Chapter 1: Introductory Information & General Notices

1.00 School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. East St. Louis School District 189 and your child's school play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and School District 189 to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and School District 189. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and District in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and District will ensure that educational opportunities are available to all students.

7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with School District 189 or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or School District 189 officials if you have any concerns regarding your child's education, health or safety.

1.50 Equal Educational Opportunities and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Keisa Garrett, Chief of Schools at keisa.garrett@estl189.com or 618-646-3020.

1.60 Animals on School Property

In order to assure student health and safety, animals are not allowed on School District 189 property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.70 School Volunteers

All School District 189 volunteers must complete the “Volunteer Form and Waiver of Liability” and be approved by the building principal prior to assisting at the school. Forms are available in the school office or district office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

1.80 Invitations & Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed.

1.85 Treats & Snacks [K-8]

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks must not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

All foods offered on the school campus during the school day are encouraged to meet or exceed the USDA Smart Snacks in School nutrition standards. The District will discourage staff to use food/beverage as a reward and encourage staff to explore alternatives to food for celebrations and incentive programs. Providing alternatives to food as a reward promotes healthier habits by reducing exposure to less nutritious food items and, therefore, the amount of calorie-dense food items consumed (e.g. cakes, cookies, candy, etc.). This helps children develop improved food preferences and hunger cues to carry them throughout life.

1.90 Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of East St. Louis School District 189 school closings or early dismissals. School closings for any reason will be announced by 7:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information or visit our website at www.estl189.com for details.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically canceled.

1.100 Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and School District 189 property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.110 Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all East St. Louis School District 189 school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1.120 Students with Food Allergies

State law requires East St. Louis School District 189 to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at your child's school.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. School District 189 may also be able to appropriately meet a student's needs through other means.

1.130 Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District 189 representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

1.140 Suicide Prevention and Depression Awareness

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of School District 189.

The District maintains student and parent resources on suicide and depression awareness and prevention at <https://www.estl189.com/domain/407>. Additional information, including a copy of School District 189's policy, is posted on the District website at www.estl189.com. Information can also be obtained from the school office.

1.150 Accommodating Breastfeeding Students

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

1. Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
2. Permission to bring onto school campus a breast pump or other equipment used to express breast milk.
3. Access to a power source for a breast pump or any other equipment used to express breast milk.

4. Access to a place to store expressed breast milk safely.
5. Reasonable breaks to accommodate the student's need to express breast milk or breastfeed an infant child.
6. The opportunity to make up work missed due to the student's use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to School District 189's Complaint Manager or Non-Discrimination Coordinator.

1.160 Parent Organizations and Booster Clubs

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following and has submitted these to the Board of Education for approval:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parents/guardians of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members, including on any organization or club websites or social media accounts.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

1.170 Student Appearance (New November 2021)

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

1.180 Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors and Boundary Violations (New June 2022)

Warning Signs of Grooming Behaviors

School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples of grooming behaviors include, but are not limited to, the following behaviors:

- Sexual or romantic invitations to a student
- Dating or soliciting a date from a student
- Engaging in sexualized or romantic dialog with a student
- Making sexually suggestive comments that are directed toward or with a student
- Self-disclosure or physical exposure of a sexual, romantic, or erotic nature
- Sexual, indecent, romantic, or erotic contact with a student
- Failing to respect boundaries or listening when a student says “no”
- Engaging in touching that a student or student's parents/guardians have indicated is unwanted
- Trying to be a student's friend rather than filling an adult role in the student's life
- Failing to maintain age-appropriate relationships with students
- Talking with students about personal problems or relationships

- Spending time alone with a student outside of their role in the student's life or making up excuses to be alone with a student
- Expressing unusual interest in a student's sexual development, such as commenting on sexual characteristics or sexualizing normal behaviors
- Giving a student gifts without occasion or reason
- Spending a lot of time with a student
- Restricting a student's access to other adults

Warning Signs of Boundary Violations

School and District employees breach employee-student boundaries when they misuse their position of power over a student in a way that compromises the student's health, safety, or general welfare. Examples of boundary violations include:

- Favoring a certain student by inviting the student to "hang out" or by granting special privileges
- Engaging in peer-like behavior with a student
- Discussing personal issues with a student
- Meeting with a student off-campus without parent/guardian knowledge and/or permission
- Dating, requesting, or participating in a private meeting with a student (in person or virtually) outside of a professional role
- Transporting a student in a school or private vehicle without administrative authorization
- Giving gifts, money, or treats to an individual student
- Sending a student on personal errands
- Intervening in a serious student problem instead of referring the student to an appropriately trained professional
- Sexual or romantic invitations toward or from a student
- Taking and using photos/videos of students for non-educational purposes
- Initiating or extending contact with a student beyond the school day in a one-on-one or non-group setting
- Inviting a student to an employee's home
- Adding a student on personal social networking sites as contacts when unrelated to a legitimate educational purpose
- Privately messaging a student
- Maintaining intense eye contact with a student
- Making comments about a student's physical attributes, including excessively flattering comments
- Engaging in sexualized or romantic dialog
- Making sexually suggestive comments directed toward or with a student
- Disclosing confidential information
- Self-disclosure of a sexual, romantic, or erotic nature
- Full frontal hugs
- Invading personal space

Chapter 2: Attendance, Promotion & Graduation

2.10 Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

2.20 Student Absences (updated January 2023)

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS (grades 6-12), attend a civic event (middle and high school), or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty

for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

2.30 Release Time for Religious Instruction/Observance

A student attending East St. Louis School District 189 will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

PRESS 7:80, *Release Time for Religious Instruction/Observation*

2.40 Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

Cross Reference:
PRESS 7:70, *Attendance and Truancy*

2.50 Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and School District 189.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and School District 189 will take further action, including:

- Referral to the truancy officer

- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

2.60 Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

2.70 Homework (Updated June 2022)

Homework is used as a way for students to practice or extend what they have learned and/or prepare for learning in the classroom. The time requirements and the frequency of homework will vary depending on a student’s teacher, ability and grade level.

Students who are absent from school for a valid cause (an excused absence) may make up missed homework in a reasonable timeframe.

2.80 Exemption from Physical Education Requirement [High School] (Updated November 2021)

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical

Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band for credit;
2. Enrollment in Reserve Officers Training Corps (ROTC) program sponsored by School District 189;
3. Ongoing participation in an interscholastic or extracurricular athletic program;
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits School District 189 from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above or in Handbook Procedure 10.30.

