Once the lottery is complete and the enrollment roster is finalized, remaining applicants will be placed on a waitlist for the applicable school year only. Applicants must reapply annually. The order of the waitlist will be established for each grade by lottery, based on the same priorities listed above. Should a space become available, the first person on the waitlist will be contacted via phone. From the date of first contact, 5 days will be given to receive a call back. If contact is not made within that time, the next person on the waitlist will be contacted.
