SENIOR QUOTE FORM

Dear Parents/Guardians,

Please read, discuss, and complete this form together with your child in order to submit their senior quote for approval. Seniors, your quote should be the result of much forethought and consideration so it represents you at your best. We want you all to be proud of this now, tomorrow, and for the rest of your life.

SJA MISSION STATEMENT:

As a Catholic high school in the Diocese of St. Augustine, we seek to provide an equal opportunity for each student, in a challenging academic environment, to become a knowledgeable, self-directed, compassionate Christian, able to face the challenges of the future with faith, hope, and love.

VISION STATEMENT:

St. Joseph Academy graduates will be morally responsible persons with a well-developed commitment to social justice and an enhanced faith in Jesus Christ. They will be ready to face the 21st century historically grounded by a rigorous educational experience.

What is the purpose of a Senior Quote?

- Your senior quote should express something about yourself, something unique and individual to you or your worldview.
- You give meaning to the quote rather than letting someone else's words define who you are.
- What is the legacy you want to leave for others? What are the good things you want people to remember about you when you have gone?
- What are the good things you want to remember about yourself years from now when you open your yearbook again to reflect on how you spent your high school years and what you were like back then?
- The yearbook is an artifact and permanent record of this moment in your life. It is also an official school record, the content of which must align with the mission and vision statements included above.

I do not want a quote for the yearbook, leave it blank.

I want yearbook staff/advisor to suggest a quote from my interview