The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.301.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

2.90 Credit for Proficiency, Non-District Experiences, Course Substitutions and Accelerated Placement (Updated January 2023)

Credit for Non-District Experiences

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course.
2. Courses in an accredited foreign exchange program.
3. Summer school or community college courses.
4. College or high school courses offering dual credit at both the college and high school level.
5. Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education.
6. Work-related training at manufacturing facilities or agencies in a Tech Prep Program.
7. Credit earned in a Vocational Academy.

Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities.

Students who do not otherwise meet a community college's academic eligibility to enroll in a dual credit course taught at the high school may enroll in the dual credit course, but only for high school credit.

Proficiency Credit

Proficiency credit is available in limited subjects where a student demonstrates competency. Contact the building principal for details.

Substitutions for Required Courses

Vocational or technical education. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The building principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution in writing on forms provided by the District.

Registered apprenticeship program. A student in grades 9-12 who is 16 years or older may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing a registered apprenticeship program listed by the school district. Students may find a registered, but not listed, apprenticeship program with a business or organization if a registered apprenticeship program is not offered in the school district.

Advanced placement computer science. The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

Volunteer service credit. A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

Accelerated Placement

The District provides for an Accelerated Placement Program (APP) for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact: kimberly.hopkins@estl189.com or call 618-646-2931.

2.110 Early Graduation (High School)

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted to the building principal prior to the start of the student's seventh semester, which will then be reviewed by the Superintendent or designee.

Early graduates must make arrangements with the high school office for anything pertaining to the graduation ceremony (i.e. announcements, cap and gown rental, graduation practices, etc.).

Any student enrolled in an off-campus course to fulfill graduation requirements must show documentation of such course(s) by the last day of the seventh semester. Failure to produce this documentation will result in denial of the early graduation petition.

The student and a parent will schedule a conference with the Principal and the senior counselor prior to the start of the student's seventh semester. At the conference the student should be prepared to justify his/her request to graduate early.

Free Application for Federal Student Aid (FAFSA) Graduation Requirement

As a prerequisite to receiving a high school diploma, the parent or guardian of each student or, if a student is at least 18 years of age or legally emancipated, the student must comply with either of the following:

(1) File a FAFSA with the United States Department of Education or, if applicable, an application for State financial aid.

(2) File a waiver indicating that the parent or guardian or, if applicable, the student understands what the FAFSA and application for State financial aid are and has chosen not to file an application.

Upon request, the school will provide a student and his or her parent or guardian any support or assistance necessary to comply with this requirement.

A school district may award a high school diploma to a student who is unable to meet this requirement due to extenuating circumstances, as determined by the school district, if (i) the student has met all other graduation requirements, and (ii) the principal attests that the school district has made a good faith effort to assist the student or, if applicable, his or her parent or guardian in filing an application or a waiver.

Chapter 3: Student Fees & Meal Costs

3.10 Waiver of Student Fees (Updated January 2023)

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Students will not be denied the opportunity to participate in curricular and extracurricular programs of the school district due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line;
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the Building Principal. Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to

provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

In School District 189, breakfast will continue to be provided to students prior to the start of the school day. To fulfill the Breakfast After the Bell mandate, breakfast will remain available for students in the cafeteria for 30 minutes after the school day begins. Students are encouraged to take advantage of eating breakfast prior to school and then report to class for the beginning of the instructional day.

School Lunch

Each school provides a staggered lunch schedule. Contact your school for details.

Community Eligibility Provision

We are pleased to inform you that East St. Louis School District 189 will be participating in the Community Eligibility Provision (CEP) for School Year 2022-2023, an option available to schools participating in the National School Lunch and School Breakfast Program.

Chapter 4: Transportation & Parking

4.10 Bus Transportation

East St. Louis School District 189 provides bus transportation to and from school. Parents are notified of their child's assigned bus stop at the beginning of the school year. Students are not permitted to ride a bus other than the bus to which they are assigned.

While students are on the bus, they are under the supervision of the bus driver and/or bus monitor. In most cases, student behavior problems can be handled by the bus driver and/or bus monitor. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The East St. Louis School District 189 School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. School District 189's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive **ten minutes prior** to the stated stop time and remain in place until **ten minutes after** the stop time at the bus stop, and stay away from the street while waiting for the bus. If the bus has not arrived during that time interval please call the bus company at (618) 394-1903 to let them know your bus has not arrived.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file line without pushing. Always use the handrail.

4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, **wait for the driver's signal** and then **cross in front of the bus**. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

4.15 Bus Conduct

Students should exhibit responsible behavior from the time they leave their home for school in the morning to the time that they return to their home from school in the afternoon or evening (portal to portal). Parents have the primary responsibility for the behavior of their children at the bus stop. However, the School has the responsibility and authority to administer consequences to students who exhibit inappropriate behavior from the moment they leave home in the morning, until students return home from school. Students must show respect for others at the bus stop and for the owner's property around the bus stop. Any violation of desired conduct may lead to loss of the privilege to ride the bus.

When students are being transported to and from school on school buses, Metro, or any other authorized mode of transportation, they are considered to be on school property. The rules of this Student Handbook will prevail. Student safety is the primary concern of the Transportation Department. Misbehavior on school buses poses a threat to the safety of everyone on the roadway. Laws and regulations have been established to ensure the safety of students and drivers on District owned/operated, contracted, or authorized vehicles. Any violation will be reported to the school principal. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the Board may suspend the pupil from the bus in excess of ten (10) school days for safety reasons (state law). In the event of a bus suspension, the parent or guardian is expected to provide transportation to and from school for their child, as this suspension applies only to the loss of bus riding privileges.

Violation of bus rules may result in disciplinary action as outlined in the Student Handbook. Rules governing eating and drinking on the bus for field trips or special activities will be determined by the driver and the staff member in charge of the activity. School/District authorized personnel may view videotapes of student interactions on buses. Parents may be denied access to these tapes if the identity of students, other than those belonging to the parents, is divulged and could potentially constitute privacy rights violations.

A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or School District 189 policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the East St. Louis School District 189 School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

Students in violation of this Bus Safety Rules are subject to the following consequences:

- **First offense** – A verbal warning will be assigned. The student will continue to enjoy bus ridership privileges.
- **Second offense** – Parent Contact. The student's parent/guardian will be notified that if misbehavior continues the student will be suspended from the bus.. The student may also face consequences for insubordination.
- **Third offense** – 3 Days Bus Suspension. The student's parent/guardian will be notified and required to provide transportation for the student for 3 days. The student may also face consequences for insubordination.
- **Fourth offense** – 5 Days Bus Suspension. The student's parent/guardian will be notified and required to provide transportation for the student for 5 days.
- **Repeated offense** – 10 days Bus Suspension. Continued misconduct may result in the student being removed from bus transportation. The student's parent/guardian will be notified and required to provide transportation for the remainder of the school year. The student has lost bus transportation privileges. The student may face consequences for insubordination.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

*** In the event that a student will not ride the bus, daycare van, or regular mode of transportation as assigned, the school must be informed 2 hours prior to the end of the school day.

