**BACKGROUND**

On February 1, 2011, a Request for Proposals was published for Special Education Transportation. The current contract with Grand Prairie Transit expires at the conclusion of this school year and all contract extensions have been exhausted.

**SUMMARY OF FINDINGS**

Proposals were received from five firms, All-Ways, First Student, Grand Prairie, Illinois Central and Lakeview Bus Lines. A summary of the costing results can be found below.

<u>Vendor</u>	<u>2011-2012 Total Cost</u>	<u>2012-2013 Total Cost</u>	<u>2013-2014 Total Cost</u>	<u>3-Year Cost</u>
Illinois Central	\$ 707,653.54	\$ 728,894.38	\$ 750,745.54	\$ 2,187,293.46
Lakeview	\$ 836,438.00	\$ 836,438.00	\$ 857,444.00	\$ 2,530,320.00
Grand Prairie	\$ 847,412.56	\$ 868,597.59	\$ 894,657.95	\$ 2,610,668.10
First Student	\$ 896,833.82	\$ 919,257.63	\$ 942,234.06	\$ 2,758,325.51
All-Town	\$ 903,811.41	\$ 928,651.52	\$ 954,191.44	\$ 2,786,654.37

A check of references (Chicago Public Schools, Oswego District 308 and Forest Ridge District 142) netted positive feedback. The referenced school districts indicated that Illinois Central was a reliable provider, offering excellent safety, on-time service and timely accommodation of any scheduling deviations.

RE: Approval of PTAB Resolution

---

**BACKGROUND**

The administration is asking the Board of Education to consider this resolution giving the administration, in conjunction with our law firm Franczek, Radelet P.C. authority to file a Request to Intervene in Appeal Proceedings for the re-assessment of property within our District.

**SUMMARY OF FINDINGS**

These PTAB requests have a negative effect on our property tax collection in subsequent years and the revenue cannot be recaptured. This request is necessary because the District must intervene within 30 days of notice. This is often too short a time period to bring the issue before the Board of Education.

This resolution must be approved by the Board of Education on an annual basis.

**RECOMMENDATIONS (OR FUTURE DIRECTIONS)**

MOTION: To approve the PTAB resolution as presented.

AGENDA ITEM VIII. F.

**Resolution Authorizing Intervention  
in Proceedings before the  
State of Illinois Property Tax Appeal Board**

**Whereas**, an owner or manager of a parcel or parcels of real property located within the boundaries of the State of Illinois has the right to file an appeal challenging the assessed value of the parcel or parcels of real property with the State of Illinois Property Tax Appeal Board (“PTAB”); and

**Whereas**, a reduction in the assessed value of a parcel or parcels granted by the PTAB will lead to the issuance of a real estate tax refund from the Board of Education of Oak Park & River Forest High School District No. 200 (“Board”); and

**Whereas**, a taxing district has the right to intervene in proceedings before the PTAB in order to protect the taxing district’s revenue interest in the assessed value of a parcel or parcels; and

**Whereas**, the time period during which a taxing district may intervene is 60 days after the taxing district’s receipt, from the Cook County Board of Review, of notice of the filing of an appeal by an owner or manager of a parcel or parcels of real property; and

**Whereas**, the Board has determined that it is necessary, desirable, advantageous, and in the public interest to defend the Board’s real property tax base by intervening in PTAB appeals filed on parcels within the boundaries of the Board.

**NOW THEREFORE, BE IT HEREBY RESOLVED**, by the Board of Education of Oak Park & River Forest High School District No. 200, Cook County, Illinois, as follows:

1. The Board finds that all of the recitals contained above are true and correct, and that the same are hereby incorporated herein by reference.
2. The Board hereby authorizes Franczek Radelet P.C., as its legal representative, to: a) file a Request to Intervene in Appeal Proceedings in all 2011 assessment-year appeals filed at the PTAB for which the Board receives notice from the Cook County Board of Review, and b) represent the Board’s interests in those proceedings.
3. All motions and resolutions or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.
4. If any section, paragraph, clause, or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other sections, paragraphs, clauses, or provisions of this Resolution.
5. This Resolution shall be in force and effect upon its adoption.

RE: Office Supplies Contract Renewal

---

**BACKGROUND**

On July 1, 2008, the District signed a one-year contract with Quill Corporation, the lowest responsible bidder from the 2008 office supplies bid. The bid contract allows for up to three one-year extensions.

**SUMMARY OF FINDINGS**

Quill Corporation has agreed to extend the district's 2008 – 2009 contract pricing and to continue to offer free shipping on all orders. A competitive bid would most likely yield a price increase. More importantly, Quill is the only firm in the past two bid processes that offers free next-day shipping with no minimum order amount, allowing for a more responsible "just-in-time" supply inventory.

**RECOMMENDATIONS (OR FUTURE DIRECTIONS)**

**MOTION:** To extend the contract with Quill for the allowable one-year term, July 1, 2011 through June 30, 2012.

The award rendered by the arbitrator shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

~~§ 8.3.1.1~~ A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

~~§ 8.3.2~~ The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof. demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen, and in no event shall it be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by an applicable statute of limitations.

~~§ 8.3.3~~ The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. All parties shall carry on their respective obligations, and perform their duties during any arbitration proceedings.

(a) Promptly upon the empanelling of the arbitrator, the arbitrator shall direct all parties to set forth in writing and to serve upon each other party a detailed statement of its contentions of fact and law.

(b) All parties to the arbitration shall be entitled to reasonable discovery procedures to be established by the arbitrator.

(c) The arbitration shall be commenced and conducted as expeditiously as possible consistent with affording reasonable discovery as provided herein. Similarly, the scope of discovery, and the extent of proceedings hereunder relating to discovery, shall be consistent with the parties' intent that the arbitration be conducted as expeditiously as possible.

~~§ 8.3.4.1~~ Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

~~§ 8.3.4.2~~ Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

~~§ 8.3.4.3~~ The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

§8.3.5 In the event of any litigation or arbitration between the parties hereunder, all reasonable attorneys' fees and other costs incurred shall be awarded to the prevailing party.

The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

The Board of Education is responsible for meeting the purchasing needs of the District, including those relating to materials, supplies, equipment, and services, of the quality and quantity required to operate Oak Park and River Forest High School. The Board finds that in order to maximize the interests of the District's residents and taxpayers, as well as suppliers and contractors, and to best protect those interests, a consistently applied policy is required.

All District funds shall be spent prudently and all expenditures of funds shall be made in compliance with the requirements of the School Code of Illinois ("School Code") and other relevant state laws. To this end, the Board of Education directs the Superintendent or a designee and the Chief Financial Officer to establish procedures necessary to achieve fiscal controls and price advantages through the implementation of the following policy of the Board of Education.

- A. Application of School Code. All purchasing, including leasing, shall comply with applicable provisions of the School Code. The Board authorizes the Superintendent or a designee to supervise the purchasing or leasing of all materials, goods, supplies and services for the District in accordance with budget allocations, state laws and sound purchasing practices.
- B. Approval by Board. In accordance with the procedures set forth in Section 10-20.21 of the School Code, the Board of Education will approve all contracts and purchases for supplies, materials or work involving an expenditure in excess of \$25,000, unless specifically exempted by the School Code, or unless specifically authorized to be approved in another manner in accordance with this policy.
- C. Revenue-Generating Contracts. All contracts and purchases for goods or services and that are intended to generate revenue or other remuneration for the District in excess of \$1,000, including without limitation, contracts for vending machines, sports and other attire, class rings, and photographic services, shall be approved by the School Board. The Superintendent or a designee shall ensure that, in accordance with Section 10-20.21(b-5) of the School Code, an attachment is included to the District's annual budget, in the form determined by the Illinois State Board of Education, indicating the names of vendors, the services or products provided, and the actual net revenue and non-monetary remuneration from each of the contracts and agreements identified by this paragraph. In addition, the report will indicate how the revenue was used, and to whom the non-monetary remuneration was distributed.
- D. Quotations
  1. For purchases subject to dollar limitations to be awarded through quotations, the Superintendent or a designee shall be authorized to purchase, including by lease, any goods, work or service specifically budgeted which has a sale price within the parameters of the budget.

2. For purchases from \$2500 to \$4999, the Superintendent or a designee shall seek a minimum of two (2) competitive quotations.
3. For purchases from \$5,000 to \$25,000, the Superintendent or a designee shall seek a minimum of three (3) competitive quotations.
4. The Superintendent or a designee may accept or reject any or all quotations obtained through the procedures above.

E. Competitive Bidding

1. For purchases in excess of \$25,000 the Superintendent or a designee shall advertise for sealed bids. Bids shall be awarded by the Board of Education in accordance with the requirements of Section 10-20.21 of the School Code, as well as the Prevailing Wage Act, best business practices as outlined in the Supplemental Regulations to this Policy, and all other applicable law or regulations, as amended from time to time.
2. Contractors, subcontractors, and vendors furnishing goods and services to the District shall be in compliance with all local, state, and federal laws and regulations applicable to persons and entities doing business with a School District. The Superintendent or a designee shall develop administrative rules setting forth these requirements.
3. In every solicitation for bids, the school district will state that firms owned by minorities and women would be encouraged to bid.

F. Approval of Lease. Any lease of equipment or machinery shall not exceed five (5) years and shall be approved by affirmative vote of two-thirds (2/3) of the members of the Board, in accordance with Section 10-23.4a of the School Code.

