#### Title

Superintendent's Recommended FY2024 Tentative Budget and Ad Valorem Property Tax Millage Rate

#### **Requested Action**

School Board Consideration and Tabling of Superintendent's Recommendation for Approval of the FY2024 Tentative Budget and Ad Valorem Tax Millage Rate

#### **Summary Explanation and Background**

The review and approval process for the FY2024 Budget began with the School Board Retreat on February 3, 2023 wherein the School Board's priorities and preliminary consideration of relevant revenue and expenditure data and information regarding major responsibilities and challenges to be addressed in next year's Budget were presented and discussed. Since then, the Superintendent's Annual Ad Hoc Budget Committee has conducted its annual "zero sunset review" of all major current expenditures.

At this School Board meeting, the Superintendent recommends that the School Board table the Superintendent's recommended FY2024 Tentative Budget in order to receive public input and advertise, as required by Georgia Statute. Then, at regularly scheduled June 15, 2023 School Board Meeting, after three public hearings (June 7, 2023 at 11:30 a.m.; June 15, 2023 at 11:30 a.m., and June 15, 2023 at 6:30 p.m.) and public advertisement, the School Board will receive final comments on the Budget, and proposed millage rate; make revisions, as necessary, adopt the Annual Budget and set the Ad Valorem property tax millage rate for FY2024.

#### **Priority Area**

Organizational and Operational Effectiveness

#### **Financial Impact**

The financial impact is total budgeted expenditures of \$832,792,561 for FY2024.

## EXECUTIVE SUMMARY OF THE SUPERINTENDENT'S FY2024 TENTATIVE RECOMMENDED BUDGET

#### I. INTRODUCTION -- RECOMMENDED FY2024 TENTATIVE BUDGET

As required by Georgia Statute and the State Board of Education, the Cherokee County School District (CCSD) Annual Budget for the next fiscal year must be prepared by the Superintendent of Schools for presentment to the School Board for consideration and adoption prior to the end of the current fiscal year, June 30, 2023.

The Superintendent's Recommended Tentative Budget provides a detailed plan for next year's operation of the School District, which addresses: the School Board's Vision, Mission, Core Beliefs and Priority Areas, as outlined in the Five-Year Blueprint; recommendations of School Board Members; recommendations of this year's Annual Budget Committee; and the fiscal, programmatic and operational impact of legislation approved in the 2023 session of the Georgia General Assembly and subsequently signed by the Governor. This is accomplished with no change in the overall millage rate, which is recommended to remain at 16.45 mills for Maintenance and Operations and 1.5 mills for Bond Debt Service, for a total recommended millage rate of 17.95 mills. The continued restoration of State austerity reductions by the Governor and General Assembly is greatly appreciated and is paramount in the ability to recommend a balanced budget with the same local ad valorem tax rate.

The proposed FY2024 Budget preserves as its primary focus the continual improvement of student academic achievement, while keeping students and staff safe and healthy and to remain one of the best School Districts in the State of Georgia, Region and Nation. CCSD students are graduating in record numbers and exceed State, National and International averages on test scores across-the-board; and its high school students consistently post some of the highest ACT, SAT and Advanced Placement (AP) scores in the State, signifying their readiness for next steps into college and/or the workforce. CCSD students mastered material required by the State at the highest levels, routinely earning prestigious recognitions and awards, such as National Merit and Presidential Scholars. And, for 11 consecutive years, all its high schools earned State and National recognitions for outstanding AP programs. These honors would not be possible without the financial resources and support provided by the citizens of Cherokee County and the policy leadership provided by the School Board.

#### II. REVENUE FORECAST

#### **Total Estimated State Funding - \$265.5 MM**

Fortunately, due to continued strong economic growth in the State, this budget does NOT include an austerity reduction. As you know, since the 2002-03 fiscal year, the Quality Basic Education (QBE) formula for public education has included austerity reductions in all but five years, totaling over \$218.5 MM of funding earned by CCSD but withheld through austerity budget cuts, while CCSD student enrollment increased by more than 53.8% (14,756 students). During this time, annual School District budgets included employee furlough days, increased class sizes and various cuts across-the-board to CCSD's educational program. This year's QBE formula includes funding for the Governor's \$2,000 per teacher per year salary increase, a 67% increase in the employer portion of State Health Benefit Plan (SHBP) premiums, as well as slight increases in certain program areas where student population growth has occurred.

