My Stop-Bus Tracking App

The Transportation Department is providing an optional mobile application called "Versatrans My Stop"

What is Versatrans My Stop

- Versatrans My Stop is an optional Mobile App available for your smartphone.
- Allows parents and students the ability to view scheduled bus stop time, location, and projected arrival time. This is available during scheduled route times only.
- Displays the actual location of the bus utilizing GPS technology.
- Updates and adjusts the scheduled arrival time as the bus is traveling along its route.
- Will show if the bus has already passed the assigned stop.

VERSATRAN E-LINK INSTRUCTIONS (BUS ROUTE INFORMATION)

Versatrans E-Link provides parents/guardians with secure access to their students' Bus Route information. This information is updated in real-time and reflects what is in our routing program. Routes have the potential to change during the year. This system will allow parents to always have access to the latest information. Below are instructions on how to access and use E-Link to get your student's bus information for the 2022-2023 School Year. As always, we remind parents & students to be at the bus stop at least 10 mins before the scheduled pickup or drop off time. <http://trans.estl189.com/elinkrp>

Login: Your Student's ID Number *this can be found in Skyward under Student Info. It is their "Other ID"

Password: Your Student's Birth Date in the format MMDDYYYY

You will then hover over Students, then Click View My Students. Select your child in the list. It will then display your student's bus information. You can view it on the screen (example below) or export it as a viewable/printable PDF which can be easier to read. As the school year begins, drivers will make corrections to their routes as needed so information may change. You can log back in at any time during the school year to confirm your student's information.