G. Cooperative Purchasing. The District may participate in cooperative purchasing with other school districts and/or other units of government to take advantage of lower prices for bulk purchasing and to reduce the administrative costs involved in purchasing.

H. Approval by Chief Financial Officer. All purchases of goods and services with District funds shall be made on a purchase order or contract duly executed by the Chief Financial Officer.

I. Conflict of Interest. In accordance with the School Code, the Gift Ban Act, 5 ILCS 430/10-10 and the Public Officer Prohibited Practice Act, 50 ILCS 105/0.01 et seq., no Board of Education member or District employee shall be directly or indirectly involved or own an interest in any contract, work, or business of the District, or in the purchase or sale of any real or personal property by or to the District.

J. Construction Project Change Orders. **EQUAL EMPLOYMENT OPPORTUNITY** - In the event of the contractor's non-compliance with the provisions of this Equal Employment Opportunity Clause, the Illinois Human Rights Act or the Rules and Regulations of the Illinois Department of Human Rights ("Department"), the contractor may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the contract may be canceled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, sexual orientation, national origin or ancestry, age, physical or mental disability unrelated to ability, an unfavorable discharge from military service, or citizenship status; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
- B. That, if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability (in accordance with the Department's Rules and Regulations) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.
- C. That, in all solicitations or advertisements for employees placed by it on its behalf it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, physical or mental disability unrelated to ability, or an unfavorable discharge from military service, or citizenship laws.
- D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the contractor's obligations under the Illinois Human Rights Act and the Department's Rules and Regulations. If any such labor organization or representative fails or

refuses to cooperate with the contractor in its efforts to comply with such Act and Rules and Regulations, the contractor will promptly so notify the Department and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.

- F. That it will permit access to all relevant books, records, accounts and work sites by personnel or the contracting agency and the department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the Department's Rules and Regulations.
- G. That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the contractor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the department in the event any subcontractor fails or refuses to comply therewith. In addition, the Contractor will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

§ 10.1.2 In the event of termination of this Agreement pursuant to Section 10.1.1, the Construction Manager shall be equitably compensated for Preconstruction Phase services performed prior to receipt of a notice of termination. In no event shall the Construction Manager's compensation under this Section exceed the compensation set forth in Section 4.1

§ 10.1.3 In the event of termination of this Agreement pursuant to Section 10.1.1, after the commencement of the Construction Phase ~~but prior to the Owner's approval of the Control Estimate~~, the Owner shall pay to the Construction Manager under Section 10.1.2 an amount calculated as follows, which amount shall be in addition to any compensation paid to the Construction Manager under Section 10.1.2:

- .2 Add the Construction Manager's Fee computed upon the Cost of the Work to the date of termination at the rate stated in Section 5.1 or, if the Construction Manager's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion, and

The Owner shall also pay the Construction Manager fair compensation, either by purchase or rental at the election of the Owner, for any equipment owned by the Construction Manager which the Owner elects to retain and which is not otherwise included in the Cost of the Work under Section 10.1.3.1. ## ARTICLE 1 GENERAL PROVISIONS

### § 1.1 BASIC DEFINITIONS

#### § 1.1.1 THE CONTRACT DOCUMENTS

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents included in the Project Manual, other documents listed in the Agreement and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, or (2) a Change Order, ~~(3) a Construction Change Directive or (4) a written order for a minor change in the Work issued by the Architect~~ Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding requirements.

#### § 1.1.2 THE CONTRACT

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

#### § 1.1.3 THE WORK

The term "Work" means all of the Contractor's obligations under the Contract Documents, including the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

#### § 1.1.4 THE PROJECT

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by separate contractors.

#### § 1.1.5 THE DRAWINGS

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules and diagrams.

#### § 1.1.6 THE SPECIFICATIONS

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

#### § 1.1.7 INSTRUMENTS OF SERVICE

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

#### § 1.1.8 INITIAL DECISION MAKER

The Initial Decision Maker if any is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2, and certify termination of the Agreement under Section 14.2.2.

### § 1.2 CORRELATION AND INTENT OF THE CONTRACT DOCUMENTS

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all, performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

~~§ 1.2.4 Drawings of work and other documents in the Contract Documents of any kind shall be prepared and delivered to the Contractor in accordance with the schedule of drawings provided. The Contractor shall not be responsible for any delay or non-compliance with the schedule of drawings or for any delay or non-compliance with the schedule of drawings or for any delay or non-compliance with the schedule of drawings or for any delay or non-compliance with the schedule of drawings.~~

### § 1.3 CAPITALIZATION

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles or (3) the titles of other documents published by the American Institute of Architects.

### § 1.4 INTERPRETATION

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

### § 1.5 OWNERSHIP AND USE OF DRAWINGS, SPECIFICATIONS AND OTHER INSTRUMENTS OF SERVICE

~~§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and will retain all common-law, statutory and other reserved rights, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with this Project is not to be construed as publication in derogation of the Owner's, the Architect's or Architect's consultants' reserved rights.~~

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors and material or equipment suppliers are authorized to use and reproduce the Instruments of Service provided to them solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers may not use the Instruments of Service on other projects or for additions to this Project outside the scope of the Work without the specific written consent of the Owner, ~~the Architect and the Architect's consultants.~~

### ~~§ 1.6 TRANSMISSION OF DATA IN DIGITAL FORM~~

~~If the parties intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions, unless otherwise already provided in the Agreement or the Contract Documents.~~

## ARTICLE 2 OWNER

### § 2.1 GENERAL

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. ~~The~~ Unless provided in the Agreement, the Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

~~§ 2.1.2 The Owner shall furnish to the Contractor within fifteen days after receipt of a written request, information necessary and relevant for the Contractor to evaluate, give notice of or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.~~

### § 2.2 INFORMATION AND SERVICES REQUIRED OF THE OWNER

~~§ 2.2.1 Prior to commencement of the Work, the Contractor may request in writing that the Owner provide reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the~~

~~Contract. Thereafter, the Contractor may only request such evidence if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) a change in the Work materially changes the Contract Sum; or (3) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due. The Owner shall furnish such evidence as a condition precedent to commencement or continuation of the Work or the portion of the Work affected by a material change. After the Owner furnishes the evidence, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.~~

§ 2.2.2 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3 7 1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities. ~~The Contractor shall provide information and documents to the Owner to assist in obtaining such permits and fees.~~

§ 2.2.3 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

§ 2.2.4 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services.

§ 2.2.5 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1 5.2.

### § 2.3 OWNER'S RIGHT TO STOP THE WORK

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6 1 3. ~~The Owner, by their order, shall be responsible and not a contractor or other person or entity, with respect to contract or filing.~~

### § 2.4 OWNER'S RIGHT TO CARRY OUT THE WORK

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents ~~or fails to correct such deficiencies~~ and fails within a thirty-day period after receipt of written notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such deficiencies. In such case an appropriate Change Order shall be issued deducting from payments then or thereafter due the Contractor the reasonable cost of correcting such deficiencies, including Owner's expenses **(including attorneys' fees and consequential or incidental expenses)** and compensation for the Architect's additional services made necessary by such default, neglect or failure. ~~Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect.~~ If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner **within thirty (30) days after request.**

### § 2.5 OWNER'S RIGHT TO AUDIT

~~2.5.1 The Contractor shall keep all accounting records, books, bills, receipts, invoices, and other documents relating to the Work, including but not limited to, all bills of material, subcontracts, purchase orders, and other documents, in accordance with the Contract Documents, and shall, upon request, provide to the Owner, or its duly authorized representative, access to such records, books, bills, receipts, invoices, and other documents, for audit purposes. The Contractor shall be responsible for the accuracy and completeness of such records, books, bills, receipts, invoices, and other documents. The Contractor shall be responsible for the accuracy and completeness of such records, books, bills, receipts, invoices, and other documents. The Contractor shall be responsible for the accuracy and completeness of such records, books, bills, receipts, invoices, and other documents.~~

## ARTICLE 3 CONTRACTOR

### § 3.1 GENERAL

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative. The Contractor is an independent contractor, and shall not be deemed an agent of the Owner for any reason.

§ 3.1.2 The Contractor shall perform the Work in strict accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of obligations to perform the Work in strict accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

### § 3.2 REVIEW OF CONTRACT DOCUMENTS AND FIELD CONDITIONS BY CONTRACTOR

§ 3.2.1 ~~Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed and correlated personal observations with requirements of the Contract Documents. Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, correlated personal observations with requirements of the Contract Documents, and has satisfied itself as to the nature and location of the work, the general and local conditions, including those bearing upon access (including partial or total restriction in access), transportation, disposal, storage, handling and storage of materials, availability of labor, water, electric power, roads and uncertainties of weather, ground water table or similar physical conditions of the ground, the character, quality and quantity of existing conditions to be encountered, the character of equipment and facilities needed prior to and during the prosecution of the work, and all other matters which can in any way affect the work or the cost thereof under this Contract. Any failure by the Contractor to acquaint itself with all the available information concerning these conditions will not relieve the Contractor from any obligations with respect to his Contract.~~

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.2.3, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering latent errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Architect any patent errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall make Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

~~§ 3.2.5 In the event of misinterpretation of the above with respect to the right, responsibility and authority of the Contractor to make Claims, the Contractor shall be responsible for providing such information to the Architect and the Owner and for making such Claims.~~

Contract Documents have been prepared by the Contract Documents Committee of the American Institute of Architects. The Committee is not responsible for the consequences of their use by the Contractor or its subcontractors.