#### Total Local Funding - \$365.2 MM

It is expected the local property tax digest will grow by more than 15% this year, making this the eleventh consecutive year of strong economic growth and increases in property valuations. By leaving the millage rate at the FY2023 rate of 17.95 mills, the School District will be in a position to match the Governor's teacher raise for those employees not funded through the QBE formula, increase other salary scales in order to remain competitive in the labor market and cover the employer portion of SHBP premiums for both certified and classified employees. The result of the continued growth in the tax digest is an estimated collection of \$295.4 MM in total local tax revenue (includes property, motor vehicle and other local taxes) to CCSD for FY2024, an approximate 15.7% increase over FY2023 collections.

#### Total Federal Funding - \$45.4 MM

Federal funding, which makes up a little more than 6.6% of the CCSD total proposed budget, is significantly higher in FY2024 than previous years due to continued federal allocations made to school districts in response to the COVID-19 pandemic. Specifically, CCSD is scheduled to receive \$17.4 MM in American Rescue Plan (ARP) funds in FY2024, the last year of federal authorizations associated with the pandemic. The Superintendent's recommended tentative budget for FY2024 includes the following items funded with ARP funds:

- Additional teacher and paraprofessional allotments to assist with academic remediation efforts,
- Supplemental learning opportunities to include summer school, before/after-school and in-school tutoring to mitigate learning loss,
- Additional school-based staff (Behavior Intervention Strategists, Counselors, Graduation Coaches, Nurses, Psychologists and School Social Workers) to assist with the physical and mental well-being and health of students,

- Digital Curriculum Designers to provide digital content to students and training support for teachers,
- Administrator on Assignment within the Assessment area to provide administration in tracking and reporting assessment results to measure success in mitigating learning loss,
- Digital content and courses for students in need of academic assistance and course completion,
- Professional development for teachers and support staff.

Other federal funding is intended to meet the teaching and learning needs of our most at-risk students. This includes those students from low-income households and those with disabilities, who typically require a much lower personnel/pupil ratio and significantly more resources to address their educational needs.

#### III. EXPENDITURE FORECAST

#### **Budgeted Enhancements**

The following enhancements are included in the recommended FY2024 Tentative Budget:

- Provide annual longevity-step increases for all eligible employees,
- In addition to the Governor's \$2,000 per year per teacher salary increase, provide enhancements to the Teacher Salary Scale to provide a \$2,500 per year per teacher salary increase, a higher starting teacher pay and larger step increases between steps.
- Provide a 3% cost of living adjustment for all eligible classified staff,
- Provide full-day instructional support in all Kindergarten classrooms through additional part-time paraprofessional staff,
- Implement new curriculum materials, textbooks and digital content in the areas of mathematics, literacy, English language arts and Career, Technical and Agricultural Education to support the teaching and learning of all students,
- Extend digital devices to all middle and high school students to support the in-class personalized learning (1:1) initiative,
- Allocate up to 100 additional teacher allotments to provide supplemental learning opportunities for students,
- Allocate up to 17 additional staff allotments to address student and school needs in specific program areas, such as Speech Language Pathologists, School Psychologists, Occupational Therapists, Deaf/Hard of Hearing Interpreter and Diagnosticians,
- Continue to allocate three Behavioral Coaches, two School Nurses, four School Psychologists and one additional Social Worker to support students in need of those services,
- Continue to allocate four Digital Learning Curriculum Designers to develop blended learning tools and training for classroom teachers,

