

Mrs. King (kingre@lee.k12.ga.us)

Welcome to AP Human Geography! You have chosen to take a college-level course. In AP Human Geography, you will strive to understand the role people play in making places, see the geographic context in which major issues occur, think critically about the world, and appreciate the complexities of globalization. You will make connections with the world around you and learn to think spatially when seeking to answer some of the most meaningful questions facing the world today. To understand all of this, you must have strong knowledge of what's happening in the world around you!

You will find the course Syllabus, Summer Homework and information regarding the required text and required app that must be purchased for this class in your google classroom. Please take the time to look at everything that is posted and email me if you have any questions. **I look forward to meeting you in August!!! Have A Great Summer!!!**
