a student is going home with another student, a note is required from both parents.

SECTION III - ACADEMICS

Parent Teacher Conferences

We have parent-teacher conferences scheduled in the fall and in the winter. Fall conferences will be held the last **full week of October**. Winter/Spring Conferences will be held the last **full week of March**. If it is necessary for you to have additional conference time with a teacher, please contact the school office to arrange an appointment. Please do not call a teacher at home unless the call is an emergency or is pre-arranged with the teacher.

SECTION IV - STUDENT ACTIVITIES

Safety Patrol - student must be a Third grader in good academic standing.

SECTION V - TRANSPORTATION

TRANSPORTATION

The Board provides transportation for resident students, kindergarten through grade eight, who live more than one (1) mile from school and for all students with physical or mental disabilities which make walking impossible or unsafe. The transportation of high school students will not be provided during the 2023-2024 school year.

Students who live outside the one (1) mile limit are to ride only their assigned bus. Middle and elementary school students who do not have access to sidewalks will not be permitted to walk to school.

Transportation to and from school is the responsibility of the parents.

Bus transportation to and from school and fieldtrip locations should be considered a privilege. It is important that students riding buses follow all rules for everyone's safety. Children who ride a bus must remain seated at all times when the bus is in motion. In addition, bus students must refrain from excessive noise and from pushing or throwing any objects. Other rules set by the bus driver will also be followed. Failure to do so will result in the student being reported to the school principal. The bus suspension will occur after reasonable warning and parent notification. Transportation will then be the parent's responsibility.

School bus safety starts with you, every morning and every afternoon. Just keep these ten rules in mind. They are easy to

learn, simple to follow, and they start before the bus ever stops:

1. Be on time.
2. Never run to or from the bus.
3. Stand back from the curb.
4. Don't push or shove.
5. Stay in your seat.
6. Don't yell or shout.
7. Always obey the driver.
8. Wait for the driver's signal before crossing.
9. Always cross at least ten feet in front of the bus.
10. Never crawl under a school bus.

PARKING LOT

All parents and students are to use the center walkway and cross in the crosswalks. This is to ensure the safety of our children. No one should be cutting between cars or busses. Everyone should cross in the crosswalks, we need to teach our children to cross safely where they can be seen.

Due to increased traffic flow there will be no more parent parking in Demmitt's lot for drop off. We will now have a drop and go policy in the A.M. All parents will be required to pull into the outer Lot B and drop your child off at or before the crosswalk. All students will be required to exit the car from the passenger side front or back door. This will keep students from walking in front or behind moving cars. Parents can choose to park outside of the lot and walk their student into the school if they like.

Kindergarten Parents; I know the importance of comforting your Kindergartener on their first day, so I have contacted the Living Word Church next door, and they are fine with our parents parking in their lot and walking your Kindergartener over to the school.

The difficult task will be with pick-up procedure. And with a little help and patience, we will eventually master this situation together.

First, we will dismiss our daycare students at 3:10. At 3:15 daily, we will dismiss our students that are

walkers.
3:20.

Car riders will be dismissed at
Bus riders follow at 3:25.

For pick-up at 3:20, we will utilize both Lot A and Lot B.
We are requesting that any parent that has a Kindergartener, 1st or 2nd grade student, you will drive thru Lot A (which is closest to the school) and pick your student up.
Parents with a 3rd grade student; we are requesting that you drive thru Lot B (the outer lot closest to Rt. 40) to pick-up your student.

Two maps are available in the office to give everyone a visual look at what we are trying to do. Thanks for your patience and understanding.

Section VI

1:1 Chromebook/iPad Guidelines

The goal of the 1:1 Chromebook/iPad program is to create a collaborative, interactive learning environment for students. This environment will enable and support students and teachers to implement transformative uses of technology while enhancing students' engagement with content and promoting the development of self-directed and lifelong learners.

6a: Chromebook/iPad Identification

- Student Chromebooks will be labeled with a VBCSD Inventory tag as well as any other identifying label the District may affix.