### § 3.3 SUPERVISION AND CONSTRUCTION PROCEDURES

**§ 3.3.1** The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Contract, unless the Contract Documents give other specific instructions concerning these matters. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences or procedures, the Contractor shall evaluate the jobsite safety thereof and, except as stated below, shall be fully and solely responsible for the jobsite safety of such means, methods, techniques, sequences or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely written notice to the Owner and Architect and shall not proceed with that portion of the Work without further written instructions from the Architect. If the Contractor is then instructed to proceed with the required means, methods, techniques, sequences or procedures without acceptance of changes proposed by the Contractor, the Owner shall be solely responsible for any loss or damage arising solely from those Owner-required means, methods, techniques, sequences or procedures.

**§ 3.3.2** The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

### § 3.5 WARRANTY

The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will be of good quality and that it will conform to the requirements of the Contract Documents and will be free from defects, ~~except for those inherent in the quality of the Work the Contract Documents require or permit.~~ Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

### § 3.6 TAXES

The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend an equitable adjustment in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor in writing, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may proceed as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

- 2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and
- 3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

**§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.**

The superintendent shall be subject to the Owner's right to remove or replace without the prior written consent of the Contractor. The Owner shall have the right to require that the Contractor replace the superintendent if his/her performance is unsatisfactory to the Owner.

**§ 3.9.2** The Contractor, as soon as practicable after award of the Contract, shall furnish in writing to the Owner through the Architect the name and qualifications of a proposed superintendent. The Architect may reply within 14 days to the Contractor in writing stating (1) whether the Owner or the Architect has reasonable objection to the proposed superintendent or (2) that the Architect requires additional time to review. Failure of the Architect to reply within the 14 day period shall constitute notice of no reasonable objection.

**§ 3.9.3** The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

**§ 3.10 CONTRACTOR'S CONSTRUCTION SCHEDULES**

The Architect's approval shall not unreasonably be delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect. The Contractor shall coordinate all activities with the Architect and submit a submittal schedule and schedule of activities to the Architect for approval. The Contractor shall be responsible for coordinating all activities with the Architect and submit a submittal schedule and schedule of activities to the Architect for approval. § 3.11.1 The Contractor will make the Record Documents available for inspection by the Architect upon reasonable notice. Adequate maintenance of the Record Documents shall be a prerequisite to certification of the Contractor's application for payment.

### § 3.12 SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work

§ 3.12.3 Samples are physical examples that illustrate materials, equipment or workmanship and establish standards by which the Work will be judged

§ 3.12.4 Shop Drawings, Product Data, Samples and similar submittals are not Contract Documents. Their purpose is to demonstrate the way by which the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. The Contractor shall submit Product Data for all equipment and materials incorporated into the finished work. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve and submit to the Architect Shop Drawings, Product Data, Samples and similar submittals required by the Contract Documents in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of separate contractors

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples or similar submittals until the respective submittal has been approved by the Architect

**§ 3.12.8** The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples or similar submittals unless the Contractor has specifically informed the Architect in writing of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples or similar submittals by the Architect's approval thereof.

**§ 3.12.9** The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such written notice, the Architect's approval of a resubmission shall not apply to such revisions.

**§ 3.12.10** The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. The Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings and other submittals prepared by such professional. Shop Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor all performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review, approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Contractor shall not be responsible for the adequacy of the performance and design criteria specified in the Contract Documents.

### **§ 3.13 USE OF SITE**

The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

### **§ 3.14 CUTTING AND PATCHING**

**§ 3.14.1** The Contractor shall be responsible for cutting, fitting or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting and patching shall be restored to the condition existing prior to the cutting, fitting and patching, unless otherwise required by the Contract Documents.

**§ 3.14.2** The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or separate contractors by cutting, patching or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter such construction by the Owner or a separate contractor except with written consent of the Owner and of such separate contractor, such consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold from the Owner or a separate contractor the Contractor's consent to cutting or otherwise altering the Work.

### **§ 3.15 CLEANING UP**

**§ 3.15.1** The Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials from and about the Project.

The Contractor shall be responsible for the Work and shall be responsible for restoring the site to the condition existing prior to the commencement of the Work, and shall be responsible for the removal of all materials, equipment, machinery and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and Owner shall be entitled to reimbursement from the Contractor

#### § 3.16 ACCESS TO WORK

The Contractor shall provide the Owner and Architect access to the Work in preparation and progress wherever located

#### § 3.17 ROYALTIES, PATENTS AND COPYRIGHTS

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications or other documents prepared by the Owner or Architect. However, if the Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, the Contractor shall be responsible for such loss unless such information is promptly furnished to the Architect.

#### § 3.18 INDEMNIFICATION

§ 3.18.1 To the fullest extent permitted by law the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

### ARTICLE 4 ARCHITECT

#### § 4.1 GENERAL

§ 4.1.1 The Owner shall retain an architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

~~§ 4.1.2 Duties, responsibilities and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified or extended without written consent of the Owner, Contractor and Architect. Consent shall not be unreasonably withheld.~~

~~§ 4.1.3 If the employment of the Architect is terminated, the Owner shall employ a successor architect as to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.~~

#### § 4.2 ADMINISTRATION OF THE CONTRACT

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative during construction until the date the Architect issues the Final Certificate For Payment. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed,

and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for, the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents, except as provided in Section 3.3.1.

**§ 4.2.3** On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of and will not be responsible for acts or omissions of the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

**§ 4.2.4 COMMUNICATIONS FACILITATING CONTRACT ADMINISTRATION**

Except as otherwise provided in the Contract Documents or when direct communications have been specially authorized, the Owner and Contractor shall endeavor to communicate with each other through the Architect about matters arising out of or relating to the Contract. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and material suppliers shall be through the Contractor. Communications by and with separate contractors shall be through the Owner.

**§ 4.2.5** Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

**§ 4.2.6** The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.5.2 and 13.5.3, whether or not such Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, material and equipment suppliers, their agents or employees, or other persons or entities performing portions of the Work.

**§ 4.2.7** The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5 and 3.12. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

**§ 4.2.8** The Architect will prepare Change Orders and Construction Change Directives, and may authorize minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

**§ 4.2.9** The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8, receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more project representatives to assist in carrying out the Architect's responsibilities at the site. The duties, responsibilities and limitations of authority of such project representatives shall be as set forth in an exhibit to be incorporated in the Contract Documents.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information. If requested by the Architect, all requests for information shall be submitted to the Architect in a format acceptable to the Architect.

## ARTICLE 5 SUBCONTRACTORS

### § 5.1 DEFINITIONS

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a separate contractor or subcontractors of a separate contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

### § 5.2 AWARD OF SUBCONTRACTS AND OTHER CONTRACTS FOR PORTIONS OF THE WORK

§ 5.2.1 Unless otherwise stated in the Contract Documents or the bidding requirements, the Contractor, as soon as practicable after award of the Contract, shall furnish in writing to the Owner through the Architect the names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for each principal portion of the Work. The Architect may reply within 14 days to the Contractor in writing stating (1) whether the Owner or the Architect has reasonable objection to any such proposed person or entity or (2) that the Architect requires additional time for review. Failure of the Owner or Architect to reply within the 14 day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person or entity previously selected if the Owner or Architect makes reasonable objection to such substitution.

### § 5.3 SUBCONTRACTUAL RELATIONS

By appropriate agreement, written where legally required for validity, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, which the Contractor, by these Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

### § 5.4 CONTINGENT ASSIGNMENT OF SUBCONTRACTS

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that:

- .1 assignment is effective only after termination of the Contract by the Owner and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor in writing, and
- .2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

## ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

### § 6.1 OWNER'S RIGHT TO PERFORM CONSTRUCTION AND TO AWARD SEPARATE CONTRACTS

§ 6.1.1 The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the site, under Conditions of the Contract identical or substantially similar to these including those portions related to insurance and waiver of subrogation. If the Contractor claims that delay or additional cost is involved because of such action by the Owner, the Contractor shall make such Claim as provided in Article 15.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each separate contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with other separate contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, separate contractors and the Owner until subsequently revised.

## § 6.2 MUTUAL RESPONSIBILITY

§ 6.2.1 The Contractor shall afford the Owner and separate contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a separate contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly report to the Architect apparent discrepancies or defects in such other construction that would render it unsuitable for such proper execution and results. Failure of the Contractor so to report shall constitute an acknowledgment that the Owner's or separate contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work, except as to defects not then reasonably discoverable.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a separate contractor because of the Contractor's delays, improperly timed activities or defective construction. Alternatively, the Contractor shall pay separate contractors directly for such costs. The separate contractors Owner shall be responsible to the Contractor for costs the Contractor incurs because of a separate contractor's delays, improperly timed activities, damage to the Work or defective construction. For the purposes of facilitating this Section, the Contractor and separate contractors shall be deemed third party beneficiaries to each other's respective contracts with the Owner.

§ 6.2.4 The Contractor shall promptly remedy damage the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner, separate contractors as provided in Section 10.2.5.

