

DRUG TESTING POLICY

Lisbon Exempted Village Schools

The Lisbon Exempted Village School Board of Education Drug Testing Policy was formed because of a concern that alcohol and illicit drugs may be used by Lisbon Students. The Board of Education desires to implement a policy which will attempt to provide this district with a safe and healthful student program. This policy reflects the Board of Education and the community's strong commitment to establish a truly drug and alcohol free school program. Because of the pervasive nature of drug use in the local schools, student athletes, students who participate in extra-curricular activities and students who, along with consent from their parents, are selected to volunteer to be tested, for inclusion in the testing pool. This policy applies to all athletes, volunteers and extra-curricular activities from grades 9-12.

PURPOSE OF THIS POLICY SHALL BE:

1. To provide a healthy and safe environment to all students participating in the athletic and extra-curricular programs.
2. To discourage all students from using drugs and alcohol.
 - a. Students will assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
3. To provide students with the opportunity to become leaders in the student body for a drug-free school.
4. To provide solutions for the student who does use drugs and alcohol.
5. To provide the school with positive guidelines and disciplinary policies for violations of the drug-free policy.
6. To encourage those students who participate in athletic and extra-curricular programs to remain drug free and alcohol free.

The program does not affect the current policies, practices, or rights of the District regarding student drug and/or alcohol possession or use, where reasonable suspicion by means other than drug testing through this policy. The drug testing policy is non punitive.

Students involved in extra-curricular activities need to be exemplary in the eyes of the community and other students. The drug testing and education policy is designed to create a safe, drug free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in extra-curricular activities, no student shall be suspended or expelled from school as a result of a certified "positive" test conducted by his/her school under this program.

No student will be penalized academically for testing positive for banned substances. The results of drug tests will not be documented in any student's academic records.

DEFINITIONS

1. STUDENT ATHLETE

Any person participating in the Lisbon Exempted Village High School Athletic Program and/or contests under the control and jurisdiction of the Lisbon Exempted Village School District and/or the Ohio High School Athletic Association (OHSAA). This policy also involves cheerleaders.

2. EXTRA-CURRICULAR

Any club, group or activity that is sponsored by the school district which holds events, meetings or activities that extends beyond the normal school day.

3. ATHLETIC SEASON

In-season start dates will begin as published by the Ohio High School Athletic Association or sanctioning organization and continue until the completion of awards program for that sport for the District. There are three athletic seasons: Fall, Winter, Spring.

4. RANDOM SELECTION

A system of selecting athletes and extra-curricular participants for drug and alcohol testing in which each student shall have a fair and equitable chance of being selected each time selections are required.

5. ILLEGAL/ILLICIT DRUGS

Any substance included in U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, present, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer. We may also test for Nicotine and Steroids.

6. ALCOHOL

Any intoxicating liquor, beer, wine, mixed beverage, or malt liquor beverage as defined in the Ohio Revised Code Section 4301.01. The term "alcoholic beverage" includes any liquid or substance, such as "near beer" which contains alcohol in any proportion or percentage. The term "alcoholic beverage" does not include a substance used for medical purposes in accordance with directions for use provided in a prescription or by the manufacturer and in accordance with school district policy and rules related to the use of prescription and non-prescription drugs, provided the substance is a) authorized by a medical prescription from a licensed physician and kept in the original container, which shall state the student's name and directions for use or b) an over-the-counter medicine

TYPES OF TESTING

1. TEAM TESTING

At the beginning of each season, all eligible students will submit to urine and alcohol drug testing. This testing will be completed within the first two weeks of the season on a specified date and time. The collection process will take place on school property or at a Board of Education approved testing facility. The Head Coach is responsible for ensuring that all student athletes and their parent/guardian/custodian properly sign the INFORMED CONSENT AGREEMENT prior to testing. Any student moving into the District shall be tested prior to the time he/she joins the team.

2. RANDOM TESTING

In-session random testing shall be done throughout the season. Each team or extra-curricular activity may have up to 20% of its eligible students tested per random selection. A student may be tested more than once per season. In the event of a positive result, the specimen will be sent to a laboratory for confirmation of results and a Certified Medical Review Officer will determine the results.

A. *Random selection of students* – The testing company will ensure that students are selected in a random fashion. This certified system may include computer generated random numbers or names or by pulling numbers from a pool of numbers equal to the number of eligible students.

B. *Scheduling of random testing* - Random testing will be unannounced. The day and date will be selected by the testing company and confirmed with the athletic director, extra-curricular advisor and/or building administrator. Random testing may be done weekly.

3. DRUGS FOR WHICH STUDENTS MAY BE TESTED

LSD, Alcohol, Marijuana, Amphetamines, Methadone, Anabolic Steroids, Methaqualone, Barbiturates, Nicotine (Tobacco), Benzodiazepines, Opiates, Cocaine, Propoxyphene (Darvon), or Any substance included in U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, present, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.

4. COLLECTION PROCESS (Urine Screens)

The student will be notified to report to the collection site. A specimen from the student will be collected as follows and all students must follow this process:

All students will be identified by the Athletic Director, Extra-curricular Advisor or Principal. No exceptions will be allowed.

Drug testing area must be secured during the testing.

Only lab technicians and students will be witness to the test.

