

Proposal for Learning Resources Adoption, 2018

Social Studies - Grades 6-8

A team of social studies teachers consisting of one representative from each grade level at each school began preparation for the social studies resource adoption on November 14, 2017. The team began the work by analyzing the GSE social studies standards and reviewing available resources. On December 13, 2017, the team met again and reviewed additional resources to ensure alignment to standards. At the end of the day, the team submitted a list of three resource choices they were interested in receiving additional information and reviewing further. On February 1, vendors met with the team to present an in-depth look at the resources and answer teacher questions. Feedback was collected collaboratively during each meeting for the team to share with the teachers at their individual schools. Teachers at each school reviewed the information and submitted grade level recommendations for social studies resources for their schools by February 28, 2018. Since the final submission of recommendations, the Curriculum Office has been working with vendors to answer specific product questions and receive price quotes.
