**599 Bellevue Avenue, G17  
Santa Rosa, CA 95407**

**srhealthcenters.org**

The Elsie Allen Health Center provides primary care for adolescents throughout Sonoma County. We are located on the Elsie Allen High School campus. We strive to help youth become stronger and healthier with easy access to medical care and health education.

**Our Services**

We offer the following services to Sonoma County teens between the ages of 12 and 19:

- Treatment for illness and injury
- Immunizations
- Physicals and sports physicals
- Mental health counseling
- Optometry and dental service referrals
- Family planning services\*
  - Birth control counseling and methods
  - Emergency contraception
  - Pregnancy tests
  - STD testing and treatment
  - HIV testing
  - Family planning counseling

\* All family planning services are confidential. That means we can't tell your parents that we provided these services for you unless you give us permission.

**Our Mission**

Santa Rosa Community Health Centers is dedicated to providing excellent, patient-centered, primary health care and health education to underserved people in our community, regardless of their ability to pay. We are dedicated to caring for the whole person with dignity and respect. SRCHC is committed to the education of healthcare professionals and to creating a continuous learning environment for all staff.

**Frequently Asked Questions**

**Do I have to be a student at Elsie Allen to receive care at the Health Center?**

No. Anyone between the ages of 12 – 19 is welcome at the health center.

**Is the Health Center part of the school?**

We are located on the EAHS campus, but we are not part of the school. (We're actually part of Santa Rosa Community Health Centers.) This means we never give medical information about you to the school or your teachers without your permission.

**Do you have to tell my parents I came to the Health Center?**

Anyone coming to the health center for help with any of the family planning services listed above will not need to have parental consent to talk to us. If you're under 18 and you're looking for any of our other services, your parents will need to give us consent to provide those services.

**Do parents have to come for an appointment?**

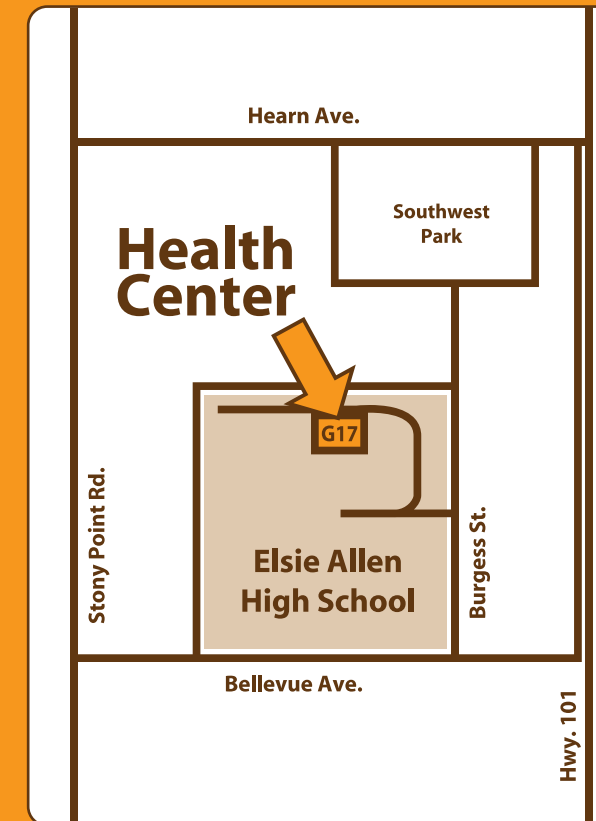

No. Parents are welcome, but they don't have to be at appointments. They only have to provide consent for us to provide all services that are not listed as family planning services on the services page. Consent forms can be found online at <http://srhealthcenters.org/locations/elsie-allen-health-center/>.

**How much does it cost?**

If you have insurance, it depends on your co-pay amount. If you don't have insurance, we try to sign you up for any programs that will help pay for services. If you don't have insurance or qualify for an assistance program, the visit is free. Additional tests not provided at the Health Center may cost on a sliding- scale basis. Family planning services are always free.

**Do you follow the same schedule as the school?**

We share the same holidays and furlough days as the school. However, we are open throughout the summer.

Back Row: **Janira Gonzalez**, Psychological Assistant, **Marjorie Alas-Diaz**, Medical Assistant, Health Educator, and **Jim Stafford**, Physician Assistant. Front Row: **Erin Moilanen**, Nurse Practitioner, Clinic Manager, **Meredith Kieschnick**, MD, Medical Director, and **Maria Mendez**, Flow Coordinator.

To schedule or cancel an appointment, please call or stop by:
