

INSTRUCTION

Guest Speakers and Assemblies

The district permits the extension of instructional experiences through the judicious use of guest speakers in classrooms and as part of assembly programs. Content shared by guest speakers, assembly programs, and assembly activities are considered part of the district instructional and educational program and must adhere to Board policies.

Procedures shall be established for the approval of the use of a guest speaker consistent with the approved curriculum of the district. All guest speakers and the content of their program shall be reviewed and approved by the building principal prior to classroom presentation.

Procedures shall also be established for the approval of assembly activities. All assembly activities and the content of the assembly program shall be reviewed and approved by two administrators prior to the assembly. Such assemblies shall not inhibit nor advance religion. This restriction does not preclude the presentation of choral or musical assemblies which may use religious music or literature as a part of the program.