§ 6.2.5 The Owner and each separate contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14

## § 6.3 OWNER'S RIGHT TO CLEAN UP

### § 7.3 CONSTRUCTION CHANGE DIRECTIVES

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order for the purposes of defining the change and how payment shall be calculated, but not for the purpose of approving payment.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

- .1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation,
- .2 Unit prices stated in the Contract Documents or subsequently agreed upon,
- .3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee, or
- .4 As provided in Section 7.3.7

§ 7.3.4 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed (i.e., by more than 25%) in a proposed Change Order or Construction Change Directive, so that application of such unit prices to quantities of Work proposed will cause substantial inequity to the Owner or Contractor, the applicable unit prices shall may be equitably adjusted.

§ 7.3.5 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.6 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.7 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the method and the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit (as stated in § 7.2.3) as set forth in the Agreement, or if no such amount is set forth in the Agreement, ~~in a reasonable amount.~~ In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting

data Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.7 shall be limited to the following

- .1 Costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and workers' compensation insurance;
- .2 Costs of materials, supplies and equipment, including cost of transportation, whether incorporated or consumed;
- .3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;
- .4 Costs of premiums for all bonds and insurance, permit fees, and sales, use or similar taxes related to the Work, and
- .5 Additional costs of supervision and field office personnel directly attributable to the change

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change

~~§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.~~

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

#### § 7.4 MINOR CHANGES IN THE WORK

The Architect has authority to order minor changes in the Work not involving adjustment in the Contract Sum or extension of the Contract Time and not inconsistent with the intent of the Contract Documents. Such changes will be effected by written order signed by the Architect and shall be binding on the Owner and Contractor

### ARTICLE 8 TIME

#### § 8.1 DEFINITIONS

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined

#### § 8.2 PROGRESS AND COMPLETION

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement the Contractor confirms that the Contract Time is a reasonable period for performing the Work

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, prematurely commence operations on the site or elsewhere prior to the effective date of insurance required by Article 11 to be furnished by the Contractor and Owner. The date of commencement of the Work shall not be changed by the effective date of such insurance

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion and Final Completion within the Contract Time. Unless provided elsewhere in the Contract Documents, Final Completion shall be completed within thirty (30) days following Substantial Completion.

### § 8.3 DELAYS AND EXTENSIONS OF TIME

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by an act or neglect of the Owner or Architect, or of an employee of either, or of a separate contractor employed by the Owner, or by changes ordered in the Work; or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Contractor's control, or by delay authorized by the Owner pending mediation and arbitration, or by other causes that the Architect determines may justify delay, then the Contract Time shall be extended by Change Order for such reasonable time as the Architect may determine

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15

§ 8.3.3 ~~This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents. Extension of Contract Time pursuant to this Article shall be the Contractor's sole and exclusive remedy for delay.~~

§ 8.3.4 ~~Extension of Contract Time resulting from Changes in the Work shall be negotiated into respective Change Orders. Whenever the Contractor seeks an adjustment in the Contract Time as part of a Claim or Change Order, the Contractor shall justify the request with proper reference to the approved construction schedules. All executed Change Orders shall be deemed to include adjustments in the Contract Time, if any, resulting from the underlying Change in the Work.~~

§ 8.3.5 ~~When the Contractor fails to complete the Work within the time established in the Agreement and for more than one inspection for each Substantial Completion and Final Completion, the Contractor shall reimburse the Owner for all Architect's fees for additional services necessitated by Contractor's failure to achieve Substantial Completion within the time established in the Agreement and for more than one inspection for each Substantial Completion and Final Completion.~~

## ARTICLE 9 PAYMENTS AND COMPLETION

### § 9.1 CONTRACT SUM

The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

### § 9.2 SCHEDULE OF VALUES

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit to the Architect, before the first Application for Payment, a schedule of values allocating the entire Contract Sum to the various portions of the Work and prepared in such form and supported by such data to substantiate its accuracy as the Architect may require. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. As such, approval of the schedule of values (and revisions thereto) shall be an absolute prerequisite to certification of the applications for payment.

### § 9.3 APPLICATIONS FOR PAYMENT

§ 9.3.1 ~~At least ten days before the date established for each progress payment, the~~ Contractor shall submit to the Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. Such application shall be notarized, if required, and supported by such data substantiating the Contractor's right to payment as the Owner or Architect may require, such as copies of requisitions from Subcontractors and material suppliers, and shall reflect retainage if provided for in the Contract Documents.

§ 9.3.1.1 As provided in Section 7.3.9, such applications may include requests for payment on account of changes in the Work that have been properly authorized by ~~Construction Change Directives, or by interim determinations of the Architect, but not yet included in~~ Change Orders

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or material supplier, unless such Work has been performed by others whom the Contractor intends to pay

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance

by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage and transportation to the site for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of the Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

§ 9.3.4 All Applications for Payment shall be accompanied by lien waivers from the Contractor and applicable Subcontractors. The lien waivers when taken together, shall equal the sum due under the respective Application for Payment.

§ 9.3.5 All Applications for Payment shall be accompanied by the Contractor's and Subcontractors' certified payrolls as required by the Illinois Prevailing Wage Act.

§ 9.3.6 Submission of properly executed lien waivers and the certified payrolls shall be absolute prerequisites to certification of the respective Application for Payment.

#### § 9.4 CERTIFICATES FOR PAYMENT

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either issue to the Owner a Certificate for Payment, with a copy to the Contractor, for such amount as the Architect determines is properly due, or notify the Contractor and Owner in writing of the Architect's reasons for withholding certification in whole or in part as provided in Section 9.5.1

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data comprising the Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated and that the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion and to specific qualifications expressed by the Architect. The issuance of a Certificate for Payment will further constitute a representation that the Contractor is entitled to payment in the amount certified. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

#### § 9.5 DECISIONS TO WITHHOLD CERTIFICATION

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, for failure of the Contractor to satisfy prerequisites expressly set forth in the Contract Documents and/or to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of

- .1 defective Work not remedied;
- .2 third party claims filed or reasonable evidence indicating probable filing of such claims unless security acceptable to the Owner is provided by the Contractor,

§ 9.7.4. Payment of

### § 9.7 FAILURE OF PAYMENT

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents the amount certified by the Architect or awarded by binding dispute resolution, then the Contractor may, upon seven additional days' written notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shut-down, delay and start-up, plus interest as provided for in the Contract Documents.

### § 9.8 SUBSTANTIAL COMPLETION

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

Formatted: Justified

The Work shall not be considered suitable for Substantial Completion unless all required systems, including, but not limited to, the Work as specified as designed and scheduled, all designed or required equipment, materials and components have been made and installed, designated if required by the Owner, in accordance with the specifications, and all final finishes within the Contract Documents are in place. In general, the only remaining Work shall be minor in nature so that the Owner could occupy the Work and the completion of the Work by the Contractor would not generally interfere or interrupt the normal and peaceful operation, maintenance and enjoyment of the Project. As a further condition, Substantial Completion requires the Contractor shall complete all remaining Work, including but not limited to, the following: following the Date of Substantial Completion, the Contractor shall secure and deliver to the Owner written warranties and guarantees from its Subcontractors, Sub-Subcontractors and suppliers having the date of Substantial Completion or another date as provided by the Owner and stating the nature of warranties required by the Contract Documents. The Contractor is responsible for the warranty of all Work, whether performed by itself or its subcontractors at any time. If the Contractor does not complete remaining work within **forty five (45) days** of Substantial Completion, Owner shall give the Contractor written notice of the remaining Work to be completed. If the Contractor fails to comply with such notice to be completed within seven (7) days of receipt of such notice, the Owner reserves the right to complete the remaining Work in accordance with such notice. Upon notice to the Contractor, all work ordered by the Owner shall have the effect of a final payment of the Contract Sum.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment (**the "Punchlist"**). Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion, shall establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance, and shall fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in such Certificate. Upon such acceptance and consent of surety, if

any, the Owner shall make payment of retainage applying to such Work or designated portion thereof as set out in the Agreement. Such payment shall be adjusted for Work that is incomplete or not in accordance with the requirements of the Contract Documents

§ 9.8.6. Upon Substantial Completion, via this Contract, the Contractor and applicable Subcontractors (via the subcontract flow-through provision(s)) assign all vendor and manufacturers' warranties to the Owner. The manufacturers' warranties shall be submitted to the Architect prior to submission of the final Application for Payment.

#### § 9.9 PARTIAL OCCUPANCY OR USE

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer as required under Section 11.3.1.5 and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

#### § 9.10 FINAL COMPLETION AND FINAL PAYMENT

§ 9.10.1 All Work depicted on the Contractor's Punchlist and thereafter identified in the Architect's inspection shall be completed within thirty days of issuance of the Certificate of Substantial Completion. Upon receipt of the Contractor's written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection and, when the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be canceled or allowed to expire until at least 30 days' prior written notice has been given to the Owner, (3) a written statement that the Contractor knows of no substantial reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment and (5), if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, releases and waivers of liens, claims, security

interests or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien. If such lien remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed and accepted, less retention. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

~~§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from:  
1. liens, Claims, security interests or encumbrances arising out of the Contract and unsettled;  
2. failure of the Work to comply with the requirements of the Contract Documents; or  
3. terms of special warranties required by the Contract Documents.~~

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor or material supplier shall constitute a waiver of claims by that payee except those previously made in writing and specifically identified by that payee as unsettled at the time of final Application for Payment.

## ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

### § 10.1 SAFETY PRECAUTIONS AND PROGRAMS

The Contractor shall be solely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of the Contract. ~~Neighbors, Owners and the Architect shall be held liable for any safety precautions or programs in connection with the Work.~~

### § 10.2 SAFETY OF PERSONS AND PROPERTY

§ 10.2.1 The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to

- .1 employees on the Work and other persons who may be affected thereby,
- .2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody or control of the Contractor or the Contractor's Subcontractors or Sub-subcontractors; and
- .3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

§ 10.2.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.

§ 10.2.3 The Contractor shall erect and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent sites and utilities.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under

Sections 10.2.1.2 and 10.2.1.3, except damage or loss attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.1.8.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

~~§ 10.2.8 INJURY OR DAMAGE TO PERSON OR PROPERTY~~

~~If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, written notice of such injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.~~

§ 10.3 HAZARDOUS MATERIALS

§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and report the condition to the Owner and Architect in writing.

§ 10.3.2 Upon receipt of the Contractor's written notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of such material or substance or who are to perform the task of removal or safe containment of such material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. The Owner and Contractor waive all claims and causes of action not commenced in accordance with this Section 13.7.~~

### ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

#### § 14.1 TERMINATION BY THE CONTRACTOR

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor or a Subcontractor, Sub-subcontractor or their agents or employees or any other persons or entities performing portions of the Work under direct or indirect contract with the Contractor, for any of the following reasons

- .1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped,
- .2 An act of government, such as a declaration of national emergency that requires all Work to be stopped,
- .3 Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents, or

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' written notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work

§ 14.1.4 If the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor or a Subcontractor or their agents or employees or any other persons performing portions of the Work under contract with the Contractor because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' written notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3

Maker Claims by ~~either party~~ **the Contractor** must be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the **Contractor claimant** first recognizes the condition giving rise to the Claim, whichever is later.

#### § 15.1.3 CONTINUING CONTRACT PERFORMANCE

Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents. The Architect will prepare Change Orders and issue Certificates for Payment in accordance with the decisions of the Initial Decision Maker.

#### § 15.1.4 CLAIMS FOR ADDITIONAL COST

If the Contractor wishes to make a Claim for an increase in the Contract Sum, written notice as provided herein shall be given before proceeding to execute the Work. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

#### § 15.1.5 CLAIMS FOR ADDITIONAL TIME

§ 15.1.5.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, written notice as provided herein shall be given. The Contractor's Claim shall include an estimate of ~~cost and its~~ probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary. For Claims for Additional Time, to the extent that an equitable extension of Time is warranted, such extension shall be the Contractor's sole and exclusive remedy.

§ 15.1.5.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated and had an adverse effect on the scheduled construction.

§ 15.1.5.3 For all Claims for Additional Time, the Contractor shall support such Claims in the same manner as supporting additional time for Change Orders.

#### § 15.1.6 CLAIMS FOR CONSEQUENTIAL DAMAGES

~~The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes~~

- ~~1—damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and~~
- ~~2—damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit except anticipated profit arising directly from the Work.~~

~~This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.6 shall be deemed to preclude an award of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.~~

#### § 15.2 INITIAL DECISION

§ 15.2.1 Claims **by the Contractor**, excluding those arising under Sections 10.3, 10.4, 11.3.9, and 11.3.10, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to ~~mediation, arbitration or litigation, as the case may be,~~ of any **Contractor** Claim arising prior to the date final payment is due, unless 30 days have passed after the Claim has been referred to the Initial Decision Maker with no decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The Initial Decision Maker will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the Initial Decision Maker concludes that, in the

Initial Decision Maker's sole discretion, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of such request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing, (2) state the reasons therefor, and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.

~~§ 15.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.2.6.1.~~

~~§ 15.2.6.1 Either party may, within 30 days from the date of an initial decision, demand in writing that the other party file for mediation within 60 days of the initial decision. If such a demand is made and the party receiving the demand fails to file for mediation within the time required, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.~~

§ 15.2.7 In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.

§ 15.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

#### ~~§ 15.3 MEDIATION~~

~~§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.6 shall be subject to mediation as a condition precedent to binding dispute resolution.~~

~~§ 15.3.2 The parties shall endeavor to resolve their Claims by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section 15.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.~~

~~§ 15.3.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.~~

#### § 15.4 ARBITRATION

§ 15.4.1 If the contract or a claim is not resolved by the Initial Decision Maker, all claims, disputes, and matters in controversy shall be subject to binding dispute resolution by arbitration administered by the American Arbitration Association. Surety shall be the contractor's agent for such dispute resolution out of the following:

arbitration shall be subject to the arbitration rules of the American Arbitration Association or the International Chamber of Commerce, unless the parties otherwise agree. Arbitration shall be administered in accordance with the rules of the institution selected by the parties, and the arbitration shall be conducted in accordance with the arbitration rules of the institution selected by the parties. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 45.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 45.4.1.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 45.4.1.3 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

4.1.2.1.1 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

4.1.2.1.4 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

**If the parties have selected arbitration as the method for binding dispute resolution in the Agreement, any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.**

**§ 45.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.**

**§ 45.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.**

~~§ 15.4.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement shall be specifically enforceable under applicable law in any court having jurisdiction thereof.~~

~~§ 15.4.4 CONSOLIDATION OR JOINDER~~

~~§ 15.4.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).~~

~~§ 15.4.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.~~

~~§ 15.4.4.3 The Owner and Contractor grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Contractor under this Agreement.~~

RE: Sabbatical Leave Applications

---

## BACKGROUND

As is the custom of the District and in keeping with the Collective Bargaining Agreement with Faculty Senate, the Board of Education receives applications for Sabbatical Leaves in the month of February. The Sabbatical review and approval process involves three phases:

- 1) The District Sabbatical Review Committee
- 2) The Superintendent
- 3) The Board of Education

This year there is one application for the Board of Education to consider from Avi Lessing. Mr. Lessing has been an English teacher with the District since 2003.

## SUMMARY OF FINDINGS

The District's Sabbatical Review Committee and Dr. Isoye have approved Mr. Lessing's application. We believe that he has successfully communicated his motives for the leave, the activities in which he plans to participate, and how the sabbatical will benefit him, the students, and his colleagues. Mr. Lessing has also demonstrated, through his previous activities, his commitment to professional growth and student achievement.

## Next Steps

The Sabbatical Committee and the Superintendent recommends the approval of the Sabbatical Leave request of Avi Lessing for the 2011-2012 school year.

1. What is your primary motive for requesting a sabbatical leave?

I hope to take a sabbatical leave from August of 2011 to June of 2012 to write my dissertation for a PhD in Curriculum Studies at UIC. I want my work to better ground me in pedagogical theory, create new curricula for my courses (and potentially the school), and allow me to reflect deeply on my teaching practice. Under the mentorship of William Ayers, Distinguished Professor of Education and Senior University Scholar (now retired), I have recently finished my coursework at the University. Dr. Bill Schubert, a renowned scholar in the field and author and editor of over 20 books, is my doctoral advisor on my PhD research project.

My work will focus on the field of Social Emotional Learning (SEL) and how it can impact student learning. This long-held interest, has already led to the emergence of a new course, Experiments in Reading Literature and the World ("Experiments"), which I began teaching in 2005. The course strives to reach students on intellectual, emotional, intuitive, and kinesthetic levels, and has positively impacted hundreds of seniors already. Students often say it was the place where they understood how their own lives were bound with the lives of their classmates. Moreover, the SEL techniques I have learned have enhanced my effectiveness in all of my courses. SEL addresses and removes obstacles that so often stymie students. More and more research shows the interconnectedness of academic learning and SEL, and many studies show enormous benefit to high school students when teachers directly incorporate SEL in academic classes (CASEL). I imagine further research in the field will foster a stronger SEL framework (for both my classes and the school) that will expand students' capacity for learning.

2. What are the activities in which you plan to participate and the goals of each activity? (Indicate approximate amount of time to be spent on each activity.)

Since all of the necessary coursework as well as the preliminary exam, proposal, and oral preliminary exam will have been completed by the fall of 2011, the primary activity of the sabbatical will be to write my dissertation. The dissertation will be a qualitative, case study of my classroom experiences. I want to examine how teachers and students encounter each other from often shifting ways of knowing and then examine the scenarios and situations that make them change. This research will hopefully offer educators some long-term strategies and moment-to-moment tactics to address issues such as self-awareness, social-awareness, and decision-making.

First quarter I will write a literature review, an in-depth study of what others have said in the fields of SEL, phenomenology, and Curriculum Studies. In the winter, I will develop my theoretical framework: my plan is to critique the way progressive education glosses over some of the difficulties of SEL and in effect discredits its aims. Also, in the winter, I plan to systematically interview former students to discern how they made meaning in my classroom and whether their sense of those experiences has shifted through the years. I am particularly curious about the way the institution of school impacted their perceptions. Those interviews will explore the moments when their own understanding of their learning, their classmates, or their teacher changed and how they articulated that shift. These interviews (conducted both in groups and one-on-one) will serve as the data set of my case study. The bulk of the dissertation will be written in the winter and early spring. The summer will be

spent taking what I have learned and implementing it into the curriculum of the courses I will be teaching. In addition, I will have begun to conceive of ways to integrate SEL school-wide (I can outline some of those ideas to the committee if desired.).