For parents who choose to transport their child to and from school, School District 189 offers a Guardian Transportation Reimbursement program. To participate, families must opt out of receiving bus transportation services. To apply for the Guardian Transportation Reimbursement program, contact the child's school office or for other questions, please contact Dr. Lawrence Tourijigian at lawrence.tourijigian@estl189.com or at 618-646-3192.

4.20 Parking (High School)

Students may park their vehicles in the lot designated in the back of the building located at 4900 State Street, East St. Louis, IL, 62201 during school hours including hours the school is open for after school and extracurricular activities. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The school principal shall be responsible for communicating the parking areas for school staff, personnel, and others designated by administration. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

4.20 Parking (K-8)

The school has designated locations available for school visitor parking. Those dropping off and picking up children may do so in designated areas before and after school.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Chapter 5: Health & Safety

5.10 Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or School District 189 for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

5.20 Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or School District 189 employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

School District 189 shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless School District 189 and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Please note: District administration reserves the right to make changes to uniform expectations if these changes or other events disrupt the educational experience or impact student safety.

***Students who are not dress-code compliant may be asked to change clothes or wear an article of clothing provided by the school.**

Clear Backpacks Now Required at Secondary Schools

In an effort to support school safety, students at East St. Louis Sr. High School, Mason/Clark Middle School, Lincoln Middle School and Bush Alternative Center should only use clear backpacks beginning in the new school year. Backpacks are not required, but if students at these schools wish to utilize one, it must be clear. The backpack plastic must be completely transparent, but the straps to carry them do not have to meet this requirement. Students are allowed to carry a non-clear pouch or purse no larger than 5.5 inches by 8.5 inches to hold personal items, such as hygiene products or cellphones.

Traditional, colored backpacks are still allowed at the preschool and elementary levels as well as at the Young School of Excellence.

Student Identification Policy

Students at middle and high school levels receive a photo identification card at the beginning of the school year and are required to wear their ID cards in a visible location while at school. Students in Pre-K and elementary schools will also receive ID cards. The School District will provide a lanyard for new students to use to display their ID.

During the school day, students may be required to use their ID to:

- Receive breakfast / lunch items
- Enter the building / class
- Check out library materials
- Use school computers
- Extracurricular activities / school-wide events
- And or any other purposes as required by district administration

This rule is in place for the safety of all staff and students. In an emergency, the only way to ensure who belongs in the building and who does not is through proper identification. Students and staff are expected to follow this policy. Replacement of a lost, stolen, or damaged ID will be charged a fee of \$5.

6.30 Student Behavior (Updated June 2022)

Prohibited Student Conduct

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling or offering tobacco or nicotine materials, including electronic cigarettes, e-cigarettes, vapes, vape pens or other vaping related products.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:
 - Any illegal drug, controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.
 - Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
 - Any substance inhaled, injected, smoked, consumed or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.
4. Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.
 5. Using, possessing, controlling or transferring a "weapon" or violating the procedures listed below under the Weapons Prohibition section of this handbook procedure.
 6. Using or possessing an electronic paging device.
 7. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and

out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

8. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
9. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.
10. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
11. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.
12. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.
13. Engaging in teen dating violence.
14. Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person's personal property.
15. Entering school property or a school facility without proper authorization.
16. 21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
22. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual

because of his or her duties or employment status or status as a student inside the school.

23. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or
5. During periods of remote learning.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.

2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

6.40 Prevention of and Response to Bullying, Intimidation, and Harassment (Updated November 2021)

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content

or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. 6.45 Harassment & Teen Dating Violence Prohibited

Harassment Prohibited

No person, including a school or school district employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity (whether or not traditionally associated with the student's sex assigned at birth); gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. Sexual Harassment Prohibited

The school and district shall provide an educational environment free of verbal, physical, or other conduct or communications constituting harassment on the basis of sex as defined and otherwise prohibited by State and federal law.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

6.80 Student Use of Electronic Devices (Updated June 2022)

Student Use of Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, audio or video recording device, personal digital assistant (PDA), ipod®, ipad®, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept silenced and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Students are allowed to use electronic devices during non-instructional time, which is defined as before and after school and during the student's lunch period.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this procedure are subject to the following consequences:

- **First offense** – The device will be confiscated by school personnel. A verbal warning will be assigned. The student will receive the device back at the end of the day in the school office.
- **Second offense** – The device will be confiscated. A detention will be assigned. The student's parent/guardian will be notified and required to pick up the device in the school office.
- **Third offense** – The device will be confiscated. A detention will be assigned. The student's parent/guardian will be notified and required to pick up the device in the school office. Additionally, the student will be prohibited from bringing the device to school for the next 10 school days. If the student is found in possession of the device during this 10-day period, the student will be prohibited from bringing the device to school for the remainder of the school year. The student will also face consequences for insubordination.
- **Fourth and subsequent offense** – The device will be confiscated. The student will be assigned a detention and will be prohibited from bringing the device to school for the remainder of the school year. The student's parent/guardian will be notified and required to pick up the device in the school office. The student will also face consequences for insubordination.

Code of Conduct

HOW THE STUDENT CODE OF CONDUCT SHOULD BE USED

The handbook should be used as a guide to support for all schools in creating a safe, supportive, respectful, and productive learning environment by (1) guiding students towards positive behavior, and (2) responding quickly and consistently to correct any inappropriate student behaviors. In a safe, supportive, respectful, and productive learning environment, all students are instructed on and understand what behaviors are expected of them and can demonstrate appropriate behavior/conduct at school. If a student behaves inappropriately, school staff members are expected to intervene immediately to maintain a safe and conducive environment for all, as well as support the misbehaving student's process of behavioral change and relationship repair. Therefore, the members of East St. Louis Community--teachers, students, administrators, parents and community members--will seek to use discipline as an intervention strategy to improve student behavior and academic performance. This Student Code of Conduct is designed to clarify school practices and policies governing the rights and responsibilities of students, parents, teachers, contracted staff (bus drivers and food services), and other school personnel. Staff stands *in loco parentis*, that is, they are responsible for students in the absence of parents. We strive for a positive climate in all our buildings and activities. Therefore, all standards of conduct will apply during school hours, while going to and from school (portal to portal), at any school-related event regardless of time or location, and within the digital community.

