

A snapshot of how recapture has grown through the years

Source: Recapture Texas

The dollar amount taken from public school districts like Carroll ISD has grown every year since its inception and is now estimated to reach nearly \$5 billion this year according to Recapture Texas.

Meaningful recapture reform can help solve this problem and allow us to keep local tax dollars right here at Carroll ISD! Check out this chart from the non-profit organization Recapture Texas, which demonstrates how out of control recapture has grown.