SECTION VII- STUDENT CONDUCT

STUDENT CONDUCT CODE

CODE OF CONDUCT

A major component of the Vandalia-Butler Schools educational program is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

1. abide by national, state, and local laws as well as the rules of the School;
2. respect the rights of others;
3. act courteously to adults and fellow students;
4. be prompt to school and attentive in class;
5. work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;
6. help maintain a school environment that is safe, friendly, and productive;
7. act at all times in a manner that reflects pride in self, family, and in the School.

The District is committed to the use of Positive Behavior Intervention and Supports (PBIS). PBIS is a school-wide systematic approach to embed evidence-based practice and data-driven decision making to improve school climate and culture in order to achieve improved academic and social outcomes, and increase learning for all students. PBIS emphasizes prevention of student behavior problems through the use of non-aversive

techniques. PBIS encompasses a range of systemic and individualized positive strategies to reinforce desired behaviors, diminish reoccurrences of challenging behaviors, and teach appropriate behaviors to students. It is integrated with the district's Code of Conduct. Parents are an important part of PBIS implementation and we encourage parents to use the same expectations and rules that the school teaches. This common language creates consistency and a unified support for expected student behavior. Children and young adults thrive when they have consistent, predictable expectations and consequences.

Your possession of the student code of conduct along with your signature acknowledging that you understand the contents of the student code and handbook constitutes a first warning for disciplinary purposes. Refusal to sign does not excuse you from complying with the rules set forth in the student code of conduct nor does a refusal to sign exempt you from the disciplinary consequences outlined within the code.

Substitute and Student Teachers

Substitute teachers are to be treated with the same respect as a guest in your home. You are in a position to help your substitute teacher in a number of ways. It is up to you to give a substitute teacher the best impression of the school that you can possibly give. The reputation of the school is upheld by the action of each individual student. Remember that the substitute is here to help you; please give him or her opportunity to do their best.

Dress and Grooming

Students need to recognize the importance of wearing respectful and responsible attire that is appropriate for both the seriousness of their present education and the preparation for their future. Consequently, the following styles or manners of dress are prohibited:

1. Anything that can be considered a disruption, distraction, or health and safety issue. Also, clothing or personal possessions that contain messages which are obscene, sexually suggestive, or make references to violence, illegal drugs, alcohol, tobacco, or other banned products are not permitted.
2. Shorts, skirts, or dresses which can be defined as a length that is shorter than fingertip length of the index finger when arms, hands, and fingers are fully extended downward alongside the torso.
3. Clothing that is low cut, overly revealing, or otherwise inappropriate for a learning environment.
4. Clothing which shows the stomach or back area when arms are raised. There should be no bare midriff.
5. Hats, hoods, or sunglasses, unless approved by the administration.
6. Excess ornaments or accessories that might cause damage or injury.
7. Students will refrain from wearing/using excessive fragrance/cologne both on the bus and at/during school.

In all instances, **school officials will determine when an item of clothing is disruptive or objectionable above and beyond and including the list above.** If it is determined that the above guidelines are not met then the student will be requested to change their clothing immediately, be given clothing to wear or a parent call will be initiated and the student will be sent home (this time will be unexcused) to change the apparel or style which is objectionable. If a student is waiting in the office for clothes, they will be counted as unexcused. Students refusing to cooperate will be considered to be insubordinate and handled accordingly.

Students who are representing Vandalia-Butler Schools at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs which initiate, advocate or promote activities which threaten the safety or well-being of persons or which are disruptive to the school environment are not tolerated.

Incidents involving initiations, hazing, intimidations or related activities which are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures which

symbolize gang membership or causing and/or participating in activities which are designed to intimidate another student will be disciplined.

Care of Property

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student or his/her parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

Zero Tolerance

No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated.

STUDENT DISCIPLINE CODE

This code is a general standard that should be used as a guide by all students. The following is an enumeration of some of the main areas of conduct that may lead to disciplinary action. This code is also applicable to co-curricular activities and the rules and regulations established by the respective coaches/advisors.