This updated edition of the Student Code of Conduct represents the work of a committee of parents, students, staff and administrators who examined the data and practices from within the district and across the state. This content is distributed electronically to all staff, students and parents within the first 10 days of school, and to new students within 5 days of their enrollment in the school district. 10 day enrollment period or within 5 days after a new student enrolls throughout the school year. This code of conduct can be found at www.estl189.com under the "STUDENTS tab - STUDENT HANDBOOK". A physical copy will be provided, upon request from your school. All community members are encouraged to study and discuss the contents. If you have any questions regarding this Code of Conduct, your school principal will be pleased to discuss this with you. You can call Lori Chalmers, Director of Pupil Services & COVID-19 Compliance at 618-646-3340 or pose questions at questions@estl189.com.

RESPONDING TO POSITIVE STUDENT BEHAVIOR

The most critical step to building a safe, respectful, peaceful, supportive, and productive learning environment is establishing a positive school climate where students and adults have strong relationships and students understand what is expected of them as learners at school. Schools should nurture students by providing them with positive behavioral support and meaningful opportunities for improving social and emotional skills, such as recognizing and managing emotions, developing caring and concern for others, making responsible decisions, establishing positive relationships, and handling challenging situations using restorative practices in a constructive way. School principals and staff members must establish and maintain a positive school climate and must effectively communicate, teach, and model the positive behaviors they expect students to exhibit in the classroom and in other

parts of the school throughout the day. In order to guide students to positive behavior, all school staff must follow these steps:

1) Set expectations for positive behavior

- Create expectations for positive behavior and predictable routines for students using restorative circles to build relationships, discuss classroom rules and expectations, and give students a voice in their classrooms and environments.
- Post expectations for positive behavior throughout the school.
- Regularly communicate high expectations for student success demonstrating positive behaviors.

2) Teach positive behavior.

- Build positive relationships with students.
- Model positive behavior for students.
- Explicitly teach students how they can best demonstrate positive behavior and follow expected routines. For example, specify expected behavior while learning in the classroom, moving through the hallways, eating in the cafeteria, entering the building, leaving at dismissal, etc.
- Practice expected behavior with students in all settings.

3) Reinforce positive behavior.

- Regularly review expectations for positive behavior, re-teaching and allowing practice as needed.
- Provide frequent feedback to students on their behavior, both appropriate and inappropriate, so they know if and how they are meeting the school's expectations.
- Praise and reward students for demonstrating positive behavior, especially when it is a new behavior for that student.
- By setting expectations, teaching students to meet those expectations and regularly reinforcing appropriate behaviors, District 189 will see fewer incidents of inappropriate behavior and more time spent learning. It is the right and responsibility of students, parents, and staff to support this work.

RESPONDING TO INAPPROPRIATE STUDENT BEHAVIOR

All members of the school community should take steps to correct a student's inappropriate behavior, support the student in short and long term behavioral change, remedy any harm caused, support ownership and accountability of the inappropriate behavior by the student who committed it, and prevent the same inappropriate behavior from reoccurring. Besides teaching, supporting, and engaging in positive behaviors, buildings also must support a safe, respectful, supportive, and productive learning environment.

Illinois PA 99 - 0456/Senate Bill 100 (SB 100) requires that prior to imposing long term suspensions (4-10 days), expulsions and disciplinary removals to alternative schools, all "appropriate and available behavioral interventions" must be exhausted. By law, school authorities retain the ability to determine what behavior interventions are appropriate and available on a case-by-case basis. Short term suspensions (1-3 days) do not require school authorities to exhaust behavioral interventions.

SB 100 allows for exclusionary discipline for acts of gross disobedience or misconduct. Additionally, for a short term suspension (1-3 days) the student's continued presence at school must constitute a threat to school safety or a disruption to other students' learning opportunities. For long term suspensions (4-10 days), expulsions and disciplinary removals to alternative schools, a student's continuing presence at school must constitute a threat to the safety of other students, staff or the school community or substantially disrupt, impede, or interfere with the operation of the school.

Therefore, this handbook offers "**RECOMMENDED INSTRUCTIVE, CORRECTIVE, OR RESTORATIVE RESPONSES**" which have been found to be evidence based or evidence-informed instructive and corrective consequences that administrators use when responding to inappropriate behavior.

Instructive, corrective, restorative practices offer alternatives to traditional school discipline consequences. Rather than focusing on punishment, these practices seek to repair the harm done and to teach more appropriate behaviors for the future. At its best, through face-to-face dialogue, restorative practices result in consensus-based plans that meet most victim-identified needs in the wake of a punishable activity. Instructive, corrective, and restorative practices do not replace certain types of disciplinary actions.

Our goals for resolving students' discipline concerns are aligned to the three core elements of restorative justice:

1. Encounter
2. Repair
3. Transform

Each element is discrete and essential. Together they represent a journey toward wellbeing and wholeness that victims, offenders and community members can experience. Encounter leads to repair, and repair leads to transformation. Along with the three core concepts we work to build an environment consistent with the 5 R's of Restorative Justice:

1. Relationships
2. Respect
3. Responsibility
4. Repair
5. Reintegration

INSTRUCTIVE, CORRECTIVE, RESTORATIVE INTERVENTIONS

This list is a framework and is not meant to be fully inclusive of all possible interventions that are available when a student's behavior does not meet expectations and requires an intervention and/or a consequence. Each school in District 189 has access to Branching Minds Response To Intervention (RTI) / Multi-Tiered Systems of Support (MTSS) Tool which contains many strategies that can be employed to help teachers and child support/study teams monitor student intervention plans for a student exhibiting many types of behaviors. The Devereux Student Strengths Assessment (DESSA) is an empirically sound and nationally normed behavior rating assessment used to support student growth. The DESSA

System is a comprehensive, cloud-based system used to assess, inform and improve the social and emotional skills of children both in-school and out-of-school. All students should have a completed mini DESSA assessment in order to allow staff and students to intervene early and often. Additionally, Social Emotional Education will support the further development of all student's social emotional progress. All students will be assessed in the following 8 domains:

1. Optimistic Thinking
2. Self Awareness
3. Self-Management
4. Goal Directed Behavior
5. Decision Making
6. Personal Responsibility
7. Relationship Skills
8. Social Awareness

Should a student need additional and more intense support, the intervention plan meets the guidelines for a positive reinforcement intervention plan. Student motivation preference should be gathered from surveying the student. Students are motivated mainly in one of 5 ways:

1. Adult Approval (A)
2. Competitive Approval (CM)
3. Peer Approval (CP)
4. Independent Awards (I)
5. Consumable Awards (CA)

Once an intervention plan is developed, interventions such as those listed next are implemented.

