FROM THE PRESIDENT'S OFFICE

Dear Alumni and Friends of DeMatha,

There are always many ingredients which help a building dedicated to education become a school focused on the total person with unique goals and aspirations. The list of special ingredients is very long. We can count on the financial support from the community, and DeMatha has always been blessed with devoted alumni and DeMatha friends who realize that the financial treasure of their lives can be of great assistance to the goals of our school by your sacrificial donations to foster the Mission of DeMatha. Much of this issue of the *Red and Blue* focuses on the many generous hearts who have supported DeMatha this past year, when we commemorated the 75th Diamond Anniversary of the school's foundation back in 1946 with the successful completion of the DeMatha Forever! Campaign this past June 2022.

In addition to the financial resources, we can never overlook the human resources which bring life and spirit and faith to the building's brick and mortar which rise from the earth. As I look around the campus and work with my colleagues, I can state with great certainty that it is our faculty and staff through the years which have shaped DeMatha into becoming one of the greatest Catholic institutions of secondary education. It is not by chance that we are where we are; it is the specific dedication and commitment of our faculty and staff which have driven us to the top, where we remain.

Some of our readers might recall that on the top floor of the main building there is a wall which is entitled: True to the Mission. On this wall are pictures of 68 faculty and staff members who have dedicated 20 or more years to the goal of creating Faith-Filled Gentlemen and Scholars. Of this number, 25 of us are still here supporting the mission. No other Catholic high school in the area can duplicate this distinction. This year on December 2, I am celebrating my 50th Anniversary of my ordination to the priesthood, and I am blessed to have shared my priestly ministry at DeMatha for 26 years surrounded by men and women who are always willing to go the extra mile, offer the understanding hand and heart, and willing to share the wisdom of the ages for the next generation.

We have much to be grateful for, and this *Red and Blue* edition calls our attention to the financial support, the personal support and our desire to always remain faithful to the Catholic spirit of St. John de Matha and shape our students into Faith-Filled Gentlemen and Scholars.

Fr. James R. Day, O.S.S.T.
PRESIDENT

FROM THE CHAIR OF THE BOARD OF DIRECTORS

Dear DeMatha Community:

On behalf of the DeMatha Catholic High School Board of Directors, I would like to extend a warm welcome to the freshman class, returning and transfer students, faculty, staff and administration. The year-long celebration of DeMatha's 75th Anniversary was a tremendous success. The variety of events reflected the many strengths of the DeMatha community. The Comprehensive Campaign raised significant funds that will be directed toward student scholarships, faculty support, capital projects and many other needs of the school. We are so grateful to all of the donors who contributed in any way and in any amount to both the Fund for DeMatha and the Comprehensive Campaign. The most observable manifestation of the generosity of our benefactors is the chain-link fence surrounding the Fotos Building. Our entire community is filled with excitement as we await the demolition of this building and subsequent construction of The Cross Center for Engineering, Arts and Robotics.

The 75th Anniversary provided the opportunity to focus on the history of the school, and the efforts and foresight of the many people who paved the way toward growing DeMatha into the highly acclaimed high school that it is today. We were able to highlight and celebrate the many contributions of the Trinitarians, students, alumni, parents and certainly the faculty, staff and administration. All these dedicated Stags make up the DeMatha experience known as "One DeMatha." Throughout its history, the Trinitarian charism has been the basis for all academic and extracurricular programs and activities. The mission of educating and developing young men to become faith-filled gentlemen and scholars was at the forefront of the courses offered and programs developed.