No student shall engage in activity that would constitute a violation of the Ohio Revised Code or federal, state, and local laws on school grounds, in a school vehicle or at a school sponsored event. Any activity that may be determined to be a violation of federal, state, or local law may result in notification of local law enforcement officials for immediate removal from school or activity.

Students are subject to school disciplinary action, up to and including suspension and expulsion for all actions, which affect the good order, efficiency, morale, management and welfare of the school. Primary emphasis will be directed to activities taking place on school premises, at any school activity, function or event during any school transportation (in a school vehicle or in any mode of transportation arranged by the school), and near school premises before, during or after any school-related activity. However, any student action or behavior, which directly affects the school, regardless of place or time, will be subject to disciplinary control by the school. The following rules shall be in effect:

1. Disruption of the educational process

Any actions or manner of dress that materially and substantially disrupts, induces panic, or interferes with school activities or the educational process or which threatens to do so are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

2. Alcoholic Beverages, Drugs, or Narcotics

Students shall not knowingly possess evidence of consumption, sell, transmit, or have the distinct odor or any narcotic drug, controlled substance, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, intoxicant, mood-altering substance of any kind, anabolic steroid, or HGH in any form.

Prescription drugs and over the counter drugs: Use of a drug authorized by a medical prescription from a licensed physician and over the counter drugs is authorized by the administration of medication

policy. Use of prescription drugs authorized by a medical prescription from a licensed physician and over the counter drugs shall not be considered a violation of this rule when the administration of medication policy is followed and the substance is in a prescription bottle, presented to the nurse in the principal's office. Such medication shall be kept in the security of school personnel in a locked cabinet.

3. Drug Paraphernalia and/or Counterfeit Controlled Substances

Students shall not use, possess, transport paraphernalia that is commonly associated with or construed to be used for any of the above-mentioned chemicals or substances. Counterfeit controlled substances, as per O.R.C. 2925.37 and outlined in the Vandalia-Butler Board of Education policy, will be considered violations of this policy.

A. A counterfeit controlled substance is defined as:

1. Any drug that bears, or whose container or label(s) bears a trademark, trade name, or other identifying mark used without authorization of the owner of rights to such trademark, trade name or identifying mark;
2. Any unmarked or unlabeled substance that is represented to be a controlled substance manufactured, processed packed or distributed by a person other than the person who manufactured, processed, packed or distributed it;
3. Any substance that is represented to be a controlled substance but is not a controlled substance or is a different controlled substance.
4. Any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in size, shape, and color, or its markings, labeling, packaging, distribution, or the price for which it is sold or offered for sale.

B. No student shall knowingly possess any counterfeit controlled substance, nor shall any student knowingly make, sell, and offer to sell, give, package, or deliver a counterfeit controlled substance.

C. No student shall directly or indirectly represent a counterfeit controlled substance as a controlled substance by describing either with words or conduct, its effects as being the same or similar to the physical or mental effects associated with the use of a controlled substance.

D. No student shall directly or indirectly falsely represent a counterfeit controlled substance as a controlled substance.

Example: Pass off oregano as marijuana. This makes the oregano a counterfeit controlled substance and selling the counterfeit substance would carry the same penalty as selling marijuana.

Students will be held responsible for all actions regarding the selling or provision of counterfeit substances as if they are the controlled substance offered.

4. Tobacco/Nicotine/Juul/Vapor/E-Cigarette Substances

No student is permitted to use, possess, purchase, or sell tobacco substances in or on school property or on any school bus or other Board authorized transportation. Students will not be permitted to have tobacco substances in their possession while in the school building or on school grounds, including offsite school sponsored events. A cigarette, cigar, vape product, Juul, etc., in the student's hand, lit or not lit, will be treated as though the item(s) were being used. Possession of lighters, matches, etc. are prohibited.