- Continue to allocate High School Student Success Coaches to identify students in need of additional assistance and/or guidance in meeting graduation requirements,
- Continue to allocate seven additional Middle School Counselors to assist in meeting the needs of students,
- Increase the required employer premium in the State Health Benefit Plan (SHBP) for certified staff from \$945/month/employee to \$1,580/month/employee and for classified staff from \$945/month/employee to \$1,195/month/employee,
- Continue to allocate Administrator on Special Assignment to the Division of Curriculum and Instruction to provide support to the Assessment Department,
- Continue to allocate one part-time clerical staff member to the Division of Curriculum and Instruction to provide support to federal programs,
- Continue use of flexibility options allowing all schools to utilize Instructional Lead Strategists (ILS) to increase student achievement in literacy and math while also meeting Response to Intervention (RTI) requirements,
- Continue to strategically utilize the limited "pay-as-you-go" model for funding technology, infrastructure and other capital outlay items using current Special Purpose Local Option Sales Tax for Education (Ed-SPLOST) collections,
- Continue to modernize the technology capabilities within all schools,
- Continue the conversion of all indoor lighting to LED,
- Continue mechanical modernizations and roof repair/replacements on older buildings to sustain the usefulness and lives of the assets,
- Purchase up to 30 school buses to replace the oldest buses in the fleet and.
- Utilize remaining funds to continue building Budget Reserves.

#### IV. ANNUAL BUDGETARY REVIEW PROCESS

The recommended FY2024 Tentative Budget incorporates specific ideas and suggestions from School Board Members relative to their goals for the School District. Additionally, the Superintendent's Annual Budget Committee, comprised of CCSD Division leadership teams and Lead Principals from each Innovation Zone, conducted a comprehensive zero-based review of all major CCSD expenditures for the current fiscal year and assisted in formulation of the recommended Tentative Budget ... with the primary goal of allocating the personnel and resources necessary to maintain and enhance student achievement in all subjects and at all grade levels.

#### **Teaching and Learning**

Since CCSD's primary mission focuses on teaching and learning, the vast majority of its fiscal recommendations continue to be directed toward this mission. Of the \$538.1 MM in General Fund/Operating Budget total expenditures anticipated for the 2023-24 school year, \$372.2 MM (69.2%) is appropriated directly to School Instruction. Of the remaining \$165.9 MM

in budgeted expenditures, \$152.3 MM (91.8%) is allocated to departments having a direct impact on students, such as Pupil Services, Instructional Improvement, Instructional Staff Training, Educational Media Services, School Administration, Maintenance and Operation and Pupil Transportation. Overall, \$524.5 MM (97.5%) of General Fund budgeted expenditures have a direct impact on schools and students.

#### **Employee Compensation/Benefits**

CCSD continues to be the largest employer in Cherokee County ... with an expected 2023-24 school year total of approximately 5,264 full-time employees: 2,963 certified teachers; 895 certified instructional support staff; 1,202 non-instructional support staff; and 204 school administrators. Recognizing the importance of a competitive compensation package in attracting and retaining the highest quality workforce, the Superintendent is recommending funding State and Local longevity step increases and a 3% cost of living adjustment for all eligible non-teaching employees. Additionally, the Superintendent is recommending step increases along with passing along the Governor's \$2,000 per teacher per year salary increase and extending it to those certified positions not included in the Governor's budget, along with providing funds to supplement the local portion of the teacher salary scale by \$2,500 per teacher per year as well as other improvements to scales to further enhance total compensation for teachers throughout their careers, all beginning July 1, 2023.

By approving this recommended increase in compensation for teachers and other eligible staff (a total budgetary impact of \$20.5 MM) CCSD will continue to demonstrate its commitment to keeping employees competitive with their peers in the Metro Atlanta region relative to compensation and benefits, thereby continuing to attract and retain the best staff possible.

#### **Capital Outlay Priorities**

Cherokee County will continue to experience modest student population growth in the near future, primarily at the middle and high school levels. Accordingly, continuing to address that growth with scheduled and approved renovations and expansions of existing schools and improved safety/security and technology enhancements will require utilization of capital outlay resources.

#### V. ED-SPLOST

CCSD is grateful to Cherokee County voters for their continued support in narrowing the extraordinary funding gap between the School District's capital outlay needs and revenue through the 2021 Special Purpose Local Option Sales Tax for Education (Ed-SPLOST) renewal, thereby enabling it to continue to support an award-winning instructional program by addressing its most pressing construction and technology needs.

