COMMUNITY

Our school serves three southeastern Massachusetts towns: Mattapoisett, Marion, and Rochester. All three towns have maintained their individual charm through careful and thoughtful community planning. Marion and Mattapoisett are quaint, close knit seaside communities. Rochester has a more rural landscape surrounded by scenic farms, cranberry bogs, pine forests, and freshwater ponds. Residents are proud of their school system and have been very supportive in passing legislation to insure its continued success.

SCHOOL

ORR high school enrolls approximately 700 students in grades 9-12. The school offers a comprehensive, rigorous curriculum with a wide selection of Honors and Advanced Placement courses. The school prides itself in its drama, music, and athletic programs, in which many students participate and excel. In 2022, approximately 87% of ORR graduates continued their education at two or four-year colleges.

GRADING & GPA COMPUTATION

Weighted grades are used in computing class rank. Only yearlong courses, which earn five or more credits, and semester courses, which earn 2.5 credits or more, are used in computing class rank. For class rank, only courses completed at Old Rochester Regional High School will be included. A student must be enrolled at Old Rochester Regional for a minimum of two years to be considered in the class rank.