DEFINITION OF DISCIPLINARY TERMS

Classroom Discipline - Each teacher establishes basic rules of classroom conduct for students. Each teacher then establishes a series of progressive consequences for violation of these basic rules. The consequences vary from teacher to teacher and from one grade level to the next.

Detention - A teacher may assign a maximum of one-hour (1-hour) detention to a student for a violation of classroom or school rules, after giving the student and his/her parents one day's notice. It is the responsibility of the student to notify their parents of the detention and arrange transportation home. The school is not obligated to furnish transportation to students who have been detained. Detention will take precedence over all extra-curricular/co-curricular activities and after school employment.

Administrative Detention – The principal may assign an after school or morning detention to a student for a violation of classroom or school rules. It is the responsibility of the student to notify their parents of the detention and arrange transportation home. The school is not obligated to furnish transportation to students who have been detained. Detention will take precedence over all extra-curricular/co-curricular activities and after school employment.

Saturday School - Program is being offered as an alternative to some out-of-school suspensions. It has the potential to help students maintain academic standing while modifying unacceptable behavior. Students will report to school on Saturday as directed. They will be required to bring work, etc. Skipping Saturday School will lead to further disciplinary action. The school is not obligated to furnish transportation to students who have been detained. Saturday School will take precedence over all extra-curricular/co-curricular activities and after school employment.

Friday School - Sessions are offered as an alternative to some out of school suspensions. Such sessions have the potential to help students maintain academic standing while modifying unacceptable behavior. Students will remain at school during the designated times. They will be required to bring work, etc. Skipping Friday

School Sessions will lead to further disciplinary action. The school is not obligated to furnish transportation to students who have been detained. Friday School Sessions will take precedence over all extra-curricular/co-curricular activities and after school employment.

In School Restriction (ISR) – The removal from regular classes and school related activities to a designated in-school restriction site. This may be used as an alternative to out-of-school suspension as determined by the appropriate administrative staff. **MAKE-UP PRIVILEGES APPLY**

Community Service – Community service is volunteer hours spent with an organization outside the regular school day. The time is to be documented and submitted to the principal or his designee on letterhead from the organization. Failure to complete the required hours will result in further disciplinary actions.

Examples of organizations that could fulfill the community service: Nursing Home, Retirement Home, Churches, Hospice, Hospitals, City, or any non-profit organizations.

Emergency Removal - The term emergency removal shall be understood to mean the removal of a student from curricular or extra-curricular/co-curricular activities or from the school premises because the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process. The time out of school will be unexcused resulting in zero's (0) for all missed work.

Suspension - The removal from school and/or school related activities by the principal or superintendent for a duration up to ten (10) school days. Absences are unexcused and students may not come to school or attend extra-curricular activities. A student who is suspended shall be permitted to complete any classroom assignments missed because of this suspension.

Expulsion - The term expulsion shall be understood to mean the exclusion of a student from all school attendance and related activities by the superintendent. Students will receive "0's" for the work missed during the expulsion days. These days may be carried over from one year to the next with the approval of the superintendent.

Should there be a reason school is not in session during disciplinary action, the student will be expected to serve the disciplinary action continuing with the next school day in session.

DUE PROCESS RIGHTS

Before a student may be suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or hearing or be subject to appeal.

Suspension from School

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, in writing, with the Treasurer of the Board or the Superintendent within three (3) calendar days after the date of the notice to suspend.

During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Superintendent or the Board designee, the appeal shall be conducted in a private meeting. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session

unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

A student who is suspended shall be permitted to complete any classroom assignments missed because of the suspension.

Emergency Removal

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular activity or from the school premises. The athletic director or athletic supervisor may remove the student from any extracurricular activity or from the school premises that is under their supervision. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day and is not subject to further suspension or expulsion, the following due process requirements do not apply.

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or his/her parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the students' right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

Expulsion from School

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge

the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may or may not be removed immediately. A formal hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents may request an extension of time for the formal hearing. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee and the right to request that the hearing be held in executive session.