With the School Board's decision to shift a portion of property tax collections from Maintenance and Operations (M&O) to Debt Service (starting with a half mill in FY2018, extended by another quarter mill in 2020 and 2022, and a half mill in 2023), coupled with higher than projected sales tax collections, the Debt Service Fund was sufficient enough in FY2022 to allow for an early payoff of \$28.9 MM in long term debt. The inclusion of property taxes toward Debt Service allows the School District to utilize funds provided by the 2016 and 2021 Ed-SPLOST to fund current needs. Major pay-as-you-go projects included in the FY2024 budget include the continued conversion of all lighting to LED, additional student learning devices, modernization of technology infrastructure and major repairs/maintenance of older buildings.

Funds provided by Ed-SPLOST-backed bonds are budgeted in FY2024 to continue the multi-year replacement Cherokee High School project, add a new instructional wing and auxiliary gymnasium at Creekview High School, add new instructional wing at Creekland Middle School, begin the multi-year project to build a replacement Free Home Elementary School, begin the construction of an auxiliary gym at River Ridge High School, renovation of the athletic facilities at Sequoyah High School, begin the construction of a classroom addition at Woodstock High School, continue major mechanical and roof renovations at several schools, and continue major repairs/renovations district wide all depending upon available funding and rising construction costs.

#### VI. CONCLUSION

The Superintendent's Recommended FY2024 Budget is developed through conservative budgetary frameworks and principles while providing a strong, impactful strategy to achieve our mission of educating the emerging learner. It has been imperative for CCSD to build this annual budget in a manner that promotes a world-class education for our students while simultaneously insuring the continued strength of the organization's operational, programmatic and fiscal health.

As part of the School Board's Meeting on May 18, 2023, the Superintendent will be requesting that the School Board review and table the Tentative Budget. After public advertisement and public hearings as required by Georgia Law, the School Board will receive final comments on the Tentative Budget, make revisions as necessary and be requested to adopt a final CCSD FY2024 Budget and set the 2023 millage rate at its June 15, 2023 School Board Meeting.

### CHEROKEE COUNTY SCHOOL DISTRICT OPERATING OVERVIEW

#### **LEGAL ENTITY**

The Cherokee County Board of Education (School Board) was established under the Constitution and laws of the State of Georgia. The School Board members are elected by the voters and the Superintendent is appointed by the School Board. The School Board is organized as a separate legal entity and has the power to levy taxes and issue bonds and its budget is not subject to approval by any other entity. Accordingly, the School Board is a primary government and consists of all the organizations that compose its legal entity.

#### **BUDGET PROCESS**

The Cherokee County Board of Education's budget is a detailed operating plan presented in a financial format as required by the State of Georgia, which identifies estimated expenditures in relation to estimated revenues. The budget reflects the School Board's priorities and represents a process through which policy decisions are developed, implemented and controlled. The budget is prepared on the modified accrual basis. The Office of Financial Management reviews the budgets for reasonableness and compliance, monitors them throughout the fiscal year and, if necessary, modifies them to assure the overall integrity of the School District's Annual Budget. If at any time during the budget year expenditure of funds in any budget function for any fund is anticipated to exceed by five percent the amount budgeted for that function in the School Board-approved budget, the Superintendent must recommend a budget amendment by the School Board to authorize the additional anticipated expenditures.

#### **BASIS OF ACCOUNTING**

The current financial resources measurement focus and the modified accrual basis of accounting are utilized for Governmental Funds, Expendable Trust Funds, and Agency Funds, meaning revenues are recognized in the accounting period in which they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues susceptible to accrual include ad valorem taxes, reimbursable-type grants and interest on investments. The School Board considers ad valorem taxes as available if they are collected within sixty (60) days after year-end. Expenditures are recorded when the fund liability is incurred.