3. How will your sabbatical leave be of benefit to you, your students, and your colleagues?

I have no doubt that the sabbatical would make me a substantially better teacher at OPRF. After teaching for more than a decade, I have become aware of my weaknesses and am intent upon addressing them. A sabbatical devoted to academic research and writing would enable me to implement curricular work that would increase my impact on student achievement and sharpen my technique in the classroom. When I return with promising ideas and methods drawn from my research and writing, I will have gained even greater command of how SEL can fit into the scope and sequence of curriculum, evaluation, and learning theory.

The sabbatical will also directly affect my teaching and students in a more immediate way. The act of writing such a sustained piece will improve the writing instruction I provide in my English classes. I agree with Peter Elbow, former department chair of the University of Massachusetts' writing program, who often lamented that teachers could not offer effective writing instruction unless they themselves wrote. I know all of the members of my learning team from last year, Teachers Who Write, benefited from the act of analyzing our own writing in conjunction with understanding how students construct written pieces. Teachers who engage in the very activities they ask of their students become attuned to the requirements of strong writing and intimately familiar with obstacles that students must negotiate to become skilled, confident writers. In writing a book length dissertation, I will continue to practice the skills that I want to impart to my students: storytelling, argumentation, research, conferencing, revising, and editing.

The sabbatical will also offer benefits for my colleagues including the two teams I teach in, departmental learning teams, and the inter-divisional connections I have enjoyed with teachers in mathematics, theater, and history. Grants that I have received from the school have proven helpful to my colleagues, since whatever knowledge I gained was immediately shared with co-teachers or learning team members. Just as I can say without qualification that James Bell has made me a better crafter of lesson plans and that Mike Soffer has helped me implement backward design in all my classes, I know that they would similarly express how I have helped them reach more students, be more innovative, and reflect more deeply about their teaching practice. A sabbatical would make those benefits less incalculable and more deliberate. Those teams could serve as exemplars of how to inculcate SEL within an existing curriculum.

Just as we need teachers to do further study in their subject area, we need teachers to do in-depth training in Curriculum Studies, particularly SEL. It is crucial to reflect systematically on the significant curriculum questions. What knowledge is worth having? How do we teach what is worth knowing? How do we know when students have internalized that knowledge? What obstacles do students face in the pursuit of that knowledge? How do we develop student capacity for resilience? How as teachers do we understand and respond to students' resistance? My study will offer meaningful insight to those questions and can be a valuable resource to my

colleagues. Research shows that “schools that help students and staff develop greater social and emotional competence, in turn help ensure positive short- and long-term academic and personal outcomes for students, and higher levels of teaching and work satisfaction for staff”(CASEL). After my sabbatical, I will be in a strong position to help the school fulfill SEL state standards. We need to systematically implement SEL across the curriculum and this work could be a springboard towards such an effort.

**4. How do you intend to share the information gained from your sabbatical leave with the school community?**

Teaching, at its best, is as an endless, open, and honest process of collaboration, reflection, productive work, and feedback. I anticipate sharing my work both formally and informally in a number of ways:

- In my team teaching
- With the SEL team Jeremiah Wiencek has assembled
- With Amy Hill and her work around our school’s climate and mission
- With Dan Cohen around training the department in SEL
- With Cindy Milojevic planning class assemblies (this has already begun; see below)
- With Peter Kahn and his student mentoring program
- With Judith Lopez assembling SEL resources for students in the library, and
- With students engendering greater transparency in curricular, methodological, and pedagogical choices.

My hope, in addition, is to convert the dissertation into a published book that can be useful to colleagues in discussion, planning, and teaching. I am confident that my training and record of publication have put me in a position to succeed. My college honors thesis, a 108-page essay on how my experiences in college with death<sup>1</sup> mixed reflection on personal experience with academic research. In recognition of its quality the supervising committee conferred upon me the honor of magna cum laude. My most recent paper, titled “A Soft Approach to Hard Teaching,” was published last year in the *Handbook of Social Justice in Education*, edited by William Ayers, Therese Quinn, and David Stovall. In addition, Dr. Ayers and Rick Ayers, a professor at University of San Francisco, wrote a book entitled *Teaching the Taboo* in which one chapter considers some of the innovations I have made in the classroom.

My hope is that a book of essays I write will make its own contribution to the field of Curriculum Studies and will clarify some of the techniques available to teachers attempting to do SEL work in the classroom. I hope this book, like the work of so many of my colleagues, will bring local, state-wide, and national prominence to Oak Park River Forest High School (OPRF) as one of the few large, public high schools with a diverse population doing cutting edge work. It could make us a “beacon” school in yet another way.

**5. What efforts have you made in the last five years to enhance your professional growth and/or to contribute to the district’s efforts beyond your basic job responsibilities?**

---

<sup>1</sup> Within six months of my junior year in college my freshmen year roommate died of a brain tumor, my father got prostate cancer, my two best friends were hit by a car and one was killed, and I developed a tumor in my neck.

As a teacher I believe I should do everything I can to meet the expectations of my students and this community. For that reason, I have always taken advantage of the opportunities to engage in extended professional learning through OPRF's teacher grant program. I have benefited from leadership training opportunities in Oregon (Inquiry Based Learning), Colorado (Matrix Leadership), Philadelphia (Westtown Seminar) and Illinois (Internal Family System). In addition, I have attended several other leadership conferences and met with people from Collaborative for Academic, Social and Emotional Learning (CASEL) which later led to a learning team I proposed that included reading in SEL.<sup>2</sup> In theater, I have benefited from training at Second City, Improv Olympic, and courses in directing through Chicago Dramatists. All of this is in addition to the professional development I have gained through the PhD program at UIC.

In terms of what I have offered the district, over the last five years I have directed a play each year and twice during the summer. My work has included challenging plays such as Ionesco's *Rhinoceros* and Pirandello's *Five Characters in Search of an Author*, as well as less conventional work including an original Improv show. These different kinds of plays in both style and content – experimental, traditional, intellectual, and original – have consistently been rewarding experiences for the students involved. In much of my extra-curricular work with youth, the students become part of ensembles that are often life changing. Students continually comment to me that they remain a support group to one another well after the production has passed. Here is one direct way SEL impacts both student experience and outcome. Their experience with one another and me impacts their level of performance.

One piece I directed, a documentary play — *Fires in the Mirror*<sup>3</sup> — generated a larger response within the school. Then Superintendent Sue Bridge requested that it be remounted as an Institute Day presentation. The themes of the play – understanding difference and conflict through a multitude of voices and perspectives – resonated with the school's mission of equal voice and equity. In addition, for all of the performances, I coordinated several guest facilitators (including Dr. David Stovall from UIC) to lead post show discussions on how the motifs the play confronts – power, race, difference – exist at OPRF. It was a powerful way to validate student voices (particularly of color) and engage us in a collective conversation about equity in the school.

Lastly, in terms of theater, for many years I facilitated a club – Documentary Theater Ensemble – that combined storytelling, improvisation, and movement. This club, since it did not require auditions, brought in different groups of students from the school with quite a range of talent and experience. At its height it drew 30 students a week and offered a safe setting chance for students to reflect meaningfully on their past experiences. The club later turned into the Young Visionaries whose mission was to effect positive change in the school. That group, using Open Space Technology, helped lead an Institute Day organized by Amy Hill that sought to engage faculty and students in community wide conversation about issues of concern and opportunities for change in the school.

---

<sup>2</sup> Daniel Goleman's *Social Intelligence* is a particularly good resource

<sup>3</sup> A quick summary: the play composed entirely of material derived from interviews explored the causes and after-effects of the 2001 Crown Heights Race Riots.

I have consistently sought to champion student voices and deepen their sense of voice and access at the school. For example, through a class assembly I helped lead with Jason Dennis last year (he produced, I directed) a group of students assembled every day at lunch for four weeks discussing their experiences of high school, and generating stories from their life that would connect with the student body. Together we crafted, edited, and rehearsed their pieces. We then inter-spliced and staged them. The students memorized the pieces before eventually performing them for their peers. Most importantly they led the discussion afterwards. This approach marked a shift from the way class assemblies had been run. The students courageously spoke about taboo subjects – race and class, sexual orientation, bullying, and teacher student conflict. This year, Cindy Milojevic and others continued with a similar format. We will meet in January to discuss how to continue the format and institutionalize our efforts.

In addition, with the help of a grant from the school and coordination of Steve Gevinson and Don Vogel, I visited New Trier several time over a year in order to help implement the Student Instructional Leadership Corps (SILC) program and to help bring portfolio design and assessment to our English department. The SILC program has been highly successful at our school, offering more opportunities for one-on-one tutoring and mentoring, while forging greater connections between older and younger students. The portfolio design has offered a way to measure student progress in writing as well as promote uniform assessment across the department. It has been an effective way of meeting Response to Intervention (RTI) standards for ongoing assessment that measures change and integrates students into the feedback loop.

My focus, since I arrived at the school, has been to foster community and create equity by making connections with students, colleagues, parents, and administrators. I brought together parents (including Francis Kraft, whose mentoring program has been implemented), teachers, administrators, school counselors, and principals to talk about how to integrate the work of SEL into the core curriculum. On many occasions I have created opportunities in my classes for students to present in authentic rhetorical situations such as the *Odyssey Project* and the *Parent Project* (in both projects students created monologues based on interviews that they performed in front of their interviewees). They have been successful examples of how SEL and skill development can happen simultaneously.