The Board's committees will continue to focus their attention on securing the short and long-range future of DeMatha which will provide and enhance the experiences

of our current and future students. The Finance Committee is responsible for such important items as the school finances, budget, fiscal responsibility, and reviewing long - term financial and budget strategies and goals. The Buildings and Grounds Committee works on exciting new buildings, continuous maintenance, transportation needs, and making our campus look beautiful. The Nominating Committee identifies qualified director-nominees for consideration of service on the Board. The Institutional Advancement Committee, together with the

Advancement Office, and the Campaign Committee worked tirelessly to have completed the most significant campaign in the school's history. The Institutional Advancement Office will always continue to raise funds for the betterment of the school. This year we have added a new permanent Board committee. The Strategic Planning Committee will develop and present to the Board a forward - looking strategic plan for DeMatha that is a result of input from a cross - section of the school's constituencies.

DeMatha continues to be a diverse community of outstanding students that have many gifts, talents and interests. I would encourage the students to seek out new experiences this year. Try different clubs and activities, stretch your mind in your classes, and make DeMatha better for your fellow classmates and future students. Always know that you are, and always will be, in this special community known as the "Brotherhood."

St. John de Matha, pray for us!

Sincerely,

Jeffrey A. Hathaway '77
Vice President & Chair,
DeMatha Board of Directors

The Annual Report Of Gifts

July 1, 2021 – June 30, 2022

The DeMatha Community gratefully recognizes the monetary contributors to DeMatha Catholic High School during the 2021-2022 academic year. We would also like to thank the wonderful alumni, parents and friends who volunteered their time and talents during this period. DeMatha is blessed to have so many people contributing so much! If we have inadvertently omitted your name or if you have corrections or questions, please notify the Advancement Office at (240) 764-2222 or email tponton@dematha.org. Thank you for your support of DeMatha Catholic High School.

DEMATHA CELEBRATES THE 18th Hall of Fame Ceremony

On Sunday, October 30th, DeMatha sponsored the school's 18th Hall of Fame Ceremony. This ceremony was the first held since Covid forced nation-wide shutdowns. Over 400 members of the DeMatha community gathered in the Original Morgan Wootten Gymnasium to celebrate this year's inductees.

The afternoon began with a reception in the Antler Room before moving upstairs for the official ceremony. Once upstairs, Fr. James led the gathering in an invocation and Fr. Damian took the stage as the emcee for the afternoon.

Among those honored, John Walker '65 and Coley Mellett (dec.) '92 were named as Distinguished Alumni. John Foran '64 received the Lou Amico Service Award for his service to

DeMatha and Mike Thomas '86 received the St. Simon de Rojas Award for this service to community. Other individual inductees include Bobby St. Pierre '92, Rocco Mennella, Mike Pegues '96, William Kelley (dec.), Nnamnse Ammons '99, Elijah Brooks '02, Cory Puffet '10 and Vaughn Holsey. The day also saw two historic DeMatha sports teams inducted: the 2006 basketball team and the 1996 lacrosse team.

While DeMatha will always be playing catch up in its Hall of Fame due to the numerous members of the DeMatha community, alumni, and teams deserving to be inducted, we would like to once again congratulate the members honored this year as well as all the Hall of Fame members that they are joining.

The individual inductees stand together for a photo after the ceremony.

Mrs. Carolyn Kelly, the wife of the late Bill Kelly (former faculty member), accepted her husband's posthumous induction into the DeMatha Hall of Fame.

The 1996 lacrosse team.

The 2006 basketball team.

The DeMatha Hall of Fame was established in 1990 to recognize alumni who have distinguished themselves in their careers, communities, and other activities since graduation. In addition, recognition is given to athletes, coaches, and team members who distinguished themselves athletically at DeMatha and beyond. Nominations for induction are accepted by the school, and a committee made up of Trinitarians, alumni, parents, and friends representing all eras of DeMatha vote on those nominations.

20 Years of Service to DeMatha

At the Class of 2022 Graduation, several DeMatha faculty and staff members were recognized for their 20 years of service to the school!

