BOARD MEMBER REPORTS

Ms. Mayo congratulated Dr. Meyer and staff for the success of the District's parent conference. Ms. Mayo shared that she attended the District's new teacher orientation and the Region 7 delegate assembly meeting, which included representatives from Alameda and Contra Costa Counties. The primary topics discussed at that meeting were board member involvement in the LCAP process, and how school boards are evaluating services provided by outside legal firms.

Ms. Oaks shared that she attended many of the same meetings as Ms. Mayo, and noted that it was good to see both new and experienced teachers present at the new teacher orientation. Ms. Oaks shared that she was impressed with the District's parent conference.

Ms. Mason shared that she attended both the District's new teacher orientation and the parent conference, and complimented staff on those events. Ms. Mason shared that she also attended the MDUSD Adult School graduation ceremony for teens who earned their diplomas over the summer.

Mr. Lawrence shared that he is excited about the start of the new school year, and commended Dr. Meyer and staff for all of their preparations for the new year. Mr. Lawrence acknowledged the District has improved communication with parents regarding student overflows, though he noted that there are still some issues being raised by parents about the overflow process which need to be addressed.

Ms. Hansen thanked staff for their work on the District's parent conference, noting that it was very successful and a good opportunity for the District's new community liaison, Isabelle Lara, to begin working with parents. Ms. Hansen shared that she attended the new teacher orientation, and commented that teachers are once again seeking out the District as a place of employment. Ms. Hansen shared that she met with the Holbrook Heights Community Association and Michael Wright, Executive Director, Local Reuse Authority, City of Concord to discuss reopening Glenbrook Middle and Holbrook Elementary Schools, as well as the redevelopment of the Concord Naval Weapons Station.

SUPERINTENDENT'S REPORT

Dr. Meyer shared her excitement about the first day of school, and thanked staff members who worked all summer to prepare for the new school year. Dr. Meyer reported that the District's enrollment for the 2015-16 school year is 31,955, which is an increase of 400 students over 2014-15. Dr. Meyer noted that what had been predicted as continual decreases in enrollment have actually been increases for the past two years. The majority of new students are enrolling in grades TK-3.

Dr. Meyer announced that the District has hired 145 new teachers, many of whom attended the District's new teacher orientation. Dr. Meyer noted that Special Education teachers held their own training as well. Dr. Meyer shared a picture of teachers at Diablo View Middle School participating in the District's Professional Learning redesign project. Under this pilot program, teachers will have more choice in what they will learn through professional development. District staff will be presenting this program at the California School Boards Association in December.

Dr. Meyer shared photos from the District's parent education conference and described presentation topics addressed by staff members, including: Common Core Standards (Jennifer Sachs); accessing online resources (Josh Wittman); monitoring social media (Jonathan Eagan); and attendance/student services (Felicia Stuckey-Smith and James Wogan). Dr. Meyer reported that there is significant demand to provide Common Core information to parents throughout the year, and staff will be looking at the best way to do that. Dr. Meyer noted that Assembly Member Catharine Baker's office, Office Depot, and other business donated school supplies which were provided to students and parents at the event.

Dr. Meyer noted that the high school exit exam was canceled during the summer, leaving 20-30 MDUSD students, mostly English learners, in the position of having met all of the graduation requirements except the high school exit exam. Dr. Meyer announced that emergency legislation has been passed in the assembly and sent to the senate, and it is anticipated that the decision will be reversed and that students will not be denied their diploma as a result of the cancellation of that test.

Dr. Meyer shared that Personnel staff have been working hard to fill vacancies. Dr. Meyer noted that the new landscapers hired at a previous Board meeting have started work, and that on the agenda, staff is recommending new custodial services positions for school sites. Also on the agenda are the last of the site administrative positions. Dr. Meyer noted that if approved, all school site administrative positions will be filled prior to the opening of school for the first time in recent years. Dr. Meyer also announced that all of the transportation driver vacancies have been filled prior to the start of school. Dr. Meyer shared that the District is still hiring teachers in Math, Science, Special Education, or who are bilingual. The District is also seeking Special Education assistants.