I have also been a part of an ongoing effort to bring training to students on issues around mental health in conjunction with the non-profit Erasing the Distance. We need only recall recent local and national events to know that mental wellness in the school is vital. I have presented on that very topic — and how to integrate SEL into curriculum — at the Progressive Education Network conference, at the IFS conference in Lake Bluff, at the CASE conference, at the Theater of Oppressed conference in Omaha, and with James Bell at NCTE, in New York.

Finally, I have served on several summer curriculum projects – vocabulary, SEL, SILC, and most recently the RTI planning committee, in which Ginger Brent and I worked on speaking and listening goals. After considering each state goal and writing our own, we realized that we must teach listening as a discernible skill, separate from reading and writing. Most recently, Mike Soffer and I gave a

presentation to the faculty on experimenting with RTI evaluative techniques in the classroom.

As a teacher at OPRF, I have tried to advocate for and create spaces, opportunities, and curricula that make students' experiences at the school positive and enriching. This sabbatical will increase my capacity to meet the challenge of understanding how to strengthen the connection between student wellness and academic outcomes to create positive change in the school. That work has often been complex, and has never been easy, but I think it has benefited the school, its students, and without question, me, as a teacher and human being.

6. Will you receive any type of outside grant or remuneration as a result of your sabbatical activities? If so, please indicate the amount.

No remuneration exists for my planned sabbatical activities.

The regular Board meeting of the Board of Education of the Oak Park and River Forest High School was held on Thursday evening, January 27, 2011, in the Board Room.

- Call to Order** Vice President Allen called the meeting to order at 7:04 p.m. The following Board of Education members were present: John C. Allen, IV, Jacques A. Conway, Terry Finnegan, Dr. Ralph H. Lee, Dr. Dietra D. Millard (attended electronically until 8:00 p.m.), Amy McCormack, and Sharon Patchak-Layman. Also present were: Dr. Steven T. Isoye, Superintendent; Michael Carioscio, Chief Technology Officer; Amy Hill, Director of Assessment and Research; Philip M. Prale, Assistant Superintendent for Curriculum & Instruction; Nathaniel L. Rouse, Principal; Lauren M. Smith, Director of Human Resources; Cheryl L. Witham, Chief Financial Officer and Treasurer; James Paul Hunter, FSEC Executive Committee Chair; Katrina Vogel, Student Council Liaison; and Gail Kalmerton, Executive Assistant/Clerk of the Board.
- Visitors** The Board of Education welcomed the following visitors: Kay Foran, Communications and Community Relations Coordinator; Dr. Tina Halliman, Director of Special Education; David Zimmerman of the *Trapeze*, Peggy Swanson of the League of Voters, Liz Robinson, Co-chair of Citizens' Council; John Bokum, John Phelan, and Maggie Skiver, Board of Education candidates; Terry Dean of the *Wednesday Journal*.
- Changes to the Agenda** Changes included: 1) public comments were moved head of the Board of Education's comments, and 2) Approval of Policy 4015 for first reading was removed from the agenda.
- Status of FOIA Requests** Mr. Allen reported that one FOIA request had been received and resolved.
- Visitor Comments** No comments.
- Board of Education** Ms. Patchak-Layman spoke about three issues:
- 1) Communication to parents about changes made to a student's schedule mid-year, including non-core classes. She had received feedback from parents about changes made without notification to them or to the students.
  - 2) Do course recommendations reflect the Board of Education's goal of allowing all students to work at their highest and best? Colleges no longer look as intently at a student's scores but instead at whether the student is a "good fit" for the school. OPRFHS' selection process does not include direct contact with students prior to making the recommendation. While there is an over-ride system in place, the placement is made before the school knows who the student really is.
  - 3) More student involvement and participation in civics was important. None of the issues that come before the Board of Education is discussed with the Student Council Board Liaison Representative. Because the goals are to peak student curiosity and have students intellectually explore

things, i.e., through groups or teams, adults should model what is already being done for students.

Mr. Allen attended a meeting with the parents of the girls on “the list,” representatives of the high school, and the Oak Park and River Forest Police Departments. He was struck by the parents’ civility and the support that the students gave to each other and using this event as a way to grow.

### **Student Council**

Student Council representative Katrina Vogel reported:

- 1) In response to the comments made by the administration about “the list,” on January 28, clubs, sports, faculty, and staff would be wearing T-shirts printed with the word RESPECT on them. In addition, the Star Club would write anonymous notes of encouragement to post on a bulletin board.
- 2) Student Council is seeking one representative from each club in order to be as diverse as possible.
- 3) Student Council will also have conversations about current issues, e.g., closed campus, etc.
- 4) The theme for the King of hearts Dane is Superheroes. Students will help donate to the Heart Association Found by purchasing the delivery of “crushed cans” to someone.

### **Principal Report**

Principal Rouse reported that second semester started relatively smoothly and he congratulated the faculty on successfully closing first semester. Grades are accessible online and grade reports will be mailed home on January 28, 2011.

Regarding eighth-grade transition, Principal Rouse stated that residency verification for eighth-grade families was due the following week and that the Class of 2015 Open House was scheduled for Wednesday, February 2, from 6-8 pm in the Fieldhouse. He thanked Cindy Milojevic for organizing this event. Incoming students will have the opportunity to take a self-guided tour and all academic departments will be represented.

He also congratulated the OPRFHS Huskie Speech Team for its performance the week of January 15 at the Rolling Meadows High School Invitational Speech Tournament for taking 6<sup>th</sup> place out of 26 schools. It will also participate on Saturday, January 29, at Warren Township High School in Gurnee, Ill.

In an effort to establish more positive meaningful relationships with students, Mr. Rouse will begin hosting “Pizza with the Principal” once a month during lunch periods so that students have the opportunity to discuss topics relative to learning environment issues.

### **District Reports**

Citizens’ Council— Liz Robinson, co-chair of Citizens’ Council reported the following:

- 1) Ron Orzel will be the Council’s new chair.
- 2) The PAC subcommittee was composed of a broad group of people.
- 3) The proposed energy policy was presented;
- 4) The communication strategy for the school and the vehicles that are available; and
- 5) Next month’s meeting is February 10.

BOOSTER—Ms. McCormack reported 1) 650 Student Directories still available for purchase, planning for its annual dinner dance at Concordia University was underway

and 3) Cathy Yen was the new performing arts chairperson who was putting together a committee of parents from various groups.

Alumni Association—The Alumni Association has two new board members, Scott Dunnell (a 1971 Graduate) and Claire Walter (a 2003 graduate and faculty member). Its board members are to take part in the conversations about closed campus. A lengthy discussion about summer grants occurred and the Alumni Association was hopeful that enough funds to provide at least a portion of summer programs for approximately fifty students and Alumni Association membership renewal.

Concert Tour Association—Ms. Patchak-Layman reported that the CTA spoke about procedures for granting special monetary requests for programs for students as its treasury has additional money because it did not need to put deposit downs for the Orchestra and Marching Band trips. CTA is also beginning a strategic planning process for the organization to develop direction and ideas for the coming years.

Faculty Senate—Mr. Hunter appreciated Mr. Rouse's comments as the faculty was working hard to close the semester and he thanked Mr. Allen for his comments.

## **Superintendent Report**

Dr. Isoye made the following comments.

He too acknowledged that our community was hit hard with the coverage of the unfortunate incident targeted at the District's female students. The community is working to move forward and work towards a better way of having the students see the ramifications of this behavior. He thanked the faculty and staff, students, and parents for their support as the administration moves forward.

Dr. Isoye attended the Oak Park Council of Governments meeting.

Dr. Isoye attended a West 40 meeting for area superintendents where he learned about the most recent pieces of legislation passed by the state legislators from the executive director of the Illinois Association of School Administrators.

At a recent Rotary meeting, Dr. Isoye sat with Jan Pate of the YMCA and he met her special guests from Kosovo who were leaders studying Oak Park's local governance model through the YMCA and many other multiple agencies.

Dr. Isoye attended the Illinois State Board of Education Performance Evaluation Advisory Committee as an appointed member. This committee is working to advise the state on ways to support the new legislation in regards to evaluation of teachers and principals and a state model to assist boards when they begin to discuss adopting these evaluation systems.

The OPRFHS Administration continued its ongoing discussions with the Village of Oak Park about emergency plans.

Dr. Isoye attended the High School/College Partnership with area high schools that have students who matriculate to Triton. Triton also attended. Discussion included the various programs supported by this partnership and the work of the Des Plaines Valley Region, our partners in education, employment, and lifelong learning.

On January 29, Dr. Isoye will attend a law conference hosted by Franczek, Radelet. On the same day, many of the other administrators will attend the Northwest Personnel Administrators Association teacher recruitment fair at the Rosemont Conference Center.

Dr. Isoye attended a special meeting at the Boeing Company as it collaborates with the US Naval Academy on its outreach efforts to attract minority youth from the Chicago Metropolitan Area. Opportunities available to students through the Naval Academy are numerous and include a tuition-free education at the fifth best undergraduate engineering school in the country. One of the greatest challenges facing the Academy is the ability to identify, attract, mentor, and retain qualified minority candidates. He will participate in the conversation as it looks to broaden their scope.

The Board of Education's Committee meetings will be Monday and Tuesday, February 14 and 15, as Dr. Isoye will be attending the AASA Conference later that week.