DISCIPLINARY INFRACTIONS, INTERVENTIONS & CONSEQUENCES

The resolution of inappropriate behaviors is the joint responsibility of administrators, teachers, support personnel, and parents. Notification of parents is strongly recommended before, during and after formal referral procedures. Administrative intervention can also be initiated prior to engaging the formal referral process.

A referring teacher and/or staff member (Teacher, Certified SEL School Support, Behavior Support Teams and/or Child Study team) must present documented evidence of persistent behavior and appropriate interventions with outcomes.

Parents should be notified when the school deems it necessary to implement an initial intervention plan. This notification will occur after repeated infractions (2 or more). This intervention plan must be signed, dated and stored within the intervention system, prior to the start of the intervention plan.

Interventions should be implemented as appropriate and necessary. Progress monitoring data should be updated per the intervention plan and should be reviewed by the parent and student as student progress is discussed.

GROSS DISOBEDIENCE OR MISCONDUCT

The following pages provide examples of gross disobedience or misconduct, and the list is not exhaustive. All parents and students should be aware that some of the acts may also bring criminal prosecution and penalties as well as school disciplinary action.

The school, individual staff members, the police, state's attorney, parents, and/or students may bring legal action. A copy of suspension letters that involve any criminal act shall automatically be sent to the appropriate law enforcement agency. Students and parents have the right to due process and appeal disciplinary action taken against a student (105 ILCS 5/10-22.6).

Please see the Student Behavior Management Process and Flow Chart on the following page. The chart notes which portions are Teacher/Staff Managed and which are Administration Managed.

REFERENCE CHART 1

INFRACTIONS & CONSEQUENCES

For a sample of interventions, please see the Sample Intervention Chart.

Among the factors that an administrator considers prior to assigning consequences for inappropriate behavior include:

1. Student's age
2. Seriousness of the offense
3. Frequency of inappropriate behavior
4. Circumstances and Intent (including out of school factors)
5. Potential effect of the misconduct in the school environment
6. Relationship of the behavior to any disabling condition
7. Any act that causes injury or harm will increase the level of the infraction

Administrative actions are not limited to the disciplinary actions listed.

LEVEL 1

The resolution of Level 1 behaviors is the joint responsibility of teachers, support personnel, and parents. Notification of parents is recommended. Administrative and parental assistance can be initiated without engaging the formal referral process. Persistent Level 1 behaviors can result in a repeated infraction being listed as a Level 2 behavior. A referring teacher and/or staff member may present documentation of persistent misbehavior that requires administrators to address Level 1 infractions as Level 2 infractions. District 189 staff will work with families and students to design an intervention plan to support short and long term student behavioral change, with the expectation of preventing more aggressive infractions and/or chronic infractions.

LEVEL 2

All Level 2 infractions must accompany an immediate and timely intervention meeting with parents. If a suspension is warranted due to repeated offenses, or egregious behavior that interferes with the classroom/school environment, District 189 will make every effort to have a pre-suspension conference with parent(s)/guardian(s) in order to ensure that there is a long term plan for intervention with the youth including but not limited to classroom interventions, school-wide check-in interventions, available individual and group mental health services, and family wrap-around services. A parent conference will be required before the student returns to school.

If severe or repeated misbehaviors occur, and intervention plans with the student are unsuccessful, the building administrator reserves the right to exceed the range of consequences recommended in this document. Possible consequences include instructive/corrective and/or restorative consequences, lunch or after school detention (excluding loss of recess), out-of-school suspension (1–3 days), and long or short term placement in alternative education programs.

LEVEL 3

Level 3 behaviors are critically disruptive and/or potentially a danger to the safety and well-being of all in the school environment. Any violation resulting in a suspension will require a parent conference upon returning to school. Possible interventions/consequences are, but not limited to: Re-entry conference with parents, administration, staff and affected persons, other instructive/corrective and/or restorative consequences, before, during or after school detention (excluding recess), out-of-school suspension (longterm 4-10 days) and possible expulsion and/or long or short term placement in alternatives in education programs.

Different options may be taken in response to Level 3 acts of misconduct by the administration or designee, including but not limited to: Out-of-school suspension, temporary or permanent removal from extracurricular activities, expulsion, involvement of law enforcement and/or financial restitution.

LEVEL 3

CONCERNING PHYSICAL CONFRONTATIONS/VIOLENCE

- The use of violence as a means of settling disputes is unacceptable. Staff members may intervene in physical confrontations to restore order and ensure the safety of students.
- When a staff member arrives on the scene of a confrontation and instructs students to stop fighting, students are expected to cease and desist from any further hostilities.
- If a student refuses to stop fighting and, as a result, strikes, shoves, or otherwise comes into physical contact with a staff member, the principal shall recommend to the Board of Education that the student be reassigned to an alternative in education program, or expelled.
- If there are extenuating circumstances that mitigate the student's conduct, the principal must submit in writing to the Superintendent the reason that the student should not be recommended for an alternative in education program and/or expulsion.

CONCERNING WEAPONS

- As required by the Illinois School Code, 7051LCS 5/1022.6(d), students who engage in weapon-related activities shall be expelled for a period of not less than one year, unless modified by the Superintendent or the Board of Education.

CONCERNING CRIMINAL CONDUCT

- Local Police may be contacted in conjunction with several offenses listed in Level 3.

DUE PROCESS PROCEDURES

Due process is a set of procedures to ensure that the rights of students are protected. These rights include the opportunity to know the specific charges or allegations leveled against him/her, the student's right to present his/her version of the incident(s), and the opportunity at various levels to appeal the decision rendered at any lower level. The appeal process for suspension ends with a review at the Superintendent's level.

1. The authorized administrator will confer with any student who is under consideration for suspension prior to taking any disciplinary action.
2. Prior to suspension, the authorized administration will ascertain whether the student is a student with special education eligibility or may be eligible for special education services. If so, the authorized administrator must also follow the procedures set forth under SPECIAL EDUCATION PROCEDURES.
3. The student will be advised of the reason(s) for the proposed suspension and the evidence in support of the reason(s). The student will also be afforded an opportunity to respond.
4. The authorized administrator conferring with the student will make a written record of the conference.
5. The authorized administrator, after following the above due process procedures, may then determine whether to suspend the student in accordance with the notification requirements as set forth below.
6. When, in the opinion of the authorized administrator, a student poses an immediate threat to school personnel, other students or school property, or poses an ongoing threat of disruption to the educational process, the student may be summarily removed from school without holding a suspension conference as set forth above. In such an event, written notice, sent by certified mail or hand delivered by the principal or designee will be given to the parent(s)/legal guardian(s). The notice will request the student to attend a post-suspension conference as soon as possible after the notice is received. All suspensions will require that a parent conference be scheduled prior to the student's return to school. The parent(s)/legal guardian(s) will be advised by written notice of any subsequent disciplinary decision.
7. District 189 recognizes the importance of including parent(s)/ legal guardian(s) in the disciplinary process. Therefore, prior to returning to regular attendance following a suspension, a parent conference will be held. Building administration will make every reasonable effort to schedule a conference with the parent(s)/legal guardians(s) and student.

