

CHURCHWOOD PRIMARY ACADEMY

At Churchwood Everyone Can **Pupil Acceptable Use Agreement – EYFS / KS1**

This is how we stay safe when we use computers:

- I will ask a teacher or suitable adult if I want to use the computers, iPads, tablets or the IWB;
- I will only use activities that a teacher or suitable adult has told or allowed me to use;
- I will take care of the computer and other ICT equipment;
- I will ask for help from a teacher or suitable adult if I am not sure what to do or if I think I have done something wrong;
- I will tell a teacher or suitable adult if I see something that upsets or worries me on the screen;
- I will click on the 'report to teacher' button in Purple Mash if I see something that upsets or worries me on the screen;
- I will follow the rules of ***'Zip it, Block it, Flag it'*** to keep me safe online;
- I know that if I break the rules, I might not be allowed to use a computer.

Parents and Carers

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

Class Dojo

Parents and Carers are able to use Class Dojo to support home learning and completion of activities. Class Dojo will be used to assign home learning and for parents/carers to post comments and images on the tasks in their child's section. These parent/carer comments cannot be seen by other parents/carers or children.

If there is a query regarding other aspects of school life, parents/carers must follow the normal channels. I.e. contacting the school office to make arrangements to speak to their child(ren) class teacher(s).

This Acceptable Use Policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
- that academy systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