MR. TONY MACAULAY

*Computer Science / Business Faculty
& Head Hockey Coach*

Favorite DeMatha Memory -

"My favorite memory is the subtle feeling and energy I feel from recalling the good fortune of coaching a game on the last Friday in February. When I get to coach in a game with the stands full of students, cheering for our team to win a championship, there is nothing like it. Every player that has had that opportunity can relate to the sounds and repeat every play that occurred in that game. The wins are a blur, and any losses take a back seat to the spirit of that game and how much of a man it made every player who had the privilege to play in such a big game."

Hobby outside of DeMatha - *"I enjoy all sports and relaxing with my wife and kids. I love the beach on a hot summer day and watching horse racing anytime I can."*

MRS. ANNE METZ

Director of Finance

Favorite DeMatha Memory -

"Watching two of my sons graduate in 2012 and 2018 with a third graduating this year."

Hobby outside of DeMatha -

"My husband and I enjoy discovering new breweries and trying a variety of local beers. A lot of times, we will find a good hiking trail and follow it up with a trip to a brewery that is close by."

MS. SARAH STOCKTON

*Counselor for the class of 2025,
Enrollment Team Manager,
Coordinator Eastman Book Award,
and DMLI/SGA Moderator*

Favorite DeMatha Memory -

"I have so many memories of working at DeMatha that it would be hard to come up with one favorite. I have a favorite 'yearly' memory, that I've had 20 times! Graduation day at DeMatha is very special for me. I get to spend the morning with my DeMatha colleagues but we also join in the culminating moment for our young men and their families. Years of hard work, struggle, growth, tears, early mornings, late nights, disappointments, losses and love, walking down the aisle as a high school senior and then walking out a high school graduate ready to pursue new adventures."

Hobby outside of DeMatha - *"I love to bake bread, especially Ciabatta. My mother has made bread almost every week for over 50 years and she is always giving loaves of bread away. My favorite thing about making bread is to think about the people who will eat it. I've carried on my mother's tradition of giving loaves away to friends and neighbors. And of course my family and I love to eat it!"*

Mr. Josh Lattanzi '00 Exits DeMatha After 18 Years of Teaching

After 18 years at DeMatha, Mr. Josh Lattanzi '00 left DeMatha in June to continue teaching at Saints Peter & Paul High School in Easton.

Even as a student, Mr. Lattanzi knew that he wanted to come back to DeMatha and teach, so much so that he was voted "Most Likely to Return as a Teacher" in his class.

"When I was younger, it was the only job I ever wanted," Mr. Lattanzi reflected. "I wanted to go back and teach at DeMatha because I wanted to do for students what my teachers had done for me."

True to his word, after graduating college, Mr. Lattanzi returned to his alma mater. After a brief adjustment of having to unlearn the muscle memory of calling his former teachers by their first names, Mr. Lattanzi joined some of his most impactful teachers as a fellow faculty member. He spent his tenure at DeMatha as a member of the Theology department teaching all levels of students.

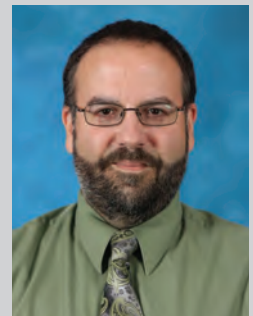

And while Mr. Lattanzi was a staple of the Theology department during his time here, he was also an avid supporter of every aspect of DeMatha.

"I always enjoyed going to the events, whether that be concerts or athletic contests," Lattanzi said. "One of my best memories is saying the prayer on the field at championship football games."

Even in his new school, Mr. Lattanzi proudly displays DeMatha memorabilia throughout his classroom.

"DeMatha has always been home. It will always be a part of me," Mr. Lattanzi said. "I am going to miss the people who helped shape who I am today."

We wish Mr. Lattanzi all the best of luck as he begins this new chapter in his teaching career.

The Demolition of the Fotos Art Building

On November 14, students and faculty pulling into the back parking lot in the morning may have noticed heavy machinery arriving at DeMatha's campus and moving towards a ramp constructed behind the McCarthy Building over the summer. A little over a year after the initial ground breaking, the official demolition of the Fotos Art Center began, marking the first stage of the construction of the Cross Center for Engineering, Arts & Robotics.

