Piper

USD 203

INCLUSIVITY | INNOVATION | COMMUNITY | INTEGRITY | PASSION

It is with sincere gratitude that we express our appreciation for the support the Piper community showed the Piper School District in passing the bond on January 25th! This positive result from the community shows that education is valued with our stakeholders. Supporting the District's vision of a world-class educational experience for ALL students is invaluable to us.

The Piper District was created so that ALL children had the opportunity to receive a high school education and be successfully prepared to meet their post-secondary challenges and pursuits. To pay it forward for the current and future generations just demonstrates this community is committed to the betterment of students' futures.

Additionally, the financial support is so deeply treasured in order for us to not only address the deferred maintenance projects equaling \$15 million for our current facilities and assets, but also ensures we have the facilities we need to manage our continued growth. This support is absolutely priceless! On behalf of the Piper Board of Education, Piper Staff, and most importantly Piper Students, THANK YOU for your generous vote of support to ensure our students are **#FUTUREREADY**.

Proud to be a Pirate!