#### FINANCIAL ACCOUNTS

The accounts of the School District are organized based on funds and account groups. The individual funds account for the governmental resources allocated for the purpose of carrying out specific activities in accordance with special regulations, restrictions or limitations. Governmental funds are used to account for the programs and activities of the governmental functions of the School District:

- **General Fund:** This fund serves as the primary operating fund of the School District. It is used to account for all financial resources except those required to be accounted for in other funds.
- **Debt Service Funds:** These funds are used to account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt.
- Capital Outlay Funds: These funds are used to account for financial resources to be used for acquisition or construction of capital facilities and equipment.

#### **EXPENDITURES**

Expenditures are generally recognized when the related liability is incurred and the transaction or event is expected to draw upon current spendable resources. To incur an expense, the item purchased must be received and consumed or the service purchased must be performed. Expenditures are categorized under seven dimensions that are needed for reporting data to the Georgia Department of Education:

- Object: identifies the type of service or commodity as a result of a specific expenditure. There are eight major object categories: (1) Personal Services Salaries, (2) Personal Services Benefits, (3) Purchased Professional and Technical Services, (4) Purchased Property Services, (5) Other Purchased Services, (6) Supplies, (7) Property, and (8) Other Expenses.
- Function: identifies group-related activities that aim to accomplish a major service or regulatory responsibility. The major categories are Instructional Services, Pupil Services, Improvement of Instructional Services, Instructional Staff Training, Educational Media Services, General Administration, School Administration, Support Services-Business, Maintenance and Operation of Plant Services, Student Transportation Services, Support Services-Central, School Nutrition Program, Community Services Operations, Facilities Acquisition and Construction Services, and Other Uses.
- Facility: designates the location where costs occur (schools and departments).
- **Program:** provides information on the objectives of expenditures.
- *Fiscal Year*: defines the 12-month period for which the budget applies (7/1/23 6/30/24).
- *Grant*: identifies State and Federal grants for reporting by code numbers assigned by the Georgia Department of Education.

• **Project/Reporting:** accounts for expenditures on projects funded through grants and to account for construction projects.

#### **REVENUE SOURCES**

The School District receives revenues for the purpose of educating students from three primary sources: State, local and federal sources.

<u>State Support</u> – The focus of the State educational funding program bases financial support for education upon the individual student participating in a particular educational program rather than upon the number of teachers or classrooms. The Georgia Quality Basic Education (QBE) funding formula is based on full-time equivalent (FTE) student counts in 19 instructional programs. Each of the programs is weighted to reflect the State's estimated costs associated with the program. School districts with higher concentrations of students requiring special education or remedial education receive additional funding needed to provide appropriate instructional services.

In addition, State funds are appropriated to meet other needs by means of categorical programs and special allocations. These include Indirect Costs, Media Center Program, 20 Days Additional Instruction, Staff and Professional Development, Pupil Transportation Program, State Principal Supplements and Nursing. **Projected State funding as a percent of total revenue is 38.7% for FY2024.** 

<u>Local Support</u> – Local revenue for school support is derived largely from ad valorem property taxes. Each school board is required under Georgia Quality Basic Education (QBE) to contribute a "local fair share" equal to approximately a five mill levy on the statewide equalized, adjusted tax digest. In addition, school boards are allowed to levy property taxes in excess of the required five effective mills to provide or support programs not funded by the State, up to a maximum of 20 mills for Maintenance and Operations (M&O). School Boards may also elect to levy additional mills for the purpose of re-paying bond indebtedness. **Projected Local funding as a percent of total revenue is 53.2% for FY2024.** 

<u>Federal Support</u> – Federal revenue for schools comes in two primary forms: flow-through grants from the Georgia Department of Education that are based on formulas intended to support students with high needs; and support of the United States Department of Agriculture School Nutrition Program. **Projected Federal funding as a percent of total revenue is 6.6% for FY2024.** 

