What are your plans after high school? If going to college, what college (if you know) and what do you want to study there?

My plans after high school are going to a 4-year college or university to major in biology and eventually work in the dental field. Fingers crossed for USC!

Who is/was your favorite teacher (could be any teacher, all the way back to grade school even) at EAHS and why?

My favorite teachers were Mr.Fleischer, Mr.Gibson, and Mr.Charpiot. Although, I didn't have the best grade in some of their classes they always taught me something with a fun way of doing it. They all also have some of the nicest and most caring personalities which was the reason why I loved having them as my teachers