Within three (3) calendar days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the College Credit Plus program at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, sixteen (16) years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one (1) or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function;
- B. possessing deadly weapons onto school property or at a school function;

- C. carrying a concealed weapon onto school property or at a school function;
- D. trafficking in drugs onto school property or at a school function;
- E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;
- G. assault or aggravated assault on school property or at a school function;
- H. rape, gross sexual imposition or felonious sexual penetration on school grounds or at a school function, when the victim is a school employee;
- I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding/Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the Principal [or assistant principal or other administrator] will decide whether or not to suspend his/her bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are suspended, he/she and his/her parents will be notified, in writing within one (1) day, of the reason for and the length of the suspension.

SEARCH AND SEIZURE

School authorities are authorized to search a student or his/her property (including vehicles, purses, backpacks, gym bags, etc.) with or without the student's consent, whenever the School authorities reasonably suspect that a search will lead to the discovery of evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School Officials may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search that may be used as evidence of a violation of school rules or the law and may be taken, held or turned over to the police. The School reserves the right not to return items which have been confiscated.

SURVEILLANCE AND STUDENT PRIVACY

The use of surveillance cameras is intended to increase our students' safety and welfare. Video surveillance cameras are placed throughout the common areas of the building, school grounds and on buses. Actions recorded on these cameras may be used as evidence in disciplinary action. Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to local law enforcement agencies.

When a tape or digital image becomes evidence of a student violating the Student Code of Conduct, in a disciplinary action, this tape/digital image is and will remain confidential, and may be viewed by designated school officials only. If the tape/digital image shows any student other than the student involved, the other students' privacy must be protected. Therefore, the tape/digital image will be treated as any other student record, and the school has the obligation to protect the other students' identities. However, in the event of criminal prosecution, the tape/digital image may become evidence at a criminal hearing and will probably become a public record. Under such circumstances the tape/digital image is under the control of the courts not the school.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. With administrator approval, students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions such as: buttons, badges, or other insignia. All items must meet school guidelines.

- A. Material cannot be displayed if it:
 - 1. is obscene to minors, libelous, is pervasively indecent or vulgar,
 - 2. advertises any product or service not permitted to minors by law,
 - 3. is considered to be insulting or harassing,
 - 4. incites fighting or presents a likelihood of disrupting the school environment.
 - 5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.
- B. Material may not be displayed or distributed during class periods or between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the administration twenty-four (24) hours prior to display.

The co-curricular code contained herein has been approved by the Board of Education. The co-curricular code is in effect year-round and it is in effect from the date of the first participation, including try-outs, and when aboard a school bus or any other Board-owned vehicle. The purpose of this booklet is to inform you and your parents of the rules that are appropriate while you represent the Vandalia-Butler City Schools. It is your responsibility as a student to read these rules and abide by them.

The Vandalia-Butler Board of Education recognizes the value of co-curricular activities in the educational process, and the values that students develop when they have the opportunity to participate in organized activities supplemental to the classroom. The Board believes co-curricular activities are an integral and important part in the development of a student's educational program. However, participation in co-curricular activities is a privilege, and not a right. Students are expected to accept the responsibility accompanying this privilege of participation by maintaining a high standard of personal conduct in the areas of citizenship, ethics, integrity, and sportsmanship.

CO-CURRICULAR RULES OF CONDUCT

Your signature on a receipt for these rules and the fact that you have had these rules reviewed with you by a school staff member (coach/advisor) constitutes a first warning; no further warnings will be given to you. It is your responsibility to familiarize yourself with these rules and the consequence of violating them. The rules herein apply to all students during the course of the school year and when aboard a school bus or any other Board-approved vehicle. Additionally, all athletes will abide by the rules and regulations established by the Ohio High School Athletic Association. Any Vandalia-Butler school personnel or governmental/city official may make a referral to the Vandalia-Butler Administration or the student assistance coordinator.

