					Plumbing work for a half bathroom build in an already insulated room. The toilet that will be installed is a Saniflo upflush toilet with a macerator pump. The sewer discharge pipe from the pump will be a 1 inch PVC pipe connecting to the house main sewer pipe. The vanity drain discharge will be connecting to the macerator pump with a 1.5 inches PVC pipe at a 1/4 inches per feet pitch. There will be a separate 1.5 inches PVC vent pipe for the toilet and vanity connecting to a 2 inches PVC vent pipe through the roof. The water line will be 1/2 inches copper pipes for the toilet and vanity connecting to water lines at the basement. The vanity discharge pipe and the water pipes will run above floor at the edge of a exterior wall.

					We are removing and replacing the following fixtures. 9 sconces, 11 chandeliers, and 3 over -mirror bathroom fixtures. We are installing 4 new recessed can lights. We are also installing 4 new quad outlets and data drops for new video game systems. This is the scope as it was explained to us, but during the course of renovations there may be some other things that come up. The "value of construction cost" I listed below is a budget number that we gave the owner, as we're fairly certain there will be changes and there is an allowance included in that \$14,000 number. The value of the electrical work described above is closer to \$10,000. *04/24/23 Permit Cancelled. Refund Sent via CC.*		Andrew Collins, Address:53 2nd Avenue, Phone:(413) 598-1028 LEXHAM STREET RETAIL LLC, Address:274 RIVERSIDE AVE PENTHOUSE LEXHAM STREET RETAIL LLC, Address:274 RIVERSIDE AVE PENTHOUSE

					This is a kitchen cabinet replacement and minor kitchen remodeling job. 6-mil poly walls will be erected around the perimeter of the work area. The two existing non-bearing interior walls within the kitchen work area will be removed. The existing cased openings in the kitchen to the dining room and to the den will be widened. The existing ceiling and wall plaster in the kitchen will be removed down to the joists/studs. All the existing electrical circuits to the kitchen will be terminated all the way back to the main service panel in the basement. New designated circuits for the counter microwave, dishwasher, disposal and oven stove. New lighting circuits for kitchen recessed ceiling lights. Miscellaneous new circuits for wall plugs and switches. A new 2x6 interior wall will be built to separate the existing mudroom from the existing kitchen area. New 1/2" sheetrock, interior trim, patch and refinish the existing oak flooring. The existing locations for the kitchen sink, dishwasher, stove and refrigerator remain the same.
