#FROM^{the} HELM *Piper* USD 203

It is important for our patrons to understand that the dollars levied by Piper USD 203 are only a portion of the overall tax bill imposed to Wyandotte County residents. The graph below maps out how Piper's total mill levy compares to districts in other surrounding counties and what portion of the overall tax bill goes to other jurisdictions. You will notice that Piper school district mill levy, represented by the blue and green colors is actually lower than other surrounding districts including Eudora, Basehor-Linwood and Blue Valley while the overall tax bill is higher as a result of taxes imposed by other jurisdictions outside of the district's control.

WHAT HAPPENS IF THIS BOND DOES NOT PASS?

- Overcrowding will reach a critical level requiring more mobile classrooms
- Traffic flow and safety of student drop off and pickup will not be addressed
- Existing facilities will continue to deteriorate
- Expansion of educational programming hampered due to lack of space
- Piper falls further behind neighboring districts
