Discussion of

Dr. Greenwald asked that the Board of Education members express their thoughts with regard to fulfilling the assistant superintendent of pupil Support services position next year and how those responsibilities might be managed. This position is presently unoccupied.

Assistant Superintendent for Pupil Support Services Position

Ms. Ranney felt that the new principal’s responsibilities would include most of the responsibilities assigned to the assistant superintendent of pupil support services, i.e., running the day-to-day activities, homecoming, dances, visibility at student events, games, athletics, discipline, etc. Dr. Millard felt that some of those parts should be incorporated at a lower level to which Ms. Ranney concurred. Ms. Ranney clarified that ultimately the principal would be responsible for everything, but she did not want to imply that the new principal had to personally handle the day-to-day responsibilities.

Mr. Rigas felt that the Board of Education was “shadow boxing” at this point, as the new superintendent may bring ideas for a completely different administrative structure. He suggested tabling this discussion until the new superintendent was hired.
Mr. Perna’s retirement at the end of the year added to Dr. Greenwald concern about having someone assigned to this position, even temporarily, as discipline never ends. Mr. Edgecombe concurred and noted that while he and Mr. Perna were absorbing these responsibilities now, it requires a great deal of time and they sometimes learn the components as they go. Mr. Rigas concurred, but noted that the duties would be new to any new person. He suggested having a talk about the structure of discipline for next year, rather than the position itself. Ms. Ranney stated that the new superintendent will be charged with the responsibility of hiring a principal and by the Board of Education delaying this decision until that person is hired gives the superintendent choices. The hiring of the superintendent is imminent.

Ms. Fernandez hoped that the Board of Education would allow the new superintendent to decide the roles and responsibilities for this position. As a superintendent with experience, she hoped that the Board of Education would allow that person to refine, delegate, oversee, and reorganize, if necessary. There should be a line item in the budget for this position, but the Board of Education should not concern itself with filling this position.

Dr. Millard concurred with the other’s statements. She is open to all suggestions and prepared to realign what is needed within the State of Illinois’ limitations of finances. She favored leaving the position open thus allowing the new superintendent to make the decision.

Ms. Fernandez hoped that the Board of Education would keep its “balcony” view on this and allow the superintendent options. She did not want to feel like the Board of Education needed to hold this person’s hand or influence him or her.

Dr. Greenwald asked if there were money in the budget for this position. Ms. Witham reported that the Coordinator of Student Safety is currently paid with some of those dollars. A new superintendent will have options. Presently, there is no line item for an assistant superintendent, but the budget for the 2007-08 school year will be prepared in the spring of 2007 and that can be incorporated into it.

New Business  
Mr. Rigas was informed that the Athletic Department was over budget because of the expense of additional coaching stipends, officials, ticket takers, etc. Discussions are occurring with Mr. Huitema and Mr. Stelzer regarding this issue. As the District
continues to encourage students to be involved, Dr. Bridge stated that the response is not question the need, but to look at creating efficiencies to cover those needs. Ms. Ranney affirmed that the District has to stand strong about staying within budget. Ms. Witham stated that Mr. Huitema and Mr. Stelzer were charged with reporting to her on this issue.