Failure/Refusal to sign the code of conduct will result in non-participation in any co-curricular or extra-curricular activities. Refusal to sign does not excuse you from complying with the rules set forth in the student code of conduct nor does a refusal to sign exempt you from the disciplinary consequences outlined within the code.

SPORTSMANSHIP

Sportsmanship, ethics, and integrity are the number one priority of the Vandalia-Butler Athletic Department. It is the responsibility of the coaches, students, parents, guardians, fans, spirit groups, media, officials, administrators and the Board of Education to provide examples of good sportsmanship, acceptable and unacceptable behavior, and ways to promote good sportsmanship. Participation in athletic contests is a privilege. Each student athlete is expected to conduct herself or himself in an exemplary manner while participating.

Sportsmanship Rules

Players, staff members, and other team personnel are governed by the sportsmanship policy established by the Ohio High School Athletic Association. It states that any team member or staff member ejected for unsportsmanlike conduct or flagrant foul shall be ineligible for contests for the remainder of that day as well as for all contests in that sport until two (2) regular season/tournament contests (one in football) are played at the same level as the ejection. (Example of "same level" would be: two Freshman games or two Varsity games.) If the ejection occurs in the last contest of the season, the student or staff member shall be ineligible for the same period of time stated above in the next sport in which the student or staff member participates. A student or staff member under suspension may not sit on the team bench, enter the locker room, or be affiliated with the team in any way traveling to, during, or traveling after the contest(s).

A student who is ejected a second time shall be suspended for the remainder of the season in that sport. A staff member who is ejected for a second time will be suspended indefinitely and required to attend a mandatory conference with the OHSAA Commissioner.

CANCELLATION OF CONTESTS/PRACTICES DUE TO WEATHER

If the Vandalia-Butler City Schools are closed due to inclement weather, a decision on the status of games and practices will be made by the building principal and athletic director at the high school. If cancelled the head coach will contact all team members.

If the Vandalia-Butler City Schools are closed due to inclement weather, all middle school games and practices will be cancelled for the day.

EQUIPMENT

Each athlete will be issued equipment which is the property of the school, and athletes are expected to maintain each item of equipment. Please follow care instructions located within most cloth items. All equipment is to be returned at the end of each season. Athletes who fail to return equipment will not be permitted to participate in other activities, and course credits will be held until the item(s) are returned or purchased.

TRANSPORTATION

1. All transportation to and from away contests/games is the responsibility of the school system and will be provided by the school system. Athletes are required to travel to and from away contests in transportation provided by the school system. Athletes

should not be transporting themselves to or from away contests. If a special situation occurs, the athlete must request in writing approval from the athletic director or school administration prior to the contest. In these cases the athlete will be released only to their own parent by meeting face to face with a member of the coaching staff.

2. The choice of a mode of transportation to and from practices ultimately lies with the athlete and their parents. We strongly suggest that athletes do not ride with other athletes to or from practices. However, if they choose to ride with other athletes (or any other person), the driver accepts the responsibility and liability of the transportation.
3. If a school van is the mode of transportation, the driver must have completed the school system's van certification program. This can be arranged through the Business Services department.
4. Athletes will remain with their squad and under the supervision of the coach when attending away contests. Athletes who miss the bus will not be permitted to participate in the contest unless there are extenuating circumstances. All regular school bus rules will be followed, including food, noise, remaining in seats, and care and respect for equipment. Athletes are expected to dress appropriately.

STUDENT'S RIGHTS AND RESPONSIBILITIES

Co-curricular participants of the Vandalia-Butler City Schools are direct representatives of their school and are expected to conduct themselves in a way that will gain respect for both themselves and their school. Participation is a privilege available to those who have the will and the desire to abide by training and participation rules. Other behavior not defined in this policy but deemed to be unbecoming of an athlete/participant may be grounds for discipline, up to and including, suspension and removal from the co-curricular and extra-curricular activity. A student may temporarily or permanently forfeit his/her right to participate when her/his behavior disrupts the process, deprives others of their basic rights, and violates the student rules established herein.

