Present School:		School Phone:	
City:	State:	Zip Code:	

The Indian River High School Honors Program is an essential component of the school's commitment to educate all of its students to the highest levels of their individual capacities. The goal of the program is to develop a community of scholars who value and are committed to reaching their full potential. Our program provides Honors and Advanced Placement courses in all four major content areas. Students must apply for and be accepted into the Honors Program. Along with this application, students must secure the recommendation of the content area teacher in the program they wish to apply for and attach the most recent copy of their report cards. Students should have a final grade of a B or higher in an honors level course or an A or higher in a general level course for consideration for the Honors Program. Students are to use the reverse side of this form to complete a short writing sample. This information should be turned in along with the other admission material.

In order to be considered for admission to the honors program, you must have the recommendation of your current 8th grade teacher in the content area for which you are applying. Your teacher's signature in the area below indicates his/her confidence in your ability to complete honors level work in their specific content area as well as his/her confidence that your final grade in the course will meet the criteria for the Honor's Program.

	Honors English Recommendation
	Honors Mathematics Recommendation
	Honors Science Recommendation
	Honors Social Studies Recommendation

I hereby authorize and request Indian River High School to review my/my child's records and consider him/her for admittance to the indicated honors program. If accepted, I agree to fully support the requirements of each individual honors course within the program, including the completion of all summer assignments.
