

Student Council News May 2023

Student Council will be sponsoring a food drive during the month of May. Canned goods will be collected during the weeks of May 22nd and May 29th leading up to our annual Field Day on June 2nd. We are challenging each class to bring in as many items as they can. The class that brings in the most items will get an extra 15 minutes on the inflatable obstacle course that will be provided for the day by our fabulous PTO. Students should bring their canned good items directly to their own classrooms so that they can be counted on a daily basis. All items that are collected will brought to the Woodbury Food Bank to benefit our local community.

Thank You in advance to contributing to help our local community.