In accordance the Vandalia-Butler Board of Education believes that the use, possession, or sale of drugs, alcohol, and tobacco has no place in its co-curricular programs.

In order to assist in giving direction to our student co-curricular participants in observing the principles and responsibilities outlined above, the following policy will be observed:

1. No co-curricular participant shall possess, use, sell, transmit, or have the distinct odor of any narcotic drug, controlled substance, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, intoxicant, mood-altering substance of any kind, anabolic steroid, or tobacco in any form.
2. No co-curricular participant shall use, possess, or transport paraphernalia that is commonly associated with or construed to be used for any of the above-mentioned chemicals or substances. Counterfeit controlled substances, as per O.R.C. 2925.37 and outlined in the Vandalia-Butler Board of Education policy, will be considered violations of this policy.
3. This policy will apply for all co-curricular participants in programs administered by the Vandalia-Butler Board of Education.
4. This policy is in effect while the student-athlete is participating on the team; dates as adopted by the OHSA.
5. The penalties in the policy are cumulative, beginning with the participant's first involvement with the Vandalia-Butler high school or middle school co-curricular program. Middle school accumulation ends at the conclusion of eighth grade. High school accumulation begins with the ninth grade and concludes with high school graduation, unless the student participates in a school-sponsored activity that extends beyond the graduation date.
6. Procedures to be followed in dealing with the possession (including paraphernalia), consumption, use, handling, giving, storing, concealing, or making of alcoholic beverages, drugs, or narcotics:

First Offense:

- A. This will result in nonparticipation without alternatives for 30% of the games (athletes) and designated activities or performances (all others). If, when applying the 30% rule (the percentage will be calculated based on the total number of regular season contests/events from the beginning of the season/year), a partial number of contests/events results, the number will be rounded down to arrive at the length of the suspension, (e.g., 30% of 27 = 8.1, which would be a suspension of eight (8) games with a minimum of one (1) contest/event). The penalty will carry through to the next athletic season or school year if the number of suspended contests/events has not been fulfilled.
- B. All End of Season/Post Season Local/Team (Special- i.e., MVP, MOP, Best Defender, Most Improved, etc.) awards lost for one-calendar year.
- C. The student forfeits the privilege to serve in any leadership position for one calendar year.
- D. A Mandatory Assessment may be required at this time due to the severity of the offense.
A student who commits an offense involving drugs or alcohol under this policy will be required, as a condition of continued participation in co-curricular activities, to undergo an assessment by a certified substance abuse counselor at parental expense. A copy of the assessment, with any ongoing recommendations for treatment or intervention, will be sent to the

principal per a signed, HIPPA-qualified release form. The student will be required to comply with all recommendations.

OR

Failure to complete the Mandatory Assessment will result in denial to participate in all co-curricular activities until requirement is fulfilled.

Second Offense:

- A. This will result in nonparticipation without alternatives for 50% of the games (athletes) and designated activities or performances (all others). If, when applying the 50% rule (the percentage will be calculated based on the total number of regular season contests/events from the A. beginning of the season/year), a partial number of contests/events results, the number will be rounded down to arrive at the length of the suspension, (e.g., 50% of 27 = 13.5, which would be a suspension of 13 games with a minimum of one (1) contest/event) with a **Mandatory Assessment for Second Referral.**

A student who commits a second offense involving drugs or alcohol under this policy will be required, as a condition of continued participation in co-curricular activities, to undergo an assessment by a certified substance abuse counselor at parental expense. A copy of the assessment, with any ongoing recommendations for treatment or intervention, will be sent to the principal per a signed, HIPPA-qualified, release form. The student will be required to comply with all recommendations.

OR

Failure to complete the Mandatory Assessment will result in denial to participate in all co-curricular activities until requirement is fulfilled.

The penalty will carry through to the next athletic season or school year if the number of suspended contests/events has not been fulfilled.

