### Montgomery High School

Montgomery High's Vision and Mission Statements Montgomery High School is an International Baccalaureate High School, one of 2,300 worldwide to offer this most rigorous high school education. The aim of all IB schools is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet help to create a better and more peaceful world. We continue our strong tradition of academics, athletics and student involvement in the community. We emphasize relationships, rigor, relevance, and responsibility in our daily work. We are known as the Viking Family: all students can find a home here and all are challenged to their highest potential. Every student has the opportunity to engage in challenging work by building an instructional framework that supports the curriculum design by engaging in a collaborative school culture of learning.