Privacy must be kept for all students.

The Athletic Director / Extra-curricular Advisor are responsible for ensuring that all of the forms are completed and signed by both parent/guardian/custodian and student.

When students arrive and cannot give a sample, they will need to start drinking water, pop or juice. After 36 oz. the human body will need to urinate.

No bags, backpacks, purses, cups, containers or drinks will be allowed to enter the collection area. All coats, vests, jackets, sweaters, hats, scarves or baggy clothing must be removed before entering the collection site. Only pants and t-shirts or dresses may be worn in the collection area. Any infringement of the rules will result in the student taking the test over.

Students processed by the lab technician who cannot produce a sample will be kept in a secured area to wait until they can test. If they leave this area they will not be allowed to test. They are not to have contact with anyone until after the sample is given.

Students will be asked to hold out their hands and a sanitizer will be put on their hands or will wash hands with water. The bathroom personnel will add a dye to the toilet.

Students will be asked to urinate directly into the collection cup given to them by the lab personnel. The lab technician will stand outside the stall and listen for normal sounds of urination.

Any and all adulteration of the specimen will be detected and considered the same as a test refusal or 1st time infraction. (The lab checks every sample for adulteration, such as additives you drink or add to urine to change the sample.)

Adulterations: We will treat adulterations and diluted samples as first time offenses. They are not called positives but have the same consequences. A retest will be required within 24 hours.

Any suspicion of tampering with the sample will be brought to the tester's attention. The sample will be sent to the lab for immediate confirmation of tampering.

The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician.

Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she will be required to give a new sample immediately.

With student watching, the lab technician will recap the sample and hand it to the student who must then return it to the intake technician. In the event that the student does not hand the cup directly to the intake technician, the sample is invalid and a new sample must be taken. If the student leaves the collection area or has contact with anyone, the sample will be invalid and the student will have to give another sample.

This collection procedure is subject to change because of procedural requirements by the testing agency. The School Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.

When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A Certified Medical Review Officer will verify the positive test.

Any student that tests positive will have to be tested weekly for the term of a 5 week program with drug counseling at the expense of the student and/or parents/guardians/custodians.

5. RESULTS OF A POSITIVE TEST

Any positive urine drug test results will be made known to the building administrator, who in turn will notify the parents/guardians/custodians and student.

6. IF A POSITIVE TEST OCCURS:

The 1st Violation

For the first positive result, the student athlete will be given the option of:

A) The student will have to make an appointment with a certified chemical dependency counselor (or at an agency certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services) for chemical dependency assessment and then follow the recommendations of the counselor. The parent/guardian/custodian is responsible for all expenses and for providing the Building Administrator with documentation that the student completed all recommendations of the counselor. The student will be required to submit to drug testing for the remainder of the current school year.

OR

B) Denial of participation in interscholastic athletics / extra-curricular events for the remainder of the current season.

The 2nd Violation

- A) The student will have to make an appointment with a certified chemical dependency counselor (or at an agency certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services) for chemical dependency assessment and then follow the recommendations of the counselor. The parent/guardian/custodian is responsible for all expenses and for providing the Building Administrator with documentation that the student completed all recommendations of the counselor. The athlete will be denied participation for a minimum of 20% of the season. The student will be required to submit to drug testing for the remainder of the current school year.

- B) Denial of participation in interscholastic athletics / extra-curricular events for the remainder of the current season and the current school year.

The 3rd Violation

The student is denied participation in athletics / extra-curricular events for one calendar year from the date of notification of the violation.

The 4th Violation

The student is permanently denied participation in athletics / extra-curricular events in the Lisbon Exempted Village School District.

Violations are accumulative throughout the student's secondary school career.
(Grades 9-12)

While all students participating in athletics will be required to submit to mandatory drug testing prior to the beginning of the season, students participating in extra-curricular activities will be placed in and be part of the random drug testing sessions. During a minimum of three times during the school year, 20% of students making up athletic teams and extra-curricular clubs will be identified for random testing.

INFORMED CONSENT AGREEMENT

We hereby consent to allow the student named on the reverse side to undergo urinalysis testing for the presence of illicit drugs, alcohol, or banned substances in accordance with Policy and Procedures for Drug Testing of the Lisbon Exempted Village School District.

We understand that testing will be administered in accordance with the guidelines of the Lisbon Exempted Village School District Drug Testing Policy for student athletes.

We understand that any urine sample taken for drug testing will be tested only by a Board approved company.

We hereby give our consent to the company selected by the Lisbon Exempted Village School Board of Education, its employees, or agents, together with any company, hospital, or laboratory designated to perform urinalysis testing for the detection of drugs.

We further give our consent to the company selected by the Lisbon Exempted Village School Board of Education, its employees, or agents, to release all results of these tests to designated school district employees or agents. We understand that these results will also be available to us upon request.

I, the student, hereby authorize the release of the results of such testing to my parent/guardian/custodian.

We hereby release the Lisbon Exempted Village School Board of Education, its employees or agents from any legal responsibility or liability for the release of such information and records.

This will be deemed consent pursuant to the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g as amended, and the Ohio Revised Code 3319.321, for the release of the test results as authorized by the Informed Consent Agreement or as required by law.