- B. All End of Season/Post Season Local/Team (Special- i.e., MVP, MOP, Best Defender, Most Improved, etc.) awards lost for the duration of high school career.
- C. The student forfeits privilege to serve in any leadership position for the remainder of the student's high school or middle school career.

Third Offense:

This will result in denial to participate in all co-curricular activities for one calendar year.

Fourth Offense:

This will result in denial to participate in all co-curricular activities for the remainder of the student's high school or middle school career.

7. Academic Eligibility for Co-curricular Activities

The Vandalia-Butler Board of Education has established requirements for student eligibility and participation. Students must have a GPA of 2.0 and/or no more than one "F" in the preceding grading period to be eligible. Students who do not meet this standard but who wish to continue to participate in co-curricular activities must attend a mandatory "Study Table" until the standard is met. Incoming ninth graders must have passed 75% of the subjects in which they were enrolled the preceding grading period. In order for a student to be eligible for co-curricular activities in 7th and 8th grade, a student must earn passing grades in five (5) classes and earn no more than two (2) F's in the previous quarter.

8. Athletic Eligibility

Eligibility requirements, as established by the Ohio High School Athletic Association shall be observed. Copies of the rules will be distributed separately to student athletes, and VIII parents and athletes should consult the athletic director or head coach for clarification of OHSAA rules.

9. Procedure for Implementing the Co-curricular Code

- A. If the violation occurs at school or during a school-sponsored event or activity, the principal or assistant principal will administer the disciplinary policy. The student would be subject to the Student Code of Conduct as well as the Co-curricular Code.
- B. If the violation occurs away from school and away from school events, the athletic director will conduct the review for athletes /cheerleaders and will explain the code to the athlete, parents, or guardian. For other co-curricular participants, the principal/assistant principal will conduct the review and will explain the code to the participant, parents, or guardian.
- C. It will be the shared responsibility of the principal and athletic director to inform one another when an athlete has completed the mandatory assessment and any recommendations from a physician or outside agency.

10. Penalty Guidelines

Students will be disciplined for violations of the Co-curricular Code. The level of discipline will be left to the sound discretion of the coach/advisor after considering the nature of the violation with the exception of drugs, alcohol and tobacco which are specified elsewhere in this policy. Penalties may carry over from one co-curricular activity or season to another.

- A. Denial to Participate: The removal from the activity for a period not to exceed ten (10) days.
- B. Removal: Removal from the activity for a specific period of time in excess of ten (10) days.
- C. Permanent Exclusion: Denial to participate in co-curricular activities for the remainder of the student's school career.
- D. Restitution: The student will be responsible for paying for economic losses occasioned by a violation of the Co-curricular Code.

11. **Appeal Procedure**

- B. A written request for an appeal should be directed to the athletic director or coordinating principal and must occur within five (5) school days following notification of the infraction. The participant will not be allowed to participate in contests/events during the appeal process.
- C. If not satisfied with the decision of the athletic director or coordinating principal, then a written request for an appeal should be directed to the building principal. The decision of the principal is final.

GUIDELINES FOR EXTRA-CURRICULAR AND CO-CURRICULAR CONFLICTS

As a member of both a curricular music ensemble such as band or choir, as well as a member of an athletic team I understand that I have obligations to both organizations. I also understand that my music ensemble is a curricular organization, which means I receive a grade for my participation in both in school and out of school activities. While I will work to avoid all conflicts, I understand that some may still arise. When they do, I will follow these guidelines that will dictate which activity takes precedence.

OMEA Competition

1. Choir and Band performances are part of the student's grade and should not be so easily dismissed.
2. Generally, there are 3 seasonal concerts (Fall, Winter, Spring) for curricular groups, and 1, possibly 2 OMEA large group competitions during the academic year. During any given schedule of a seasonal sport it's fairly safe to say that there would likely be only 1, possibly 2, music dates that conflict. If a student misses one of these concerts/competitions, he/she has likely missed the only performance during a grading period resulting in a zero for the grade. In the reverse, most athletic teams have numerous dates during the season and missing one date is a small portion of the seasonal schedule.
