THE ART OF STORYTELLING

The Fox, The Wolf, and The Hare

Once upon a time in a faraway forest there lived a wolf and a fox.

The wolf and the fox were in search of a hare.

After searching for the hare under the hay bale, they finally found it. The wolf and the fox begin to chase the hare.

During the chase, they all got tired and thirsty. So they took a break and drank from a waterfall.

But they didn't realize that the water was enchanted. So they begin to dance through the day and into the night.

And they lived side by side forever.