But as we move forward, we thought it would be important to take one final look back at the Fotos Art Center and all the history that the building holds.

Before DeMatha was officially a school, the building was actually a six car garage for the Trinitarians. Shortly after the school opened in 1946, it was converted into a classroom building. The building then was known as "Fort Necessity." In the 1960's, it was an area used by junior seminarians on campus. By the 1970's it was back to being used by the school for instruction and was called "The Annex." While it was named The Annex, several classes were held in various rooms including religion, psychology, and music classes.

In the summer of 1979, the building was gutted by fire. The music department was forced to have classes and practices in various places on campus. It just so happens that the following spring, despite all of the issues, the Wind Ensemble was honored for the very first time as the nation's top Catholic high school band. Talk about resiliency! (DeMatha would win this award 17 more times until the school was asked NOT to participate any more to give other schools an opportunity).

The building was re-named the Art Center when it reopened in 1980. Then, in 2001, it was officially named in honor of Mr. Anthony Fotos, who was retiring at the time after 40 years of dedicated service. (Mr. Fotos and his wife Anne have been great donors to the school as well. They also have a son, a nephew, and two grandchildren who are graduates).

For the years since, the Fotos Art Center has held Mr. Vaughn Holsey's art classes, photography, digital design, and our Dave Daly Engineering and Robotics

Fr. James, Fr. Damian, and Dr. McMahon '76 looked on as the demolition of the Fotos Art Center began.

The original Fort Necessity

Program. As more and more DeMatha students choose to pursue art, engineering, and robotics, the need for a modern and updated space became more apparent.

Once constructed, the Cross Center for Engineering, Arts & Robotics will house the arts of design, painting, drawing, and sculpture as well as leading edge technology of robotics, engineering, and design-thinking. This will allow students to learn to not only express themselves in traditional art styles, but also aid students to achieve a greater understanding of how technology can serve the imagination.

The Cross Center for Engineering, Arts & Robotics is scheduled to open sometime in the fall of 2023/24 year where it will be dedicated due to the philanthropy of The Cross Foundation, whose Trustees are Rob Lawrence '70 and his wife Connie.

Anthony Fotos with his wife Anne when the building was dedicated in his name in 2001.

The Next Generation of DeMatha's Music Program

DeMatha's instrumental music program has been led by true leaders throughout its history. Director of Bands Emeritus, Mr. John Mitchell taught at DeMatha for 41 years before his retirement in 2011. Following Mr. Mitchell, Mr. Jim Roper headed the program for another 11 years until he retired at the end of the 2021-2022 school year.

In the 2022-23 school year, faculty member Mr. Matthew Bickel '95 took over as Director of Instrumental Music and Mr. Carlos Castrillon '95 as Director of Bands and Conductor of the Wind Ensemble, making him the third director of this prestigious ensemble in its 52-year history.

"We were really sad to see Jim go," Mr. Bickel said. "He's been such a workhorse. Forty years and he just had this drive..."

"Carlos and I are fortunate that we've had John Mitchell and Jim Roper as our teachers."

Carlos agreed and added how great of a mentor Mr. Roper has been to them both as they've built their own musical legacies at DeMatha.

"Jim has never imposed upon me in the classroom, but he's always been there when I needed him to be," Carlos said. "Learning from him day in and day out. We're very lucky here to have so many quality educators in the music program."

As Mr. Bickel and Mr. Castrillon both alluded, Mr. Roper planned out his move towards retirement for the past few years. He prepared them both to take the reins of the award-winning instrumental music program. While Mr. Bickel continues with Sinfonia, Mr. Castrillon knows that expectations are high for taking over the Wind Ensemble.

