- River Valley High School
- CRUHSO Academy

**For Immediate Release:**

On 1/9/2023, the Colorado River Union High School District’s School Board approved the Collective Commitments created by the Guiding Coalition. The Collective Commitments promote a proper culture of “Achievement for All” for students, teachers, and staff.

**There are four collective commitments:**

1. *We are collectively committed to creating a Professional Learning Community and our focus will shift from what is being taught to what our students are learning.*
2. *We are collectively committed to equitable grading practices that provide students with timely and specific feedback and multiple opportunities to demonstrate that they have learned skills and content.*
3. *We are collectively committed to achievement for all by ensuring the following unified expectations in every classroom.*
4. *We are collectively committed to a safe school and classroom environment that supports positive relationships that encourages academic risk taking, innovation, and well-being.*

**Superintendent Remarks:**

*"I am not surprised that the school board unanimously approved our collective commitments. The research over the past 40 years has made it overwhelmingly clear that the most effective way to increase student achievement is through the implementation of an effective Professional Learning Community. When board members, administrators, and teachers work collaboratively with a focus on learning outcomes, great things happen for kids. We are better together." -Dr. Richard*