#### **CAPITAL OUTLAY BUDGET PROCESS**

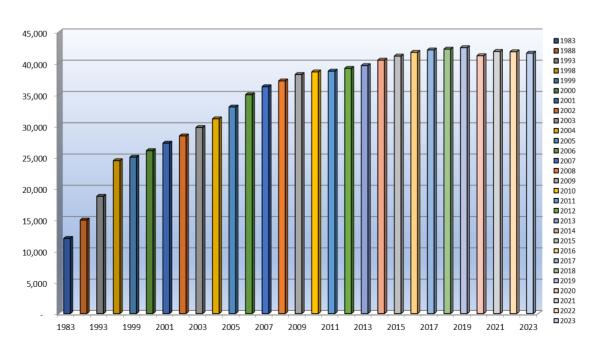

Funds to be budgeted for capital outlay appropriations are derived and estimated from the funding sources listed below:

- State Sources (Requires Legislative Approval):
  - 1. Georgia State Financing Investment Commission (GSFIC)
  - 2. Capital Outlay Entitlement
- Local Sources:
  - Bond Sales supported by 1% Special Local Option Sales Tax (Ed-SPLOST)
     Collections
  - 2. 1% Ed-SPLOST Collections
  - 3. Interest on Investments
  - 4. Transfers

The determination of the capital outlay budget is made in a multi-step, five-year planning process. The major components of the capital outlay budget are facilities projects, land acquisitions, technology and miscellaneous repairs/renovations. New school projects are budgeted over a multiple-year period and the annual appropriation amounts are determined based on the latest approved project budgets.

**Student Achievement: Access and Opportunity** 

**Organizational and Operational Effectiveness** 

Family, Partner and Community Engagement

**Positive Culture and Climate** 

**Quality Workforce** 

#### FY2024 SCHOOL BOARD MEMBER PRIORITIES

#### **OPERATING BUDGET CONSIDERATIONS**

#### Curricular Programming Expansion, Instructional Support and Student Achievement Improvement:

- Continue to maintain a 180-day school year calendar for students.
- Continue to support teacher needs/instructional needs to positively impact student achievement, with emphasis on Math/ELA.
- Continue to look at ways to be innovative in course offerings (CTAE) and in classroom supports (ESOL/Global Learning).
- Continue to evaluate and enhance CTAE Pathways that will benefit students based on diverse needs in demographic areas and enable them to graduate ready to enter the workforce or transition to a college, trade school or university.
- Increase kindergarten paraprofessionals in a model that allows full day support to supply those teachers assistance for early learners.
- Continue to address pandemic-related learning loss through potential summer school and initial/continued ESOL instruction for identified students.
- Increase the budget for essential instructional/school supplies (such as paper products) with consideration for potential supply shortages created by the current (problematic) supply chain so that instructional or support staff are not providing essential supplies.
- Continue to support empowerment and accountability expectations for school administrators, ensuring they are trained and equipped to lead programmatic, operational and fiscal improvement at the local school sites.

#### **Technology Expansion:**

• Continue to expand the one-to-one (at-school) computer initiative to more schools and provide additional connectivity devices to students without internet access outside of school.

#### **Workforce Stability:**

- Continue to evaluate and offer competitive compensation packages for all CCSD employees to attract and retain the best candidates and workforce.
- Continue to maintain smaller classroom sizes and protect teacher planning periods by meeting staffing goals.
- Continue to coordinate with school-site administrators a plan for teachers to protect planning time a set number of days per month, counting in such required meetings like RTIs/IEPs/PLCs, with further budgetary consideration for additional compensation for covering other classes (extended day format).

#### **Student and Staff Wellness:**

• Continue to enhance #CCSDCares to teach crucial life skills, including the ability for students to understand themselves, develop a positive self-image, take responsibility for their actions and develop social skills to work with those around them.

#### **Fiscal Stability:**

- Continue to support the financial well-being of the district by monitoring, maintaining, and adding processes to keep increasing CCSD credit rating, strengthening reserves, reducing the need for short-term borrowing, and (possibly) reducing the millage rate.
- Continue to utilize local property tax millage rate toward debt reduction.