"I started out conducting Concert Band and then once Jim kind of had a timeline for when he wanted to retire, I was moved up to Symphonic Band to get more experience with the harder grade level of music," Mr. Castrillon said.

"Everyone that's gone through the music program and that has been associated with the school knows the strength of the program and the Wind Ensemble, in particular. So there's a bit of fear and excitement mixed in together."

One aspect that helped this transition is the fact that Mr. Bickel and Mr. Castrillon have been friends since their very first day of freshman year at DeMatha in the late summer of 1991.

"To have the opportunity to work with someone that I'm so close with has been amazing," Mr. Castrillon said. "It allows us to rely on each other because we have that trust coming into the music program."

Things will be busy once again for the instrumental music program this year. Even the start of the school year has been busy. This year, Mr. Bickel and Mr. Castrillon were challenged to put on the annual Kaleidoscope concert a week earlier than it is usually scheduled.

The DeMatha Music Department has its own set of Step Brothers! Mr. Matt Bickel '95 and Mr. Carlos Castrillon '95 have been good friends since they started at DeMatha as students.

"It was without a doubt challenging," Mr. Castrillon said. "It's one less week of rehearsal time, but it's also one less week to be able to work on the program and to gather sponsorships and advertising."

And while the pressure was on for the instrumental music program's largest annual fundraiser, the Convocation Center seats were filled as the bands and chorus took the stage and performed music from Taylor Swift, Stevie Wonder, and many other recognizable songs. "To start the music program at the beginning of the year takes so much effort,"

said Mr. Bickel. "We're learning pieces that we would have usually started in early September now, but we're also seeing more students using the practice rooms and private lessons; returning to that pre-Covid culture the program is known for."

"The return to our pre-Covid culture is where everything starts to flourish," added Mr. Castrillon. "We're bringing back evening rehearsals, private lessons, and all these other necessary extra commitments that allow us to have this tradition of excellence."

And while it may be a lot of work, the students who filter through the music program know how impactful, important, and fun it is to be a part of something special.

"When students come back and they talk about how much they love the music program, that's what inspires us to keep going," concluded Mr. Bickel. "What we strive for is to push the students beyond what they thought they were capable of and then when they look back, they can say how much they learned from being a part of the program."

Stories from The Express

Bill McGregor Wins #300

**This epilogue was written in October after Coach Bill McGregor won his 300th game:*

A very good crowd was on hand to witness Bill McGregor win his 300th game as a coach last Friday night. Probably significantly larger than the audience for his very first game back in 1982, a hard fought 21-6 victory over Old Mill.

"It's not about me at all. It's about all the guys who have played in our program. We've had great young men come through, work extremely hard. They're the ones who did everything."

Bill now joins a group of 150 coaches in the history of high school football in America who have won 300 games or more. Of that illustrious group, not many have a higher winning percentage than Coach.

We are also not sure how many coaches can say that they were named the NFL's High School Coach-of-the-Year as Bill was for the 2004 season. He was nominated by Brian Westbrook '97 and then had the distinct honor of being on the field with Brian for the coin toss just before the 2005 Super Bowl.

It has been quite a ride, for sure. A nice contingent of alumni came down on the field after the milestone game to congratulate Coach. A picture was taken. James Brown '69 of CBS spoke briefly to the team and the coaching staff. Bill was obviously pleased with all of the well wishes. However, in keeping with tradition, Saturday brought on a new day. Friday's game was behind him and the next game was the most important game. While the season did not end the way Coach may have wanted, it was still a fantastic season and a historic milestone to win his 300th.

The Clark Family Legacy

Dr. Darrell Clark '74 is an orthodontist who now works in Jonesboro, GA. Talk about someone with tremendous DeMatha ties! Dr. Clark's father, Donald (retired LTC, US Army), was a big supporter and volunteer at DeMatha in the 1970's. Darrell's brother, Donald '73, lives in Florida, now retired after a career with the US Postal Service. Darrell's other brother, Dave '81, is a high school teacher in Hawaii.