ADMINISTRATIVE PROCEDURES

1. Students committing acts of gross disobedience/misconduct may be placed in in-school supervision, detained during non-school hours, suspended in school, suspended from school, suspended from riding the school bus, reassigned to an Alternative in Education (AIE) program, expelled from school, or otherwise disciplined.
2. When a student is suspended from school, it is that student's responsibility to keep up with class assignments. Students will be permitted to make up work missed due to suspension and receive credit for the make-up work.
3. Authorized personnel may detain at school, suspend in school, or otherwise discipline a student. The Superintendent (or other administrative designee) and principal are authorized to suspend a student from school or riding the school bus. Only the Board of Education may expel a student. Teachers may remove disruptive students from the classroom by sending them to the office or may detain them after school.
4. Prior to moving any student from school or the school bus during the regular school day, the authorized building administrator will make reasonable efforts to notify the parent(s)/legal guardian(s) and take any other reasonable steps necessary to ensure the safety of the student being removed from school or the school bus. If parent(s)/legal guardian(s) or emergency contact(s) cannot be reached, the student shall be retained until the end of the school day.
5. School personnel may use reasonable physical force or restraint to contain a student to the extent deemed necessary:
 - to defend or protect himself/herself from the student
 - to defend or protect other person from the student
 - to prevent or stop fights and other disruptions
 - to prevent damage to the property of the District or of other persons
 - to remove a student from any location, room, or assembly where his/her continued presence creates a risk or threat of physical harm to others, or of damage to school property, or of unreasonable interference with the school or instruction.

SUSPENSION PROCEDURES

1. When a student is suspended, due process should proceed as soon as possible at each step to ensure that the student is back in school should the suspension be reversed. Parent(s)/ legal guardians(s) are encouraged to begin the due process procedures as soon as possible if they do not agree with the suspension.
2. If the due process procedure results in a decision to suspend, the parent(s)/legal guardian(s) of the student will be advised immediately of the decision. Written notice will be provided to the student through the suspension notification letter and to the parent(s)/legal guardian(s) through certified mail.
3. The notice to the parent(s)/legal guardian(s) will include:
 - A statement of the reason(s) for the suspension, including any school rule which has been violated and police notification if it was necessary.
 - The dates and duration of the suspension.
 - A statement of the parent's/legal guardian's right to request a formal building level hearing of the entire incident which led to the suspension, with the building principal or the assistant principal, in the event of the principal's absence. All building- level hearings must be held in person. The hearing administrator will render the decision in writing to the parent(s)/legal guardian(s) as soon as possible or within three school days; and
 - A statement of the parent's/legal guardian's right to request a District-level hearing to review the suspension with the Superintendent's designee or an administrative designee, if the suspension is upheld by the principal after the review. If parents(s)/legal guardian(s) disagree with the findings of the building-level hearing, they must request a District-level hearing within four school days.

A request for a hearing must be directed orally or in writing to the Superintendent's designee. If it is determined that the student is a student with special education eligibility, then the authorized administrator will follow the procedures set forth under SPECIAL EDUCATION PROCEDURES.

4. The Superintendent's designee will be notified of student suspensions by the authorized administrator, who will also forward a copy of the parental notice of suspension to the Superintendent.

SUSPENSION HEARING STRUCTURE

1. When requested, the Superintendent's designee or an administrative designee will conduct a suspension hearing. A written summary of the evidence presented will be submitted to the Superintendent and sent by certified mail to the parent(s)/legal guardian(s) as soon as possible or within four days after the hearing.
2. If the parent(s)/legal guardian(s) disagree with the finding of the hearing officer, they must submit a request in writing within ten school days for a final review at the Superintendent level. The final decision will be rendered within ten school days after receipt of the written request. A written notification of the final decision will be mailed to the parent(s)/legal guardian(s) by certified mail.

EXPULSION PROCEDURES

The recommendation for expulsion will be preceded by a ten-day suspension. Prior to any recommendation for expulsion, the authorized administrator will determine whether the student is a student with special education eligibility. If so, then the procedures set forth under SPECIAL EDUCATION PROCEDURES must be followed.

All recommendations for expulsion will be made to the Superintendent, during which time the authorized administrator will gather and submit all pertinent data to the Superintendent's designee. The Superintendent's designee will review and make a recommendation to the Superintendent, who will determine if the incident warrants a Board expulsion hearing.

EXPULSION NOTIFICATION

1. The Superintendent will notify the parent(s)/legal guardian(s) of the expulsion hearing by certified letter, or hand delivery.
2. The expulsion notice to the parent(s)/legal guardian(s) will include:
 - a. A statement of the reason(s) for the proposed expulsion hearing, including any school rule that has been violated;
 - b. The potential maximum duration of the expulsion;
 - c. The time and place of the expulsion hearing;
 - d. A statement of the parent(s)/legal guardian(s) right to be present and/or represented at the expulsion hearing by an attorney and/or other representatives(s);
 - e. A student's or parent's/legal guardian's right to present witness(es); and
 - f. A copy of the expulsion hearing procedures.

EXPULSION HEARING STRUCTURE

1. An expulsion hearing will be conducted by a Hearing Officer appointed by the Board of Education
2. After the hearing, the Hearing Officer will provide a written report to the Board of Education, the parent(s)/legal guardian(s), and central office administration. Once the report is reviewed, the Board may take such action as it deems appropriate, including affirming or overruling reentry of the student to school.
3. If the Board finds that a reassignment to an Alternative in Education (AIE) program and/or expulsion is unjustified, the Board will direct the administration:
 - a. To expunge all notations regarding the proposed reassignment to an AIE and/or expulsion from the student's records; or
 - b. To retain all of the student's records relating to the matter; or

- c. To retain only specific records pertaining to the suspension. Any related student absence for disciplinary reasons will be marked "excused." The student will be afforded an opportunity to make up for all lost curricular opportunities, including, but not limited to, tests and other class work.
4. The decision of the Board will be final.
5. Written notification of the Board's decision with respect to the reassignment to an Alternative in Education (AIE) program and/or expulsion hearing will be mailed to the parent(s)/legal guardian(s). A reassignment to AIE and/or expulsion may be effective immediately or as specified by the Board.