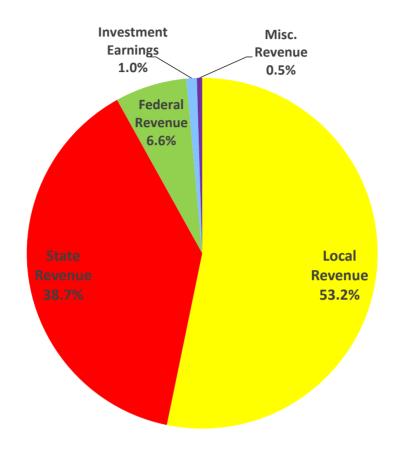

#### **Capital Improvements:**

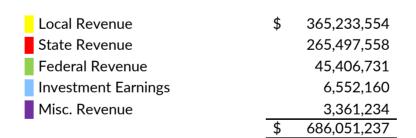

Investigate the necessary funding for artificial turf on all high school baseball/softball fields.

#### CHEROKEE COUNTY SCHOOL DISTRICT COMPARISON OF 2022-23 MILLAGE RATE TO RECOMMENDED 2023-24 MILLAGE RATES FISCAL YEAR 2023-24

In order to participate in the State's Quality Basic Education (QBE) Program, each school district is required to contribute a "required local effort" amount, determined by the State to be equal to a five mill levy on the equalized, adjusted statewide property tax digest.

For Cherokee County School District this required local effort will be \$69,762,872 in 2023-24, representing 4.88 mills of local property tax. Cherokee County Government also assesses taxpayers 2.0% or 0.33 mills annually to collect local taxes, which is also included in the Maintenance and Operation millage rate.

For Fiscal Year 2023-24 the total millage rate will be 17.95 mills, with 16.45 mills for Maintenance and Operation and 1.50 mills for repayment of bonds issued in previous years.

## CHEROKEE COUNTY SCHOOL DISTRICT FUNDING PRIORITIES BUILDING FUND FISCAL YEAR 2023-24

The Building Fund consists of three primary sources of revenue: proceeds from the issuance of General Obligation Bonds, collection of the 1% Special Purpose Local Option Sales Tax for Education (Ed-SPLOST) and limited funds earned through the State of Georgia capital outlay funding process [Georgia State Financing and Investment Commission (GSFIC)].

On November 2, 2021, the citizens of Cherokee County were asked to support the School District through approval of continuation of the Ed-SPLOST. The referendum was overwhelmingly supported by citizens (more than 74% voted "yes") and approved for the continuation of the 1% Ed-SPLOST for the years 2022 through 2026. Funds derived from Ed-SPLOST are used to pay the debt service on previously issued bonds as well as pay for current needs as stated in the referendum, including technology infrastructure and equipment, repair/renovation/maintenance of existing buildings and other capital outlay items. The School Board Priority Areas supported by the Building Fund are:

<sup>\*</sup>Does NOT include federal subsidies on the Series 2009B BABs or the Series 2010B QSCBs because they are subject to Congressional appropriation annually. The District anticipates receiving a federal subsidy payment totaling \$461,153 on August 1, 2023 and February 1, 2024 for the Series 2009B BABs and \$1,007,335 on August 1, 2023 and February 1, 2024 for the Series 2010B QSCBs.

<sup>\*\*</sup>The School District makes an annual payment of \$3,680,866 on or around January 15 of each year into the Series 2010B QSCB Invested Sinking Fund. The Invested Sinking Fund is structured to fully pay the debt service on the Series 2010B Bonds, thereby making the annual deposit into the Invested Sinking Fund the debt service obligation on the Series 2010B Bonds.

### CHEROKEE COUNTY SCHOOL DISTRICT PROJECTED DEBT SERVICE FUND BALANCE FISCAL YEAR 2023-24 BUDGET

The following chart shows the scheduled debt service payments, the Ed-SPLOST income projected (assuming a 1% annual growth and continued voter renewals), projected property tax and IRS subsidy revenue, and the fund balance that would grow as a result. This also assumes debt service payments as currently scheduled, except for the 2014A Series bonds which are anticipated to be defeased in FY2025. Higher payments would eliminate more principal and reduce interest payments accordingly.

#### INSTRUCTIONAL SERVICES--FUNCTION 1000

Function 1000 includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as online, television, radio, telephone and/or correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.