But wait -- there's more!

Darrell's son, Robert, a dentist, is now studying to be an orthodontist at Case Western Reserve in Ohio. Another son, Brian '04, is a cardiologist whose wife is a pediatrician. They live in Alexandria, VA. Darrell's daughter, Danielle, is (you guessed it) a pre-Med student at the University of Maryland.

By phone last spring, Darrell talked about how DeMatha played such a key role in his life and how the school also helped shape his sons. "My son Brian was inspired by (former teacher) Gwen Marbury. She struck a chord with him and he started firing on all cylinders," he said. (Darrell, by the way, taking a clue from his father, was also a volunteer at the school as a DM parent). Of course, Darrell also credits his father (and DeMatha) with what he calls a "push mentality" -- never quitting and, regardless of how good you are, you keep improving.

"Any job I ever applied for I would put DeMatha down because people could identify with the school and because DeMatha puts out a good product."

What led him to DeMatha? "We moved around a lot when I was growing up but once we settled in Lanham, I wanted to go to DeMatha. It seems the rest of the neighborhood did as well," Darrell said. He continued, "I'm thankful I went to DeMatha. When I graduated and moved on people would say that I was okay because I went to DeMatha."

"Any job, it seems, I ever applied for I would put DeMatha down because people could identify with the school and because DeMatha puts out a good product."

It would be hard to find another DeMatha family with such a legacy -- a legacy that includes, in some cases, moving on to the medical field.

The “Typical” DeMatha Student

**Epilogue of the DM Express written by Dr. McMahon '76 in October:*

Last Thursday as I was leaving the Convocation Center, I was trailing several students who were leaving Open Mat in the Wrestling Room and who were coming from Crew practice on the Ergs. I took a picture of one young man who had two book bags, was in his workout gear, and who was carrying his musical instrument home to practice.

When I am at conferences and other gatherings, I am often asked to describe the “typical DeMatha student.” Perhaps there are schools where most of the students fall into a particular type or category based on prior test scores (Thomas Jefferson High School) or interests (Duke Ellington) or demographics (many public schools); but DeMatha has always struck me as the kind of place where there is no “typical” student.

DeMatha is the kind of place where a world-class musician sits next to a future engineer who shares a lunch table with a potential NFL draft pick who takes art with someone discerning a religious vocation who carpool with a future teacher. And on and on. Sometimes several of those “futures” are present in one student.

Because there is no one “type” of DeMatha student, all of the students come to appreciate their own gifts and gifts of their schoolmates; because there is no one “type” of DeMatha student, all of the students learn how to make their way in the world with others--and to leave any place they go better than it was when they arrived.

That’s what’s “typical”; that’s the One DeMatha.

Dolapo Demuren '11 Reflects on his Time at DeMatha

**This epilogue was written in October following a celebration of life for Amos Mobaidan '11:*

Dolapo Demuren '11 was here at DeMatha just two weeks ago for the celebration of life for his deceased classmate, Amos Mobaidan '11. “They say food can be a source of bringing people together,” Dolapo said. “With Amos it was warmth and laughter.”

We last saw Dolapo previously a year ago at his 10-year reunion. At that time, he was visiting from the west coast as he was working on his Doctorate (in Education) from the University of Southern California. As we speak, the graduate work continues but Dolapo has returned to the east coast. At present, he is working as an instructor and administrator in the University of Maryland’s creative writing living-learning program. He is also working on his second book of poetry, which mainly will pertain to the Nigerian-American Experience. (Dolapo’s first book of poetry was published when he was a senior at DeMatha).