EXPULSION HEARING PROCEDURES

1. All student expulsion hearings will be held as soon as can be arranged.
2. The student may attend the hearing with his/her parent(s)/ legal guardian(s) witness(es) and may be represented by an attorney and/or other representative(s).
3. The hearing will be recorded. The parent(s)/legal guardian(s) have a right to purchase a copy of the tape.
4. The Hearing Officer will:
 - a. Determine the validity and gravity of the charges of gross disobedience/misconduct; and
 - b. Report the administration's recommendation regarding the appropriate disciplinary measure(s).

If the student is a student with special education eligibility, the Board must follow the procedures set forth under SPECIAL EDUCATION PROCEDURES.

The hearing will be conducted as follows:

- a. Either party may request the exclusion of witness(es) prior to the hearing to preserve the integrity of testimony or to protest their involvement. The Hearing Officer shall determine the involvement of the witness(es).
 - b. The authorized administrator and the student, or his/her representative(s), may make short opening statements concerning both the charges of gross disobedience/misconduct and the appropriate discipline.
 - c. The authorized administrator or representative will first present the evidence, including proof of compliance with SPECIAL EDUCATION PROCEDURES, if applicable. The student or representative may cross-examine all witnesses in attendance and review any written evidence presented by the authorized administrator or representative.
 - d. The student or the student's representative(s) may then present evidence to refute the charges. The authorized administrator or representative may cross-examine all witnesses in attendance and review any written evidence presented by the student or representative.
 - e. The Hearing Officer may, at any time, direct questions to the parties or their witness(es).
 - f. The authorized administrator and the student, or the student's representative(s) may make closing statements at the conclusion of the hearing concerning both the issue of gross disobedience/misconduct and the issue of the appropriate discipline.
5. The Board will review all relevant oral and written evidence without regard to the legal rules of evidence, but will consider the weight of the evidence in determining the issues:
- a. Student witness(es) may be requested to testify at a hearing. The authorized administrator will not be required to present student witness(es) at the hearing, but may provide a written summary as evidence prepared by the absent witnesses. The summary will include a statement verifying that the contents of the summary are true. If an imminent fear of reprisal exists, the authorized administrator may also present a written statement in which the identity of the witness(es) has been concealed.
 - b. The Board will not consider the student's academic or disciplinary records in determining the validity of the charges of gross disobedience/misconduct. The Board may review a student's records, however, in determining the appropriate discipline.

GENERAL PROCEDURES:

1. No student with special education eligibility will be expelled if the student's conduct in question was caused by, or had a direct and substantial relationship to the student's disability or if the conduct in question was the direct result of the District's failure to implement the Individualized Education Plan (IEP) as determined by the student's IEP team. If the IEP team determines that the student's behavior was not a manifestation of the student's disability, then the student may be expelled pursuant to EXPULSION PROCEDURES, and EXPULSION HEARING STRUCTURE AND PROCEDURES.
2. If a student with special education eligibility is suspended for more than 10 cumulative days in one school year, on additional days of suspension, the student will receive special education services in an interim alternative education setting.
3. Interim Alternative Educational Settings:
 - a. Relating to Drug or Weapon Violations - The student's IEP team can place a special education student in an interim alternative educational setting for up to 45 calendar days, if:
 - 1) the student carries a weapon to school or to a school function under the jurisdiction of the state, or
 - 2) the student possesses, uses, sells, or solicits the sale of an illegal substance, drug or controlled substance at school or at a school function.
 - 3) the student has inflicted serious bodily injury upon another person while at school, or on school premises, or at a school function.
 - b. Relating to Dangerous Behavior - The student's IEP team can recommend that a special education student be placed in an interim educational setting for up to 45 calendar days if the student is substantially likely to injure himself/herself or others. In such circumstances, the school district will either obtain a court injunction or will request a due process hearing officer to make the placement.

SPED SUSPENSION PROCEDURES

1. All suspension notices and suspension review procedures set forth under SUSPENSION PROCEDURES and SUSPENSION HEARING STRUCTURE must be followed in suspending a student with special education eligibility.
2. At the time of any suspension conference for a student with special education eligibility, the authorized administrator confers with the Director of Special Education to determine whether the student's gross disobedience/misconduct warrants the development of or a revision of a progressive discipline plan as stated on the student's IEP.
3. Prior to making a recommendation to suspend a special education student beyond 10 cumulative days, the authorized administrator will convene a Manifestation Determination Review (MDR) to determine whether the student's conduct was caused by, or had a direct substantial relationship to, the child's disability. A Manifestation Determination (a functional analysis) and a Behavior Management Plan will also be developed or revised if necessary.
4. If the student's IEP team determines that the conduct was a manifestation of the student's disability, then the student may not be suspended for the conduct. The authorized administrator may request a review of the appropriateness of the educational placement of the student in accordance with the Special Education Rules and Regulations.
5. If the student's IEP team determines that the conduct was not a manifestation of the student's disability, then the District's Code of Conduct may be applied. The student will also be provided educational services during the disciplinary period.

SPED EXPULSION PROCEDURES

1. Prior to making a recommendation to expel a special education student, the authorized administrator will convene a Manifestation Determination Review (MDR) to determine whether the student's conduct was caused by, or had a direct substantial relationship to, the child's disability. A Manifestation Determination (a functional analysis) and a Behavior Management Plan will also be developed or revised if necessary.

2. If the student's IEP team determines that the conduct was a manifestation of the student's disability, then the student may not be expelled for the conduct. The authorized administrator may request a review of the appropriateness of the educational placement of the student in accordance with the Special Education Rules and Regulations, during the period necessary to propose a new placement, the student will remain in his then current placement unless:
 - a. the student has not previously been suspended for a period exceeding ten school days during the same school year, in which case the student may be suspended for a maximum ten school days less such previous suspension(s);
 - b. parents(s), legal guardian(s) and school district agree on an interim placement;
 - c. the school district obtains an Expedited Hearing from an Illinois State Board of Education (ISBE) hearing officer, changing the then current placement to an Interim Alternative Education Setting (IAES); or
 - d. The school district recommends an IAES for 45 days during which time the District will develop an appropriate change of placement.
3. If the student's IEP team determines that the conduct was not a manifestation of the student's disability, then the District's Code of Conduct may be applied. The expulsion notice to the parent(s)/legal guardian(s), adopted pursuant to Expulsion Notification under EXPULSION PROCEDURES, will also include two additional statements that:
 - a. Any Board decision to expel the student will constitute a change in placement; and
 - b. The parent(s)/legal guardian(s) is entitled to all rights set forth in the Special Education Rules and Regulations, which is available to the parent(s)/legal guardian(s) from the school district.
4. The expulsion procedures set forth under EXPULSION PROCEDURES, and EXPULSION HEARING STRUCTURE AND PROCEDURES, will be followed in expelling a student with special education eligibility. In addition, the person or persons making the final determination regarding the expulsion will transmit the special education and disciplinary records of the student for consideration.