**Consent Items**

Mr. Finnegan moved to approve the consent items as follows:

- the Check Disbursements and Financial Resolutions dated January 27, 2011;
- the Treasurer's Report for December 2010;
- the Monthly Financials for December 2010;
- Authorization to Prepare Amended FY 2011 Budget;
- Authorization to Prepare FY 2012 Tentative Budget;
- the CDARS Deposit Placement Agreement;
- the Comcast Contract for increased bandwidth;
- the Food Service Bid for Commodities; and
- the agreement with Konica;

seconded by Ms. McCormack. A roll call vote resulted in five ayes. Motion carried. Dr. Millard had departed.

Ms. Patchak-Layman made a request to receive copies of legal bills received by the District.

**Policy 4113**

Mr. Allen moved to amend Policy 4113, Certified Personnel-Certification, as presented; seconded by Dr. Lee. A roll call vote resulted in five ayes. Motion carried. Ms. McCormack was absent from this vote and Dr. Millard had departed.

**Policy 4122**

Mr. Conway moved to approve Policy 4122, Substitute Teachers, for First Reading, as presented; seconded by Dr. Lee. A roll call vote resulted in five ayes. Motion carried. Ms. McCormack was absent from this vote and Dr. Millard had departed.

**Gifts & Donations**

Mr. Finnegan moved to accept with gratitude the gifts and donations as presented (attached to and made a part of the minutes of this meeting); seconded by Dr. Lee. A roll call vote resulted in six ayes. Motion carried. Dr. Millard had departed.

**Architectural Services**

Ms. McCormack moved to approve the contract with Legat Architect for architectural services; seconded by Mr. Finnegan. A roll call vote resulted in three ayes and three nays. Motion failed. Ms. Patchak-Layman, Mr. Allen, and Dr. Lee voted nay.

Last month the District approved Legat Architect as the architect of record. Ken Florey of Robbins Schwartz Nicholas Lifton and Taylor, Ltd. is the legal counsel who is negotiating a contract, which will define the duties and responsibilities between the architect and a future construction manager, as well as strengthen the District's position. Approval would have allowed the negotiating process to continue in order to prepare for summer 2011 projects. The attorney made the recommended amendments.

Several Board members felt it was more prudent to wait until the fees for the extra services could be included in the contract before approving it, understanding there would be some time delay. Ms. Witham will also ask the attorney to strengthen the contract language regarding the use of environmentally designed alternatives and soliciting a diverse workforce per Board of Education member requests.

Ms. Witham suggested that the costs would be less, between 7% to 8.5%, and that negotiations were occurring on the 2011 projects and planning for those in 2012, which will be brought to the Board of Education soon.

Ms. Witham gave the example of a public versus a nonpublic bid as referenced in the contract. Should asbestos be found and in need of removal, a proposal would be provided but it did not have to be bid out. Legat would help the District to understand the proposal and, if appropriate, test for services, and monitor the work.

A complete contract will come back to the Board of Education for approval at its Special Board meeting on February 15, 2011.

**School Energy Efficiency Project Grant**

Mr. Finnegan moved to approve the application for the School Energy Efficiency Project Grant; seconded by Ms. McCormack. A roll call vote resulted in six ayes. Motion carried. Dr. Millard had departed.

Legat Architects assisted in the submission of this ISBE School Energy Efficiency Proposal Project Grant. The caveat is that the ISBE may not have enough funds to meet all of the application requests and, thus, the District may not be selected as a recipient.

**2011 Summer School**

Mr. Finnegan moved to approve the Summer School Stipends, Tuition and Dates (Schedule C); seconded by Ms. McCormack. A roll call vote resulted in three ayes and three nays. Motion failed. Ms. Patchak-Layman, Dr. Lee, and Mr. Conway voted nay. Dr. Millard had departed.

Mr. Allen moved to approve the Summer School Stipends, Tuition and Dates (Schedule A); seconded by Mr. Conway. A roll call vote resulted in four ayes and two nays. Mr. Finnegan and Ms. McCormack voted nay. Motion carried. Dr. Millard had departed.

Stipends: No increase  
Dates: June 15 through July 22, 2011  
Tuition: \$180.00

**Advisory Leadership Team**

Ms. Patchak-Layman moved to approve the moved to accept DLT's recommendations to the Board of Education concerning the ALT with the amendment that rather than have four community members, they would be representatives of the Boosters, APPLE, Citizens' Council, and the Alumni Association; seconded by Dr. Lee. A roll call vote resulted in four nays and two ayes. Ms. Patchak-Layman and Dr. Lee voted aye. Dr. Millard had departed.

Ms. Patchak-Layman wanted parents to be part of this process, as they understood the school, had the financial expertise, and were willing to do the work. Citizens' Council was always available to be part of things and it would positive for the community to be included. She also opposed it being a closed process. While understanding her purpose, Mr. Allen felt her concerns would be met through presentations to the Board of Education. Ms. Patchak-Layman asked if the Board of Education intended to amend its original motion last month approving the FAC Report because it said this committee would advise and report to the Board of Education. This recommendation is a change from that which the Board of Education had approved. If its purpose is advisory to the Board of Education, then one cannot legislate that it be a closed meeting. Ms. Witham responded that the FAC would report monthly to the Board of Education via a committee meeting.

Mr. Hunter appreciated the interest in specifying from where the committee members came. The reason that the committee has worked so well is that people from different arenas have been present. Mr. Isoye stated that the original intent of FAC was to look for committee members who had a deep understanding of future planning and this model allowed for flexibility. Ms. Patchak-Layman reiterated that the expertise already existed within all of the parent groups.

Mr. Conway moved to approve the Superintendent's recommendation for the Structure of the Advisory Leadership Team, as presented; seconded by Ms. McCormack. A roll call vote resulted in five ayes and one nay. Motion carried. Ms. Patchak-Layman voted nay and Dr. Millard had departed.

**Personnel Recommendations**

Dr. Lee moved to approve the personnel recommendations, as presented; seconded by Ms. McCormack. A roll call vote resulted in five ayes. Motion carried. Mr. Conway as absent from this vote and Dr. Millard had departed.

The tutor in the In-school Suspension Center is a non-certified position because it is similar to that of an aide who provides educational support. When the job description was written 10 years ago, it was classified as a CPA position. The present job description is aligned with the previous one.

**Ratification and Adoption**

Mr. Allen moved to approve the Ratification and Adoption of Written Assurances of Provisions, as amended; seconded by Dr. Lee. A roll call vote resulted in five ayes. Motion carried. Mr. Conway was absent from this vote.

Page 126, Item B: Delete “and the Principal of the High School.”

Ms. Halliman reported that the District’s attorney had recommended the amendments to the Written Assurances of Provisions so that it was aligned with the law. The last part of this document includes procedures that not only comply with the law but also go beyond it. Realignment will occur again when there is a change in the law or in the District’s procedures. The ISBE in Springfield will keep a copy of this.

Discussion ensued about aligning the Board of Education Policy 6500, Special Education, to these as well.

**Minutes**

Mr. Finnegan moved to approve the open and closed session minutes of December 16, 2010, and January 5, and 18, 2011 a Declaration that the Audiotapes of the closed sessions in April 2009 be destroyed; seconded by Dr. Lee. A roll call vote resulted in five ayes and one nay. Ms. Patchak-Layman voted nay and Dr. Millard had departed ayes. Motion carried.

Ms. Patchak-Layman regularly votes no because the Board of Education does not have a process to review the closed session tapes.

**School Calendar  
2011-12**

Mr. Finnegan moved to approve the school Calendar for the 2011-12 school year, as presented; seconded by Dr. Lee. A roll call vote resulted in five ayes. Mr. Conway was absent from this vote. Motion carried.

Mr. Allen appreciated the fact that the District would honor Veterans’ Day on the actual national holiday date.

**Superintendent  
Contractual Goals**

Dr. Lee moved to approve the indicators of measure to be included in Appendix B of the Contract between Dr. Steve T. Isoye and the Board of Education dated April 15, 2010 and amended September 23, 2010, as presented; seconded by Ms. McCormack. A roll call vote resulted in six ayes. Motion carried. Dr. Millard had departed.

As this was the first year of the contract, Ms. Patchak-Layman stated that these transitional indicators. She hoped that they would be more specific in the future, so that the community can pinpoint the work being done through the indicators.

**Closed Session**

At 8:40 p.m., on Thursday, January 27, 2011, Mr. Allen moved to go into closed session to discuss The appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the District or legal counsel for the District, including hearing testimony on a complaint lodged against an employee or against legal counsel for the District to determine its validity. 5 ILCS 120/2(c)(1), as amended by PA.93—57; Litigation, when an action against, affecting or on behalf of the particular District has been filed and is pending before a court or administrative tribunal, or when the District finds that an action is probably or imminent, in which case the basis for the finding shall be recorded and entered into the closed meeting minutes 5 ILCS 120/2(c)(11); Collective negotiating matters between the District and its employees or their representatives or deliberations concerning salary schedules for one or more classes of employees. A roll call vote resulted in five ayes and one nay. Motion carried. Ms. Patchak-Layman voted nay. Dr. Millard had departed.

**B&G Letters of Agreement**

No action was taken.

**Rescission of Personnel Recommendations**

Mr. Finnegan moved to rescind the personnel recommendations; seconded by Mr. Conway. A roll call vote resulted in six ayes. Motion carried. Dr. Millard had departed.

**Student Discipline**

Mr. Allen moved to expel Student EXP 02/08/11-07 through August 2012 but to hold the expulsion in abeyance pending successful completion of an alternative educational setting with appropriate social and emotional counseling, and social probation, which includes being banned from all activities.