Indeed, Dolapo has praised DeMatha for helping nurture his interest in writing. From a Q&A last spring in the literary Adroit Journal, which he just finished up his tenure as managing editor:

“I came to poetry in high school. I had a wonderful creative writing teacher, Mr. Paul Clark. I’ll never forget when Mr. Clark pulled me aside before one of his classes and said, ‘Hey Dolapo can I talk to you at the end of class?’ I thought I was in trouble or something like that. Then afterward, I’m in the hallway with him, talking, and he says, ‘You know, Dolapo, you’re a poet. You’re really gifted.’ And I was shocked, of course. Not just because I thought

“They say food can be a source of bringing people together. With Amos it was warmth and laughter.”

there was maybe some trouble coming my way, but because I had no idea I had this gift. His words set me on a path towards discovering this gift that he said was in me. So I owe a lot to Mr. Clark. I sent him an email a couple of years back, just to thank him and say, ‘Look at the work your encouragement is still doing in my life’.”

Like other writers, Dolapo also has praised Mr. Joe Carroll down through the years. Upon leaving DeMatha, Dolapo would go on to receive his B.A. in Writing Seminars from Johns Hopkins and his M.F.A. from Columbia University. There have been numerous other awards along the way.

We asked Dolapo yesterday what he plans to do with his life from here. (The kind of question we all loathe during, say, a job interview). Dolapo understood why we asked. “My main ambition is to live a good life. Be as resourceful as possible to the next generation,” he said. “I want to be the best writer that I can be and a lot of that comes through listening.... I want my work to be meaningful to people.”

Dolapo promises another visit to campus soon, this time on a school day. We look forward to seeing him again and following his career as it evolves.

Kevin Dunn '78

Former Co. President On His Career & Why He Supports DeMatha

Back in 1983, Kevin Dunn '78 was working his way through college as a clerk at a liquor store in Largo, MD (Kettering Liquors). His fortunes changed on one particular day when his boss, Kenny Steele (the father of Mickey '74), came to Kevin, who was majoring in law enforcement at the time, and said, "Son, you're a natural born salesman." Mr. Steele then made a phone call to the Kronheim Company, a well-known beverage supplier, and arranged for a job interview.

"DeMatha changed the course of my life. It was the right environment where I made the right friends and it gave me the discipline I needed to succeed."

Fast forward to 2021. Kevin retired after 37 years in the same industry, serving the final six as the President, East US Region, of Breakthru Beverage. As President, Kevin oversaw nine states, over \$3 billion in revenue, and 3,300 associates. There were many promotions along the way that led to Kevin's final promotion, which was the exclamation point to a very successful career, to put things mildly.

Kevin believes that DeMatha put him on course for success in his career. "DeMatha changed the course of my life," he said. "It was the right environment where I made the right friends and it gave me the discipline I needed to succeed."

As a student at DeMatha, Kevin worked a lot of different odd jobs and was basically working full-time by the time he was 15. "I regretted that I missed out on a lot of things when I was in high school, but that was just the way it was," he said.

And how did he manage to be so successful in the beverage industry? "It was a quality of life thing to be honest," he said. "I wanted to succeed and I learned the basics of business in all of the other jobs I had. I knew that hard work pays off and I knew that if I worked harder than anyone else, I would get ahead."

Today, Kevin sits on the Board of Directors of CDI Incorporated, a \$350 million company with 400 associates. He lives in Crofton with his wife Sue. Together they have three children.

Kevin Dunn '78 (left) is pictured here with Carl James '80 at a conference in Chicago a few years ago.

Kevin has always been a loyal Stag and he is one of DeMatha's major donors. He normally gives to various Scholarship Funds. "To be honest, I wish I did not have to work as hard as I did when I was in high school," he said. "So I like helping people who need financial aid, in the hopes that they can concentrate on their studies and still have time for extracurricular activities."

"Of course, I also want DeMatha to be there for young men, just like it was for me."

Kevin Dunn is an example of a person who took advantage of an opportunity when it was presented. "Took advantage" may be understating it a tad – he took the ball and ran with it.

But, even more importantly, Kevin never forgot where he came from.