- q. Misrepresenting the user's identity or the identity of others; and
- r. Using the electronic networks while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that the District's electronic networks are not private. People who operate District technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the networks in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the electronic networks to be private property.

No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - By using the District's electronic networks, the user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify or suspects a security problem on the network, the user must promptly notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of *public domain* documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.

- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the District's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is supported if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

7.10 E1 Notice – Parent’s Authorization for Student Access to the District’s Electronic Networks

Dear Parents/Guardians:

Our School District has the ability to enhance your child’s education through the use of electronic networks, including the Internet. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Consent from students and their parents/guardians is assumed unless we received a signed disapproval to participate in this *Authorization for Access to the District’s Electronic Networks*.

The District *filters* access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. If a filter has been disabled or malfunctions it is impossible to control all material and a user may discover inappropriate material. Ultimately, parents/guardians are responsible for setting and conveying the standards that their child should follow, and the School District respects each family’s right to decide whether or not to authorize Internet access.

With this educational opportunity also comes responsibility. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child’s actions. Consent is assumed. If you do NOT agree to allow your child to have a network account, sign the form below and return it to your school.

Authorization for Access to the District’s Electronic Networks Form

Students must have a parent/guardian read and agree to the following before being granted unsupervised access:

All use of the electronic networks shall be consistent with the District’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. **The failure of any user to follow the terms of the *Acceptable Use of the District’s Electronic Networks* will result in the loss of privileges, disciplinary action, and/or appropriate legal action.** Unless you provide signed disapproval, consent is assumed and indicates the parties have read the terms and conditions carefully and understand their significance.

I have read this *Authorization* form. I understand that access is designed for educational purposes and that the District has taken precautions to eliminate controversial material. However, I also recognize it is impossible for the District to restrict access to all controversial and inappropriate materials. I will hold harmless the District, its employees, agents, or Board members, for any harm caused by materials or software obtained via the network. I accept full responsibility for supervision if and when my child’s use is not in a school setting. I have discussed the *Acceptable Use of the District’s Electronic Networks* with my child. I hereby request that my child be allowed access to the District’s electronic networks, including the Internet.

7.40 Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Illinois State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, East St. Louis School District 189 may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data

- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of School District 189

Chapter 8: Search & Seizure

8.10 Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or School District 189’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or School District 189 policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or East St. Louis School District 189’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Chapter 9: Extracurricular & Athletic Activities

9.10 Extracurricular Athletic Activities Code of Conduct (Updated June 2022)

This Extracurricular and Athletic Activities Code of Conduct as well as the [School District 189 Athletic Handbook](#) applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Examination Form" or the Illinois Elementary School Association's "Pre-Participation Examination Form" as applicable.
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the IHSA student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Program.
5. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Illinois High School Association and Illinois Elementary School Association

Eligibility for most athletics is also governed by the rules of the Illinois High School Association (IHSA) or the Illinois Elementary School Association (IESA) and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA or IESA and this Code, the most stringent rule will be enforced.

Academic Eligibility

For students in kindergarten through 8th grades: Selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Students must satisfy all academic standards and must comply with the activity's rules and the student conduct code.

For high school students: Selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Participation in co-curricular activities is dependent upon course selection and successful progress in those courses. In order to be eligible to participate in any school-sponsored or school-supported athletic or extracurricular activity, a student must satisfy the Illinois High School Association's scholastic standing requirements of at least 25 credit hours (5 classes) per week. Any student-participant failing to meet these academic criteria shall be suspended from the activity until the specified academic criteria are met. A student becoming scholastically ineligible by the weekly eligibility check must remain ineligible for one full calendar week before possibly becoming eligible again.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

Code of Conduct

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute a beverage containing alcohol (except for religious purposes);
3. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute tobacco or nicotine in any form;
4. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute any product composed purely of caffeine in a loose powdered form or any illegal substance (including mood-altering and performance enhancing drugs or chemicals) or paraphernalia;
5. Use, possess, buy, sell, offer to sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in athletics, such as archery, martial arts practice, target shooting, hunting, and skeet;
6. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
7. Act in an unsportsmanlike manner;
8. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and reckless driving;
9. Haze or bully other students;
10. Violate the written rules for the extracurricular or athletic activity;
11. Behave in a manner that disrupts or adversely affects the group or school;
12. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. *Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a detrimental effect on the student's or students' physical or mental health;
3. Interfering with the student's or students' academic performance; or
4. Interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual

destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Due Process Procedures

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
 1. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all extracurricular or athletic activities for one of the time periods described below:
 - A specified period of time or percentage of performances, activities or competitions;
 - The remainder of the season or for the next season; or
 - The remainder of the student's school career.
 2. Sanctions for alcohol and other drug violations, including tobacco, nicotine in any form, mood-altering or performance enhancing drugs, products composed purely of caffeine in a loose powdered form, paraphernalia or any other illegal substance, will be based on the following:

First violation

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of one third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student is enrolled in a school-approved alcohol or drug counseling program.
- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.
- The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).

Second violation

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of 12 weeks or 1 season, including suspension from all performances,

activities, or competitions during this period. To participate again in any extracurricular or athletic activity, the student must successfully participate in and complete a school-approved alcohol or drug counseling program and follow all recommendations from that program.

- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one third of the season and all extracurricular group performances, activities, or competitions during this period.
- The student may be required to practice with the group (unless suspended or expelled from school).

Third violation

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension from extracurricular or athletic activities for the remainder of the student's school career.
- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one calendar year from the date of the suspension, including all extracurricular and athletic activities during this period.

The appropriate administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Principal or Principal's designee.

All students remain subject to all the School District's policies and the school's student/parent handbook.

Modification of Athletic or Team Uniform

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

10.10 Education of Children with Disabilities (Updated November 2021)

It is the intent of East St. Louis School District 189 to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

School District 189 provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the district. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the School District 189 office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

Chapter 11: Student Records & Privacy

11.10 Student Privacy Protections (Updated June 2022)

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Prohibition on Selling or Marketing Students' Personal Information

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. 6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards.

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

11.20 Student Records (Updated November 2021)

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day School District 189 receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, East St. Louis School District 189 may request an additional 5 business days in which to grant access. School District 189 charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student's high school academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. School District 189 will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask School District 189 to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If School District 189 decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by School District 189 as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the School District 189.

Upon request, School District 189 discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, East St. Louis School District 189 may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
